Hillsborough County, Florida

Wetlands Division

Comprehensive Annual Financial Report Fiscal Year Ended September 30, 2020

Cover ' Environmental Protection Commission of Hillsborough County

This year's Comprehensive Annual Finance Report showcases the Environmental Protection Commission of Hillsborough County, which has provided natural resource protection to the resident of Hillsborough County since 1967. Created by a special act of the Florida Legislature, the EPC is a local environmental regulatory program with broad authority to provide the citizens of Hillsborough County the assurance that its resources will be protected for future generations. The Commission's monitoring programs are recognized as being among the d'Ğ& in the nation, providing much of the technical data that has been used to guide the restoration and management of water quality in Tampa Bay.

The below is the Environmental Protection Commission's services at a glance including total spend for each division during fiscal year 2020:

- Air Division: Outdoor air quality; asbestos; industrial and vehicle air pollution emissions; noise; odors; and open burning which expended \$3.6M during fiscal year 2020.
- Water Division: industrial wastewater; domestic wastewater treatment plants; environmental laboratory analysis; habitat restoration; artificial reef program; surface water monitoring; and pollution recovery fund which expended \$4M during fiscal year 2020.
- Waste Division: hazardous waste disposal; waste oil disposal; Superfund clean.up monitoring; brownfields; pollution prevention and old landfill program which expended \$3.4M during fiscal year 2020.
- Wetlands Division: wetland protection and mitigation; dock program; wetland identification & delineation; environmental land use review; and one-stop permitting which expended \$2.7M during fiscal year 2020.

INTRODUCTORY SECTION

Air & Water Quality

The air monitoring network is the heart of the EPC air program. The data collected by EPC staff not only determines our compliance with the federal air quality standards, but it's also used to set standards for future rulemaking. In 2020, for the first time in over 30 years, Hillsborough County is meeting with all federal health-based air quality standards.

Bay Segment Report Card

This chart shows water quality trends for the four bay segments since the 1970's. Across the top are the four segments of Tampa Bay: Hillsborough Bay, Old Tampa Bay, Middle Tampa Bay, and Lower Tampa Bay. The orange indicates poorer water quality and green indicates better water quality. As you can see, the bay has dramatically improved since EPC began monitoring water quality nearly five decades ago.

EPC monitoring staff doesn't just collect samples from boats. Approximately half of our more than 270 monitoring stations are sampled from bridges and roadsides. Some field crews measure water quality parameters from the Hillsborough River and Alafia River.

April 22, 2021

To the Residents of Hillsborough County, Florida:

The *Hillsborough County, Florida, Comprehensive Annual Financial Report* (CAFR) *for the fiscal year ended September 30, 2020*, is a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited by independent certified public accountants in accordance with auditing standards generally accepted in the United States.

Legal Requirements The CAFR was prepared by the County Finance Department of the Clerk of Circuit Court in accordance with Sections 218.32 and 218.39, Florida Statutes. The Clerk of Circuit Court, as chief financial officer of Hillsborough County, assumes full responsibility for the completeness and reliability of the information presented in this report. To the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Internal Control Hillsborough County has established a comprehensive internal control framework designed to ensure that the County's assets are protected from loss, theft, or misuse, and that sufficient reliable accounting information is compiled to allow for financial statement preparation in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the County's internal controls have been designed to provide reasonable, rather than absolute assurance that the financial statements will be free from material misstatement.

Independent Audit The Hillsborough County financial statements were audited by RSM US LLP, an independent certified public accounting firm, in accordance with Sections 11.45 and 125.01, Florida Statutes. The goal of the independent audit was to provide reasonable assurance that the financial statements of Hillsborough County for the fiscal year ended September 30, 2020, were free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Based on its audit, the independent auditor concluded that there was a reasonable basis for rendering unmodified opinions that the Hillsborough County financial statements, for the fiscal year ended September 30, 2019, were fairly presented in conformity with GAAP.

tegrity, Transparency and A ccountability

As a recipient of federal and state financial assistance, the County is responsible for maintaining an adequate internal control framework to ensure compliance with applicable laws and regulations related to these programs. This internal control framework is reviewed by the

County's independent auditor when it conducts the annual federal and state Single Audits, which cover major federal grant programs and state grant projects, respectively. The federal and state Single Audits were designed to meet the requirements of Title 2 US Code of Federal Regulations Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; as well as Section 215.97, Florida Statutes, and Chapter 10.550, Rules of the Auditor General. The independent auditor's Single Audit reports, including any findings and recommendations, the Schedule of Expenditures of Federal Awards, and the Schedule of Expenditures of State Financial Assistance are available in a separately issued *Single Audit Report*.

Management's Discussion and Analysis (MD&A) The MD&A is a significant part of the CAFR. The MD&A is a narrative introduction, overview, and analysis of the financial statements and should be read in conjunction with this letter of transmittal. The MD&A also provides a brief overview of the CAFR's contents.

County Profile Hillsborough County, created in 1834 as Florida's 19th county, is located along the west coast of Florida. The County covers 1,266 square miles, of which 215 square miles cover water areas. Hillsborough County's 2020 population of 1,478,759 exceeded the population of each of the following states: Alaska, Delaware, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont and Wyoming. Hillsborough County is empowered to levy property taxes on certain real and personal property located in the county as well as to levy certain sales, fuel and communications taxes. The County also receives revenues from other sources such as state and federal grants, state revenue sharing, special assessments, licenses and permits, fines and forfeitures, investment earnings and miscellaneous revenues. During fiscal year 2020, the County's revenues from all sources were approximately \$2.5 billion.

Hillsborough County operates under a home-rule charter enacted by the voters on September 20, 1983. Charter powers address self-government and cannot conflict with general law or special law approved by the voters. The established legislative body of the County is the Board of County Commissioners (BOCC), a sevenmember body elected by County voters. Specifically designated governmental functions are performed by separately elected constitutional officers who are elected at-large. These separately elected officers are the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections and Tax Collector.

Services Provided The Hillsborough County reporting entity provides a full range of services including law enforcement, construction and maintenance of roads and bridges, animal services, social service programs, children's services, aging services, comprehensive planning and growth management, environmental protection, property assessment and tax collection, official records, a variety of court-related support functions, fire protection and emergency rescue, water, wastewater and solid waste disposal services, stormwater management, indigent health care, parks and recreational facilities, libraries and cultural events, emergency disaster planning and response, economic development and agricultural cooperative extension services.

Financial Reporting Entity The separately elected members of the BOCC and the Constitutional Officers together are the officials who are accountable to the residents of Hillsborough County. The officials holding these offices on September 30, 2020, are identified on the page before the table of contents. The organizations of the BOCC and the Constitutional Officers together comprise the Hillsborough County primary government.

This report covers the Hillsborough County reporting entity, which includes the primary government as well as the component units. Component units are legally separate entities for which the primary government is financially accountable. The County's component units are classified as discretely presented component units due to the nature of the entity's relationship with the primary government. Discretely presented component units are reported in a separate column in the government-wide financial statements to emphasize their legal separation from the primary government. The Hillsborough County City-County Planning Commission, Hillsborough Metropolitan Planning Organization and Housing Finance Authority of Hillsborough County are reported as discretely presented component units.

The Tampa Sports Authority, Hillsborough Area Regional Transit Authority, Hillsborough County Hospital Authority, Arts Council of Hillsborough County, Hillsborough County Aviation Authority, Tampa Port Authority, Hillsborough County School District, Children's Board of Hillsborough County, Tampa-Hillsborough County Expressway Authority, other independent special districts and the neighborhood special dependent districts are not a part of the Hillsborough County reporting entity, so they are excluded from this report. More information on the financial reporting entity may be obtained in Note 1.A. of the Notes to the Financial Statements.

Budgetary Controls The County maintains extensive budgetary controls. The objective of these controls is to ensure compliance with the legal, legislative, and contractual provisions affecting the County, which are incorporated into the annually appropriated budget. Budgetary control for the BOCC is maintained at the character level within each department and fund. Characters are broad categories of expenditures: personal services, operating expenditures, capital outlay, debt service, and grants and aids. This level of control is greater than that required by Florida Statutes. Budgetary control includes a comparison of encumbrances, pre-encumbrances, and actual expenditures to appropriations before issuing purchase orders or payments. This control is performed by automated edit checks in the accounting system. Expenditures that exceed appropriations require the BOCC to approve a budget amendment before processing, unless immediate payment is needed for statutory or emergency operational requirements and total expenditures do not exceed the fund's budgetary total. These emergency expenditures are subsequently authorized by a budget amendment. Encumbrances are canceled at year-end and are reestablished in the new fiscal year. Expenditures by the constitutional officers are controlled by appropriations at the fund level in accordance with Florida Statutes.

The BOCC approves an annual budget for annually appropriated governmental and proprietary funds using the modified accrual basis of accounting. The BOCC maintains a five to six-year capital improvement program, which is updated and approved annually.

Cash and Investments At September 30, 2020, the Hillsborough County Primary Government had total cash and investments of \$2.84 billion. Most of this amount, \$2.11 billion, was in the Hillsborough County Investment Pool (Investment Pool) managed by the Clerk of Circuit Court. The objectives of the Investment Pool are safety of principal, liquidity, and return on investment, in that order. To meet these objectives, the Investment Pool is conservatively invested in high-quality investments such as: treasury securities, 69%; US government sponsored agency securities, 8%; Florida PRIME, the state of Florida's Local Government Investment Pool, 10%; corporate notes, 4%; commercial paper notes, 1%; and cash in demand deposits and money market accounts, 8% in total. At September 30, 2020, the Investment Pool's duration, which is like weighted average maturity, was a low 1.1 years. Standard & Poor's Ratings Services (S&P) has assigned the Investment Pool its highest rating of AAAf. The overall effective rate of return of the Investment Pool for fiscal year 2020 was 2.18% compared to the benchmark rate of 1.84%, (a weighted average of the ICE Bank of America Merrill Lynch 3-month US Treasury Bill and the 1-3 Year US Treasury Note Indexes). The Investment Pool's rate of return for fiscal year 2019 was 2.18%.

Property Tax The County's property tax revenues rose \$73.8 million or 8.9% due to a 9.1% increase in the taxable assessed value of real property in Hillsborough County in the prior year. See Statistical section for more information on property taxes, assessed values, and exemptions.

New Transportation Improvement Surtax Amendment to County Charter In November 2018, the voters initiated and approved a ballot measure to amend the Hillsborough County Charter which levies a one percent sales surtax for transportation improvements as authorized by Sections 212.054 and 212.055, Florida Statutes. This surtax was intended for uses including maintenance and vulnerability reduction, traffic congestion reduction, transportation safety and network improvements, and enhancing bus service and public transit options. Since then a lawsuit was filed challenging the constitutionality of the new sales surtax. Later, the Circuit Court of the 13th Judicial Circuit, upon the complaint for bond validation, ruled that the transportation surtax was lawful and valid, but also held that certain provisions in the charter amendment providing for the use, allocation and distribution of the Transportation Surtax were unconstitutional and, therefore, severed and struck such provisions from the charter amendment. The Circuit Court determined that the State Surtax Law provides that the Hillsborough County BOCC is responsible for determining which uses the Transportation Surtax proceeds should be allocated to as well as the amount to be distributed to each use. This Circuit Court ruling was appealed. Pursuant to the Circuit Court's ruling, the Hillsborough County BOCC enacted County Ordinance 19-20 in September, 2019 providing for the use, allocation and distribution of the proceeds of the Transportation Surtax in the manner consistent with the will of the voters as expressed by their approval of the charter amendment. During fiscal year 2021, the Florida Supreme Court determined that the Transportation Improvement Surtax was unconstitutional.

Federal Government's Effect on Hillsborough County Similar to other state and local governments, the US government has a significant impact on Hillsborough County. For fiscal year 2020, the County had \$155.7 million in expenditures funded by US government grants--either directly from federal agencies or passed through state and local governmental entities. Federal grant expenditures represent 6% of the County's governmental revenues. The US government also has an indirect effect on other County revenues. For example, 36% of the County's total revenues from governmental activities came from ad valorem property taxes, which are related to the value of real estate in the County. Real estate values tend to be correlated with the availability and affordability of mortgages. The US government has created: a variety of programs that assist banks that make mortgage loans; US government sponsored agencies that buy, securitize and sell mortgage-backed securities; as well as programs that assist residents seeking to purchase homes. The success of these programs may affect mortgage lending and real estate values, which in turn affect the ad valorem property tax revenues of Hillsborough County in the future.

At September 30, 2020, the Hillsborough County Primary Government held 73% of its investment portfolio in US government or related investments. A total of \$2.03 billion was invested in a combination of US treasury securities, US government sponsored agency securities which are supported by the US government, and government-only mutual funds. At September 30, 2020, the Hillsborough County Primary Government also held \$110 million, or 9% of its investment portfolio, in bank deposits, most of which were secured by the FDIC. The rest were secured by the state of Florida's multiple financial institution collateral pool established under Chapter 280, Florida Statutes. The US government affects the state of Florida's multiple financial institution collateral pool because securities issued by the US treasury and government sponsored agencies are used as collateral by banks participating in the Qualified Public Depository program. See Note 3 of the Notes to the Financial Statements for more details.

The US government also has a significant impact on the local economy. Of the top 19 employers in Hillsborough County, MacDill Air Force Base, the University of South Florida, and the Tampa International Airport together represent 41,810 employees or 29% of the employees at the top 19 employers. See Principal Employers in the Statistical Section of the CAFR for more details. In addition, the residents of Hillsborough County pay significant amounts of income and excise taxes to the US government and also receive significant benefits from the US government including Social Security, Medicare, and unemployment compensation. The reason for highlighting these interactions with the US government is that changes in the US government's fiscal activities could lead to changes in amounts paid to or received from the US government, which in turn could have a financial impact on Hillsborough County.

Awards The Government Finance Officers Association of the United States and Canada (GFOA) awarded Hillsborough County a *Certificate of Achievement for Excellence in Financial Reporting* for its CAFR for the fiscal year ended September 30, 2019. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR whose contents conform to program standards. The CAFR must satisfy both GAAP and applicable legal requirements. Hillsborough County has received a Certificate of Achievement for the last thirty-eight consecutive years.

The County also received the GFOA's Award for Outstanding Achievement in Popular Annual Financial Reporting for its separately issued Financial Summary Report for the Fiscal Year Ended September 30, 2019. The Financial Summary Report is a simplified popular annual financial report specially designed for the general public. The receipt of this national award recognized the County's conformance with the highest standards for preparation of state and local government popular reports. Hillsborough County has received this award for the last twenty consecutive years.

Both of these awards are valid for a period of one year. We believe that the County's fiscal year 2020 CAFR and Financial Summary Report continue to conform to award program requirements and are submitting both of them to the GFOA for evaluation.

Acknowledgments We would like to express our appreciation for the support provided by the Clerk of Circuit Court, each of the other Constitutional Officers, the County Administrator, the Board of County Commissioners, and their respective staffs, for their contributions to the preparation of this report. We also appreciate their efforts in ensuring the highest standards of professionalism in the financial and operational management of Hillsborough County.

Sincerely,

Together, we will get to YES!

Timothy Simon, CPA, CFA Chief Financial Officer

Together, we will get to YES!

April 11, 2021

To the Citizens of Hillsborough County:

As County Administrator, I am pleased to provide you with the Hillsborough County, Florida Comprehensive Annual Financial Report for the fiscal year ending September 30, 2020.

Hillsborough County entered the pandemic in a strong financial position as evidenced by our AAA credit rating and reserve balances. This strong position has enabled the County to aggressively respond to challenges that are unprecedented in our lifetimes. We have been able to access our Catastrophic Reserves to fund COVID-19 testing and vaccine costs, establish and operate guarantine and isolation facilities and related services, acquire significant quantities of personal protection equipment and sanitizing supplies, and other direct-response activities. Much of this direct-response expenditure will be reimbursable by the Federal Emergency Management Agency (FEMA) and the State of Florida. The County also received \$256.8 million from the Federal Government through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act). These funds may be used to cover notpreviously-budgeted and necessary COVID-19 expenditures through December 31, 2021 but cannot be used to cover lost revenue. The Board approved a broad plan on May 2020 to use these funds to offer support and relief to Hillsborough County individuals and businesses who are impacted by COVID-19, fund ongoing direct measures to combat the pandemic, and fund measures to make alterations to facilities and working arrangements to enhance public health and safety. The pandemic has had significant negative impacts on County revenues. The shutdown to slow the spread of the virus resulted in losses of sales tax, fuel tax, and tourist tax revenues. Even amid these challenges of the pandemic, our strong financial position enabled the Board of County Commissioners (BOCC) to adopt a Fiscal Year 2021 budget that is balanced.

Our County employees have been working hard and smart to meet current challenges. The workforce has shown remarkable agility while continuing to provide quality services for our citizens. Some employees have adjusted to teleworking from home, while others are undertaking varying assignments. Whether teleworking or learning new assignments, all employees have adjusted to delivering services in modified ways. Our technology and communications professionals have developed innovative ways to facilitate and disseminate these

HCFLGOV.NET

changes. As we have, with little notice and time, accomplished this shift to new ways of working and delivering service, we now contemplate the longer-term implications of this experience.

County Profile

Our community has a rich, vibrant history steeped in diverse traditions and cultures. County government fosters community prosperity for all residents by supporting a broad range of opportunities, including agriculture, manufacturing, arts, health, sciences, technology, innovation start-ups, small businesses and entrepreneurship. By capitalizing on these cultural and economic development opportunities we preserve and enhance community assets.

The County Commissions strategic focus continues to be affordable housing, land use policy, transportation, sustainability, and fiscal responsibility in the community and in the region. Our success in achieving these goals is evident in an expanding corporate presence, major tourist destinations, world-class entertainment venues, a nationally recognized airport, one of the largest shipping ports in the country, highly-regarded educational institutions, a bustling agricultural industry, professional sports teams, and more. People of all ages and diverse backgrounds, and companies representing an array of industries, choose to make Hillsborough County their home.

Economic Conditions

The pandemic and related shutdowns and needed protective measures have had a significant negative impact on economic conditions. At the height of the shutdown in April 2020 the Tampa Metropolitan Statistical Area had a 12-month loss of 137,200 jobs, a 9.9% decline. While some of those jobs have returned, the December 2020 12-month job loss is still at 50,700 jobs, a 3.6% decline, with tourism related industries accounting for more than half the loss. Across the nation December job losses total 9.1 million, a decline of 6.0%. These loses have negatively impacted consumer spending and confidence.

The local housing market continues to post gains in the midst of the pandemic. In 2020 home sales were up 3.9% over the previous year. Home prices rose 11.0% in Hillsborough County during 2019. Home sales dropped more than 20% in April and May but have recovered strongly since. December 2020 home sales rose 16.3% over December 2019. While this growth in home sales and prices will support growth in taxable property values, the pandemic has likely damaged commercial property values through business closures and reduced real estate income. While we expect positive growth in property tax revenue for Fiscal Year 2021, the rate of growth is likely to be significantly below recent years.

Relevant Financial Policies

The County Administrator is responsible for the County governments financial planning, including operating, capital and debt service budgets, as well as the allocation of resources to accomplish BOCC goals. The County Administrator is also responsible for recommending long-range financial planning strategies to the

Tampa Bay jobs fell 3.6% December 2019 to December 2020, compared to the national job loss of 6.0%.

COVID drove a 3.1% decline in taxable sales in FY 20.

In 2020, home sales increased 3.9%, and the average home price rose 11.0%. BOCC, including reserve policies and financial forecasting.

To maintain sound financial management, it is important to have policies and procedures that complement the statutory requirements and professional standards of local government. The BOCC has adopted a series of financial policies that direct and encourage a comprehensive approach to financial management. These policies are available online in the adopted budget document at HCFLGov.net.

Major Initiatives

Hillsborough County is committed to leveraging limited financial resources to solve complex public problems and achieve shared community goals. Through dynamic collaborations, the County continues to foster public-private partnerships that achieve common goals and provide cost effective solutions to meet growing community service demands.

Winning the battle against COVID remains our urgent top priority. We will continue to work with our community, business and government partners to meet this challenge. In January 2021 Hillsborough County received an additional \$32 million of Federal COVID relief funds for Emergency Rental Assistance to assist households unable to pay rent and utilities due to COVID.

More broadly, the Fiscal Year 2021 Adopted Budget includes funding for a new strategic planning process to help us set future priorities and goals.

Long-Term Prospects

We are committed to remaining financially sound by strategically managing growth in a way that balances quality of life and the value of our precious environmental assets with sustainable economic growth and capital investment. We do so by maintaining strong reserves, ensuring sustainable resources and services, investing in key infrastructure and community assets, and retaining and attracting a diverse and skilled workforce. By succeeding in this endeavor, we will continue to enhance the quality of life in Hillsborough County.

Sincerely,

Bruie M. Uke

Bonnie M. Wise County Administrator

Our desired community outcomes:

- Safe, clean, attractive communities residents are proud to call home
- Safe and effective transportation operation that keeps pace with demand
- Strong and sustainable local economy
- Healthy and enjoyable place to live, work, and play
- Selfsu fficiency and quality of life for those who need help
- Reliable, cost effective, secure and sustainable infrastructure
- Residents who trust County Government and are satisfied with its services
- Responsible and sound financial management practices

Independent Auditor's Report

The Board of County Commissioners Hillsborough County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Hillsborough County, Florida (the County), as of and for the year ended September 30, 2020 and the related notes to the financial statements and the respective budgetary comparison information for the General Fund, Countywide Special Purpose Fund, Sales Tax Revenue Fund, Intergovernmental Grants Fund, County Transportation Fund, Transportation Surtax Fund Local Housing Assistance Fund, and Cares Act Fund for the year then ended which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Housing Finance Authority of Hillsborough County, a discretely presented component unit, which represents 80% of the assets, 83% of the net position and 30% of the revenues of the aggregate discretely presented component units. Those financial statements were audited by an other auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Housing Finance Authority of Hillsborough County, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the County as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison information for the General Fund, Countywide Special Purpose Fund, Sales Tax Revenue Fund, Intergovernmental Grants Fund, County Transportation Fund, Transportation Surtax Fund Local Housing Assistance Fund and Cares Act Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the infrastructure condition and maintenance data, and the pension and other post employment benefit plan schedules as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory and statistical sections, Exhibit A, other information (Exhibits B through Y) and the combining and individual fund financial statements and schedules are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The introductory and statistical sections, Exhibit A and the other information section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued, under a separate cover, our report dated April 22, 2021, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

RSM US LLP

Tampa, Florida April 22, 2021

Management's Discussion and Analysis

Our discussion and analysis provides an overview of the financial activities of Hillsborough County, Florida (the County) for the fiscal year ended September 30, 2020 using the reporting model required by Governmental Accounting Standards Board (GASB) Statement No. 34. The reporting model is described in the following narrative as well as in the Notes to the Financial Statements. We encourage reading this narrative with the transmittal letters starting on the first page of this document.

Financial Highlights

- At September 30, 2020, the County's net position was about \$9.717 billion. Net position is defined as "assets and deferred outflows of resources" less "liabilities and deferred inflows of resources." Of this amount, \$8.186 billion was the net investment in capital assets, and \$1.171 billion was restricted by law, grant agreements, debt covenants, or for capital projects. As a result, \$361.4 million of unrestricted net position was available at year-end to meet the County's ongoing obligations to residents, creditors, and enterprise fund customers. This amount represents a \$305.5 million increase from the prior year's unrestricted net position of \$55.8 million. This increase is explained below.
- During the year, the County's net position increased \$219.4 million. Of this amount, governmental activities were responsible for the increase in net position of approximately \$162.4 million and business-type activities were responsible for an increase in net position of about \$57.0 million. The total net investment in capital assets increased \$61.8 million or 0.8% from the prior year.
- At September 30, 2020, the General Fund's fund balance was \$455.9 million, representing an increase of \$50.8 million or 12.5% from the previous year. The County's governmental funds in total, reported a combined fund balance at year-end of \$1.656 billion, an increase of \$137.8 million or 9.5% from the previous year.
- The County's Water Enterprise Fund had an increase in net position of \$50.5 million over the beginning balance primarily due to: capital contributions from developers of \$47.1 million; nonoperating revenues of \$4.0 million; net interest income of \$5.8 million; operating loss of \$11.8 million; a gain on disposal of capital assets of \$0.4 million; and a one-time transfer in of BP oil spill proceeds for \$5.0 million. The County's Solid Waste Enterprise Fund had a net increase in net position of \$5.7 million from the previous year primarily due to: operating income of \$3.9 million; a combination of nonoperating revenues and loss on disposal of capital assets of \$(175) thousand; and net interest income of \$1.9 million.
- The County's total liabilities increased by \$490.1 million, from the September 30, 2019 balance of approximately \$2.841 billion to the September 30, 2020 balance of \$3.230 billion. This change was primarily due to the following: The net pension liability increased \$235.4 million; notes payable increased \$29.7 million; bonds payable decreased \$(77.4) million and unearned revenues increased \$212.3 million.

More information on these financial highlights is found in the narrative that follows.

Overview of the Financial Statements

This Comprehensive Annual Financial Report consists of the Basic Financial Statements, which are high-level summary statements, as well as other statements and schedules with more detailed information. The tables and narratives that follow below provide an overview of the Basic Financial Statements and how they relate to other parts of this report.

recognizedMeasurement FocusTypes of resources being measuredTypes of resources being measured<		Financial resources: Current assets and deferred outflows of resources less current liabilities and deferred inflows of resources	Economic resources: All assets and deferred outflows of resources less all liabilities and deferred inflows of resources	Not applicable			

Government-wide financial statements The government-wide financial statements provide an overview of the County's financial position using the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. The Statement of Net Position presents information on the assets, deferred outflows of resources, liabilities and deferred inflows and the net position of the County as a whole. Assets and deferred outflows of resources less both liabilities and deferred inflows of resources are reported as net position. Changes in net position serves as an indicator of whether the financial position of the County is improving or deteriorating. The Statement of Activities presents information showing how the County's net position changed during the fiscal year. Changes in net position are reported as soon as the underlying economic transactions occur, regardless of when cash is received or paid. Therefore, some of the revenues or expenses reported in the Statement of Activities will have cash flows in future fiscal periods. For example, certain sales taxes are shown as revenues although cash receipts will be received in the following fiscal year. An increase in unused vacation leave is recorded as an expense even though related cash outflows will occur in the future.

The government-wide financial statements show a distinction between *governmental activities*-activities that are supported primarily by taxes and intergovernmental revenues versus *business-type activities*-activities that are supported by the recovery of all or most of their costs through user fees and charges. The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation functions. The business-type activities of the County are the Water Enterprise and Solid Waste Enterprise operations.

The government-wide financial statements include not only the County (known as the *primary government*), but also the legally separate entities for which the County is financially accountable (known as *component units*). The Housing Finance Authority of Hillsborough County, Metropolitan Planning Organization and Hillsborough County City-County Planning Commission are the only discretely presented component units of the County. The financial activities of these component units are reported separately from the financial information of the primary government. Separate financial statements are not prepared for the Hillsborough County City-County Planning Commission, but financial and other information including budget and actual comparisons are available. For more information, see Note 1.A., *Financial Reporting Entity*, in the *Notes to the Financial Statements* portion of the *Basic Financial Statements*. The Hillsborough County Civil Service Board, although was legally separate, was included as a part of the primary government. The Hillsborough County Civil Service Board was dissolved effective October 1, 2019.

Fund financial statements A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to demonstrate and ensure compliance with legal, legislative, contractual, and other finance-related provisions. All of the County's funds may be divided into three categories: governmental, proprietary, and fiduciary funds.

Governmental funds Most of the County's basic services are reported in governmental funds, which focus on how money or other spendable resources flow into and out of those funds and the level of balances remaining at year-end that are available for expenditure. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund financial statements provide a detailed short-term view of the County's general governmental operations. Governmental fund information helps determine the extent to which financial resources are available for expenditure on County programs. Reconciliations of the differences between the government-wide and fund financial statements are provided immediately after the Balance Sheet - Governmental Funds and Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds, respectively, in the Basic Financial Statements.

Funds that are significant in terms of revenues, expenditures, assets or liabilities, or are required to be separately reported are identified as major funds in the Basic Financial Statements. Budget and actual comparison statements are also presented in the Basic Financial Statements for the General Fund and each major special revenue fund with a legally adopted annual budget. The County's nonmajor funds, and budget and actual comparison schedules for any nonmajor governmental funds with annually appropriated budgets, are presented in the Combining and Individual Fund Statements and Schedules section.

Proprietary funds The County uses Enterprise and Internal Service proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water Enterprise and Solid Waste Enterprise operations. Both of these operations are considered to be major proprietary funds of the County. Internal service funds are used to accumulate and allocate costs internally among the County's other functions. The County uses internal service funds to account for self-insurance, fleet management, and the Sheriff's risk management programs. These programs are included within governmental activities in the government-wide financial statements because they predominantly benefit governmental rather than business-type functions. The three internal service funds are combined into a single presentation in the proprietary fund financial statements and Schedules section of this report. The proprietary fund financial statements are found in the Basic Financial Statements.

Fiduciary funds Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Agency funds are the only type of fiduciary fund used by the County. The amounts in these agency funds are not included in the government-wide financial statements because the resources of these funds are not available to support the County's own programs. However, the Statement of Fiduciary Assets and Liabilities–Agency Funds in the Basic Financial Statements is provided for information on the agency funds. In addition, the individual agency funds are presented in the Combining and Individual Fund Statements and Schedules section.

Notes to the financial statements The notes provide additional information for a more complete understanding of the information in the government-wide and fund financial statements.

Other information In addition to the Basic Financial Statements and accompanying notes, this report also presents *Infrastructure Condition and Maintenance Data, Schedule of Changes in Total OPEB Liability and Related Ratios, Schedule of Hillsborough County's Proportionate Share of the Florida Retirement System Net Pension Liabilities for the Pension Plan and Health Insurance Subsidy Program, and Schedule of Contributions, Florida Retirement System Pension Plan and Health Insurance Subsidy Program, located immediately after the <i>Notes to the Financial Statements*. In addition, the *Statistical Section* is located at the end of this report. The combining statements for the nonmajor funds, internal service funds, and agency funds, as well as individual fund budget and actual comparison schedules are found in the *Combining and Individual Fund Statements and Schedules* section of this report. The Schedule of Receipts and Expenditures of Funds Related to the Deepwater Horizon Oil Spill is presented in *Other Supplementary Information*.

Government-wide Financial Analysis

Over time, *net position* may serve as the most useful indicator of a government's financial position. At September 30, 2020, the County's total net position, i.e. total assets and deferred outflows of resources less both liabilities and deferred inflows of resources, was \$9.717 billion. As shown on the chart on the following page, the County reported positive balances at September 30, 2020, in all three categories of net position for governmental activities, business-type activities, and the County as a whole, with the exception of unrestricted net position for governmental activities.

A significant portion of the County's net position (84.2%) is identified as net investment in capital assets, which is capital assets such as land, buildings, equipment, and infrastructure, less related debt outstanding that was used to acquire or construct those assets and accumulated depreciation. Since the County uses capital assets to provide services to its residents, the net position identified as "net investment in capital assets" is not available for future spending. In fact the payment of maintenance and debt service costs on those capital assets will themselves require governmental resources. Another portion of the County's net position is restricted net position, which is assets plus deferred outflows of resources less liabilities and less deferred inflows of resources subject to external constraints such as from debt covenants, grantors, laws or regulations, or restrictions through enabling legislation. Unrestricted net position (or assets plus deferred outflows of resources less liabilities less deferred inflows of resources less restricted net position) represents net position available to meet the County's ongoing obligations to residents, creditors, and enterprise fund customers. Significant changes between years are described later.

There was a \$162.4 million increase in the County's net position represented by governmental activities. The growth in net position from governmental activities represented 74.0% of the County's total growth in net position of \$219.4 million. Governmental revenues fell \$(146.1) million from the prior year, while expenses rose \$109.5 million compared to the prior year. The chart on the following page describes changes in net position between the current and prior fiscal years. Key net position changes during fiscal year 2020 are described below. Expense variance explanations are provided on the next few pages.

Governmental Activities

- Charges for services decreased \$(3.4) million or (1.3)% primarily due to the following: The County's charges for services decreased \$(9.9) million which was attributable to decreased activity in virtually all facets of government due to COVID-19. This decrease was partially offset by a \$5.1 million increase in impact fees in the Transportation fund, a \$0.5 million increase in land use / zoning fees and a \$1.2 million increase in ambulatory fees in the Unincorporated Area General Fund.
- Operating grants and contributions increased \$84.3 million or 87.4%. This increase was primarily concentrated in the following areas: a \$3.7 million increase in funding to the Supervisor of Elections to provide COVID-19 safe elections; a \$3.1 million increase in state appropriations to the Clerk Court Operations Special Revenue Fund; a net \$3.2 million increase from various increases and decreases in grant funding related to the gerneral government function; CARES Act funding resulted in an increase of \$55.9 million; a \$2.3 million increase in intergovernmental grant reimbursements related to public safety expenditures; an increase of \$6.9 million related to Hurricane IRMA disaster relief and a \$7.6 million increase in other Economic Environment expenditure reimbursements account for the majority of the increase. The remaining \$2.6 million was related to an increase in Human Services expenditure reimbursements.

• Capital grants and contributions decreased \$(278.7) million or (88.0)%. Infrastructure contributions decreased by \$(286.6) million, which was primarily offset by an increase in capital grant contributions of \$10.0 million.

Hillsborough County, Florida Changes in Net Position

- **Property tax revenues** increased \$74.3 million or 9.1% due to a \$8.92 billion or 9.4% increase in the taxable assessed value of real property in Hillsborough County for 2019. The change in assessed values of real estate in fiscal year 2019 affected property tax revenues in fiscal year 2020 because there is a lag from the time of assessment to the time taxes are due. This increase in assessed values for fiscal year 2019 was the result of real property market values rising \$10.75 billion, offset by property tax exemptions rising only \$1.80 billion (since market values less exemptions equal assessed values).
- Sales tax revenues and state shared revenues, as a combined category, increased \$0.4 million or 0.1% from the prior year primarily due a \$10.5 million increase in discretionary sales surtaxes, which includes the transportation surtax and the infrastructure surtax. This increase was almost entirely offset by decreases in fuel taxes of \$(3.0) million and a decrease in state shared revenues of \$(7.1) million as the state's economy slowed significantly due to COVID-19.
- Other taxes decreased \$(6.4) million or (11.3)%, primarily due to a \$(6.6) million decrease in tourist development taxes from a dramatic drop in use of hotels during the year resulting from COVID-19 and related travel bans. This decrease was partly offset by a \$0.2 million increase in Communications Services Tax revenues due to an increase in the number of subscribers in the County.
- **Investment earnings**, which is the sum of actual interest and changes in the fair value of the investment portfolio, fell \$(7.8) million or (13.3)% from the previous year. The overall effective rate of return of the Investment Pool for fiscal year 2020 was 1.90% compared to the benchmark rate of 1.84% (a weighted average of the ICE Bank of America Merrill Lynch 3-month US Treasury Bill and the 1-3 Year US Treasury Note Indexes). The Investment Pool's rate of return for fiscal year 2019 was 2.18%.
- Other revenues declined \$(0.6) million or (2.1)%, primarily due to a \$1.1 million increase related to prior year expenditure refunds associated with the Sheriff's medical plan internal service fund. This increase was completely offset by decreases in prior year expenditure refunds of \$(1.7) million.
- General government expenses increased \$20.2 million or 4.9%, primarily due to the following: There was a increase of \$17.5 million related to the distribution of impact fees to the School Board in fiscal year 2020 for construction of schools. A \$2.6 million increase in computer software annual maintenance agreements and a \$2.2 million increase in compensated absences expense attributable to the general government function.
- **Public safety** expenses increased \$128.5 million or 18.7%, primarily due to the following: \$83.5 million increase in disaster relief expenditures related to COVID-19. There was an increase in the pension expense allocated to public safety of \$10.5 million, a \$1.6 million increase in aid to other governments, a \$12.1 million increase in expenditures in the Sheriff's portion of the General Fund, primarily due to increased payroll and insurance costs. A \$4.3 million increase in depreciation expense related to the Sheriff's assets and a \$5.1 million increase in claims expense paid by the Sheriff through its Internal Service Fund. In addition, there was a combined \$10.4 million increase in public safety expenses for Fire Rescue primarily due to personnel costs and professional services.

- **Physical environment** expenses increased \$2.5 million or 4.7%, primarily due to an increase of \$2.3 million in stormwater preservation expenses and various increases and decreases in expenditures that net to an increase of \$0.2 million.
- **Transportation** expenses decreased \$(82.1) million or (39.4)% due to items such as the following: There was a decrease in the impact fee offsets buyback program of (\$14.4) million and a \$(67.6) million comparative decrease in infrastructure preservation expense related to maintenance of the Bruce B Downs Boulevard intersection project during the prior year and was not repeated during fiscal year 2020.
- Economic environment expenses increased \$26.5 million or 40.8% from prior year primarily due to: an increase in the pension expense allocation to economic environment of \$2.2 million, an increase in the depreciation expense allocation to economic environment of \$0.5 million, an increase of \$22.5 million in new CARES Act related grants and aids expenses and an increase in personnel expenses of \$1.0 million.
- Human services expenses increased \$8.5 million or 3.3% primarily due to an increase in pension expense allocation to human services in the amount of \$1.1 million, and increase in grants and aids of \$4.2 million, an increase in professional services of \$9.4 million partially offset by a \$(1.3) million decrease in contract personnel services, a decrease in personnel expenses of \$(3.8) million and a decrease in depreciation expenses allocated to human services of \$(0.8) million.
- Culture and recreation expenses increased \$5.8 million or 6.7% due an increase in grants and aids of \$0.5 million, an increase in personnel expenditures of \$2.5 million, an increase in maintenance expenditures of \$3.2 million, an increase in the allocation of pension expenses to culture and recreation of \$0.6 million.
- Interest on long-term debt decreased \$(0.4) million or (1.9)% due to a \$1.5 million increase in interest expense and a \$(1.9) million decrease in other debt service costs as there were no new bonds issued during the fiscal year.

Business-type activities

The **Water Enterprise** provides potable water as well as the collection, treatment, and environmentally safe disposal of wastewater for the County's unincorporated area residents. The Water Enterprise's principal assets consist of four water and seven wastewater treatment plants. Water program revenues fell \$(9.0) million or (2.3)% from the previous year primarily due to these factors: Water, wastewater and reclaimed water charges increased \$29.2 million, capital grants/contributions fell \$(35.0) million due to an decrease in capital contributions from developers, investment earnings decreased \$(3.9) million, other revenues increased \$0.7 million. Water program expenses increased by \$44.5 million primarily due to the following: \$7.0 million increase in contractual services; a \$(2.3) million decrease in repairs and maintenance; a \$1.0 million increase in pension expense; a \$(1.8) million decrease in utilities; a \$(0.3) decrease in supplies; a \$2.2 million increase in personnel services and an increase of \$39.1 million in depreciation expense related to the substantial completion and capitalization of the new Northwest Regional Water System.

The **Solid Waste Enterprise** primarily provides solid waste collection and disposal services to the County's unincorporated area residents and businesses. The Solid Waste System's principal assets include a waste-to-energy plant, a 1,500-acre sanitary landfill, and neighborhood refuse collection sites. The Solid Waste Enterprise's program revenues were down \$(2.6) million or (2.2)% compared to the prior year due to an increase in residential disposal and collection assessments, recycling revenues, commercial and municipal disposal fees of \$1.6 million. These increases were partially offset by a decreases in nonoperating revenues totaling \$(4.2) million. Solid Waste program expenses increased \$4.5 million primarily due to an increase in contractual services and landfill closure and post closure care partially offset by a decrease in depreciation and amortization.

Fund Financial Analysis

The County uses fund accounting to demonstrate and ensure compliance with legal, legislative, contractual, and other finance-related provisions.

Governmental funds The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. This information is useful in determining the County's financial resources. Unreserved fund balance at year-end is a good measure of a government's net resources available for expenditure.

At September 30, 2020, the County's governmental funds reported combined ending fund balances of \$1,656.5 million, an increase of \$133.2 million from the previous year. This increase was the result of a combination of changes in fund balances such as the following:

The fund balance of the General Fund increased by \$50.1 million. This increase was driven by the increase in ad valorem property tax revenue. The fund balance of the Transportation Surtax Fund increased by \$101.1 million. This increase was mainly due to a full year of Transportation Surtax revenue being collected, whereas the prior fiscal year only had a partial year of collections. The fund balance of the Sales Tax Revenue Fund decreased by \$(4.7) million. This decrease was due to lower Tourist Development tax revenues as a result of COVID-19 and the resulting travel restrictions and business lock-downs. The Intergovernmental Grants fund increased by \$8.2 million due to an internal transfer from the Self-Insurance Fund for current and future COVID-19 related expenditures. The fund balance of the County Transportation Fund decreased by \$(7.9) million due to lower gas taxes and state shared revenues as a result of COVID-19 and the resulting travel restrictions, lock-downs and more people working from home. The Local Housing Assistance Fund decreased \$(1.6) million due to no allocation from the state of Florida Other increases and decreases in fund balances of various nonmajor funds net to account for the remaining decrease of \$(28.0) million.

About \$440.4 million or 26.6% of ending combined fund balances consisted of unassigned fund balances, which are available for spending at the government's discretion. The remainder of the funding is categorized as nonspendable, restricted, committed or assigned in accordance with the GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. See Note 13, Governmental Fund Balances, for more information.

Proprietary funds The proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Water Enterprise Fund's charges for services revenues were \$283.2 million. This was a \$30.3 million or 12.0% increase from fiscal year 2019. The revenue increase was primarily due to higher water, wastewater and reclaimed water charges. At September 30, 2020, unrestricted net position of the Water Enterprise Fund was \$416.3 million, an increase of \$21.1 million from the prior year. This was primarily due to the substantial completion and capitalization of the new Northwest Regional Water System and the corresponding depreciation expenses.

The Solid Waste Enterprise Fund's charges for services revenues were \$111.0 million. This was a \$1.6 million or 1.5% increase from fiscal year 2019. The revenue increase was primarily due to increases in residential disposal and collection assessments, recycling revenues, and commercial and municipal disposal fees. At September 30, 2020, unrestricted net position of the Solid Waste Enterprise Fund was \$116.4 million, an increase of \$6.4 million over the prior year. See previous section on business-type activities for more information.

General Fund Budgetary Highlights

Budget and actual comparison statements are provided in the *Basic Financial Statements* for the General Fund and all major special revenue funds with legally adopted annually appropriated budgets. Budget and actual comparison schedules are also provided in the *Combining and Individual Fund Statements and Schedules* section for all nonmajor funds with legally adopted annually appropriated budgets. The budget and actual comparison statements and schedules show the original adopted budget, the final revised budget, and actual results.

Since the constitutional officers are considered a part of the Hillsborough County Primary Government, the General Fund includes the general operating funds of the Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court. For fiscal year 2020, total General Fund expenditures on the budgetary basis budget and actual statement were \$36.3 million higher than the previous year, and \$129.0 million lower than the final budget due to a significantly higher level of expenditures budgeted compared to the prior year.

After the original budget is approved, it may be revised for a variety of reasons such as unforeseen circumstances, corrections of errors, new bond or loan proceeds, or new grant awards. During fiscal year 2020, supplemental appropriations to the Board of County Commissioners' budget, excluding component units, were approximately \$504 million or 7.6% of the original legally adopted budget. Supplemental appropriations to the General Fund budget were approximately \$4.3 million on the budgetary basis.

Capital Assets and Debt Administration

Capital assets At the end of fiscal year 2020, the County's governmental activities had \$7.862 billion in a broad range of capital assets, including land, equipment, buildings, construction in progress, and infrastructure. Infrastructure consists of transportation system-related assets such as paved roadways, bridges and stormwater assets including ancillary components such as sidewalks and curbs. See the following table for more information.

(Amounts in thousands)	Governmental Activities		Business-type Activities		Total Primary Government	
Primary Government:	2020	2019	2020	2019	2020	2019
Land	\$ 609,932	582,188	42,853	43,119	652,785	625,307
Building	424,726	443,383	434,542	221,306	859,268	664,689

Construction in progress	153,495	93,466	90,305	277,098	243,800	370,564
Totals	\$7,861,578	7,711,514	1,473,773	1,450,288	9,335,351	9,161,802

Hillsborough County, Florida Capital Assets Net of Accumulated Depreciation at Year-End

Infrastructure is not depreciated since the County has an asset management system in place and has made a commitment to incur the maintenance expenses necessary (a) to preserve infrastructure assets at or above a condition of fair, on a scale from failed, poor, fair and good, to excellent, and (b) to preserve its paved roadway subset at or above a condition of 56 on the American Society for Testing and Materials (ASTM) pavement condition index from 0 to the highest level of 100. Both of these target condition levels were achieved with actual infrastructure condition at fair or above and paved roadway miles at or above 56. The actual fiscal year 2020 maintenance expenditures for the preservation of infrastructure were \$133.2 million versus \$173.5 million estimated. Actual fiscal year 2020 maintenance expenditures were 39% lower than actual fiscal year 2019 expenditures. The County continued to meet infrastructure preservation goals. See the *Infrastructure Condition and Maintenance Data* section in Required Supplementary Information for more information. The \$150.1 million increase in net capital assets of governmental activities during fiscal year 2020 was attributed to the following:

- Land, rights-of-way, and infrastructure asset contributions received from real estate developers and others, as well as equipment donated to the County were responsible for \$70.3 million of the increase in capital assets.
- Capital outlay expenditures of \$276.4 million accounted for the largest part of the total increase in capital assets during the fiscal year. Although there were total capital outlay expenditures of \$276.4 million, only \$169.1 million of it resulted in capital asset additions because \$65.0 million of capital outlay costs were not capitalized as explained below. Total capital outlay expenditures of \$276.4 million consisted of: County transportation construction projects, \$58.3 million; Community Investment Tax-funded infrastructure capital projects, \$14.5 million; Unincorporated Area special purpose projects, \$24.7 million; library construction, \$10.2 million; acquisition of environmentally sensitive lands, \$15.7 million; capital projects funded by the commercial paper program, \$31.2 million; Countywide capital projects, \$5.8 million; Tax Collector capital projects, \$3.2 million; Countywide general fund, \$4.8 million; Clerk of Circuit Court, \$3.2 million and all other remaining funds, \$7.5 million. Capital asset acquisitions of the Internal Service Funds accounted for an additional \$5.6 million of the increase in capital assets.
- The \$65.0 million capital outlay expenditures that did not lead to capital asset additions were primarily for infrastructure preservation costs and library books. Infrastructure preservation costs, which totaled \$59.1 million, were not capitalized under the modified approach for infrastructure asset accounting. \$4.3 million of other non-capitalizable expenditures recorded as capital outlay in the fund financial statements were reclassified to operating expenses in the Statement of Activities. Library book purchases that did not meet the \$1,000 capitalization threshold, totaling \$1.6 million, were not capitalized. These items were treated as expenses in the Statement of Activities because they did not increase capital assets.
- Depreciation expense accounted for \$85.5 million of the reduction in capital assets. Infrastructure disposals accounted for \$0.9 million of the reduction. Non-infrastructure disposals of capital assets including Internal Service Fund disposals during the year accounted for an additional \$0.2 million of the reduction.

The \$3.4 million decrease in capital assets of business-type activities during fiscal year 2020 was primarily attributed to additions of \$96.8 million and contributions from developer and others of \$26.0 million, offset by depreciation/amortization expense of \$126.2 million. See Note 6, *Capital Assets*, in the *Notes to the Financial Statements* for more information.

Long-term liabilities At September 30, 2020, the County had 19 bonded debt issues outstanding. These issues included \$118.8 million in general obligation bonds, \$580.4 million in revenue bonds, and \$12.2 million in Enterprise Fund revenue bonds. At September 30, 2020, all \$147.4 million of notes payable and \$64.7 million of notes from direct borrowings and direct placements were reported in Governmental Activities. There were no notes payable in the Enterprise Funds. The County's short-term commercial paper note program is supported by a third-party letter of credit. See the chart of long-term liabilities outstanding at year-end on the next page.

*Bonds are presented net of deferred losses on bond refundings, and unamortized bond discounts and premiums.

**The Hillsborough County Health Care Program for low-income residents had an "insurance claims payable, current" liability of \$4,792,000 reported for claims incurred but not reported and reported but not paid, which is shown in the Statement of Net Position and Balance Sheet -- Governmental Funds. This is not included in the chart above because it is not a long-term liability.

The County has been assigned the highest possible credit ratings on its general creditworthiness by all three credit rating agencies. The County's high credit ratings are a notable achievement since they generally lead to lower interest costs on debt issuances. The County's debt obligations are issued and administered in a manner that helps achieve the highest possible credit rating while sustaining the long-term financial integrity of the County.

Credit ratings assigned to the County's debt at September 30, 2020 by Moody's Investors Service (Moody's), Standard and Poor's Ratings Services (S&P), and Fitch Ratings are shown below:

Hillsborough County, Florida, Credit Ratings at September 30, 2020

For more information on long-term liabilities see Note 7, Long-Term Liabilities, in the Notes to the Financial Statements.

Economic Factors

Local, national, and international economic factors influence the County's revenues in a variety of ways. Positive economic growth is correlated with increased revenues from property taxes, sales taxes, fuel taxes, charges for services, and state revenue sharing, as well as state and federal grants. Economic growth may be measured by a variety of indicators such as employment growth, employment diversity, unemployment rate, new construction and assessed values, diversity of the property tax base, and Enterprise Fund revenue and net position growth.

- Ad valorem property taxes represented 43% of total revenues from governmental activities for fiscal year 2020. These revenues are based on assessed values (market value less exemptions). After reaching an all-time high to date of \$80.05 billion in fiscal year 2007, the assessed value of real estate in the County fell over several years to reach a low of \$53.57 billion in 2012, a decline of 33% from its peak. These declines in assessed values were due to a combination of lower market values and higher exemptions set by state law. In 2020 a new all-time high was reached. Assessed values rose to \$103.38 billion, a rise of 92.99% from the low in 2012, due to a strong real estate market.
- The fact that the ten largest property taxpayers in the County represent only 5.0% of the total ad valorem property tax levy indicates that the County has a diversified tax base. Hillsborough County's diversified property tax base should continue to provide a stabilizing effect on property tax revenues in the future.
- Sales-related taxes such as fuel taxes, discretionary sales surtaxes, communications services taxes, and state shared revenues represented 27.2% of total revenues from governmental activities for fiscal year 2020. Sales-related taxes and state shared revenues are linked to employment within the County. Hillsborough County's annual average unemployment rate in 2019 was 5.9% compared to 3.1%, in the prior year. The County's 2019 unemployment rate was 1.3 percentage points lower than the Florida rate of 7.2% and 1.8 percentage points lower than the national rate of 7.7%.
- Hillsborough County also has a diversified employment base. The top 19 employers in the County employ only 20.8% of the total employees within the County. In addition, employment within the County is spread among a wide variety of categories including education, health, restaurants and entertainment, professional and business services, government, finance/insurance/real estate, construction, transportation, communications, wholesale/retail trade, and manufacturing. The County's diversified employment base provides a stabilizing effect on the County's sales-related revenues.

The economic factors described above show that the County's general, i.e. non-program, revenue of \$1.585 billion is well proportioned between property tax revenues of \$895 million and sales-related revenues of \$614 million. In addition, there is wide variety in the types of property tax taxpayers and employers in Hillsborough County, both of which tend to stabilize County's revenues. More information on economic factors is provided in the Statistical Section.

To Obtain Further Information

This financial report was designed to provide an overview of the County's finances. If you have any questions concerning the Basic Financial Statements or other accounting information in this report, please contact the finance director or financial reporting manager. If you have any questions concerning budgets, long-term financial planning, future debt issuances, or the management of County operations, please contact the county administrator. Contact information is shown below:

* Since the internal balances - due from (to) include both restricted and unrestricted amounts, they are presented on two lines in the Statement of Net Position. Although the individual lines do not crossfoot they are shown as zero in total since they net against each other in accordance with GASB Statement No. 34's requirement that internal balances be eliminated in the primary government total column.

DESCRIPTIONS OF MAJOR FUNDS - GOVERNMENTAL ACTIVITIES

BOARD OF COUNTY COMMISSIONERS:

General Fund – To account for all financial resources of the general government except those required to be accounted for in other funds. The General Fund is subdivided into the following categories: Countywide, Unincorporated Area, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court.

Countywide Special Purpose Revenue Fund – To account for special purpose revenues used to provide services for residents throughout the County. Examples include state revenue sharing, the discretionary sales surtax for indigent health care, the 911 emergency telephone system, pollution settlement and recovery, and state contraband forfeitures.

Sales Tax Revenue Fund – To account for the local government infrastructure discretionary sales surtax known as the Community Investment Tax, the local government half-cent sales tax distributed by the state of Florida which is transferred to other funds for various program expenditures, the 5% tourist development tax designated to promote tourism in the County, and the professional sports franchise sales tax revenues.

Intergovernmental Grants Fund – To account for federal, state, local government, or other grants for programs including aging services, children's services, social services, transportation, public assistance, housing, public safety, physical environment, and capital projects.

County Transportation Fund – To account for motor fuel taxes, state revenue sharing, and various grant funds designated to finance road and street construction, maintenance, and other transportation projects.

Transportation Improvement Surtax Projects Fund – To account for activity associated with a voter-initiated and approved ballot measure which amended the Hillsborough County Charter, which levies a one percent discretionary sales surtax for transportation improvements as authorized by Sections 212.054 and 212.055, Florida Statutes, a Circuit Court ruling, interlocal agreements and County Ordinance 19-20. This fund specifically accounts for the transportation surtax revenue distributed to the BOCC. The transportation surtax revenue distributed to the Hillsborough Metropolitan Planning Organization (MPO), a discretely presented component unit, is recorded by the MPO. Transportation Surtax requirements are subject to change as court rulings are issued.

Local Housing Assistance Program Fund – To account for State Housing Initiatives Partnership (SHIP) program moneys received from the state of Florida. This program makes loans to low and moderate income persons, first time home buyers, builders and others for funding home purchases, new home construction, existing home renovation, and for the payment of matching funds needed to obtain grants.

CARES Act Fund – To account for Coronavirus Aid, Relief, and Economic Security Act (CARES Act) monies received from the Federal Government. This Act provides assistance for workers, families, small businesses, and state and local governments.

DESCRIPTIONS OF MAJOR FUNDS - BUSINESS-TYPE ACTIVITIES

BOARD OF COUNTY COMMISSIONERS:

Water Enterprise Fund – To account for the operations of the Water Enterprise Fund, a division of the Public Utilities Department, which provides water and wastewater-related services in the unincorporated areas of the County. Water and wastewater fees are determined annually by rate studies and are set at levels to recover operating expenses, including debt service, in a manner similar to private business enterprises. Activities necessary to provide water and wastewater service are accounted for in this fund, including customer service, engineering, operations, and maintenance.

Solid Waste Enterprise Fund – To account for the operations of the Solid Waste Enterprise Fund, a division of the Public Works Department, which provides solid waste disposal services on a countywide basis. Refuse generated in the unincorporated areas of the County is collected by franchised and non-franchised collectors serving residential and commercial customers and by private companies serving their own customers. Refuse dumping fees are reviewed annually and are set at levels sufficient to recover operating and debt service expenses, and to also account for landfills owned and operated by the Solid Waste Fund as well as monitoring closed landfills.

HILLSBOROUGH COUNTY, FLORIDA Reconciliation of the Balance Sheet -- Governmental Funds to the Statement of Net Position -- Governmental Activities September 30, 2020 (amounts in thousands)

Fund balances reported on the Balance Sheet - Governmental Funds		\$ 1,656,488
Differences between the amounts reported on the Balance Sheet - Governmental Funds and the governmental activities reported on the Statement of Net Position were as follows:		
Capital assets used in governmental activities were not financial resources and, therefore, were not reported in the governmental funds: Total capital assets, see Note 6 Less: Internal Service Fund capital assets	7,861,578 (27,546)	7,834,032
Other assets or liabilities shown in governmental activities were not financial resources and, therefore, were not reported in the governmental funds:		
Elimination of the operating income (loss) earned by the internal service funds through transactions with business-type activities.		(2,598)
Deferred outflows of resources from bond refunding losses are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		3,877
Deferred outflows of resources from pensions are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		356,180
Deferred outflows of resources from OPEB are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds. Internal service funds were used to charge self-insurance and fleet management costs to individual funds. The assets and liabilities of the internal service funds were		33,876
included in the governmental activities portion of the Statement of Net Position. Less: Internal Service Fund deferred outflows of resources Add: Internal Service Fund deferred inflows of resources	287,281 (1,789) 175	285,667
Compensated absences of the Planning Commission component unit was offset by amount "due from other governmental units," which corresponded to amount "due to other governmental units" on the governmental activities portion of the Statement of Net Position.		(535)
Long-term liabilities, including bonds payable were not due and payable in the current period and therefore were not reported in the governmental funds.		
Total long-term liabilities, see Note 7 Add: interest payable due to interest accruals Less: Internal Service Fund insurance claims payable Less: Internal Service Fund compensated absences Less: Internal Service Fund net pension liability Less: Internal Service Fund OPEB liability, see Note 9	(2,184,090) (9,022) 34,897 264 6,001 354	(2,151,596)
Deferred inflows of resources from pensions and OPEB are presented in governmental activities on the Statement of Net Position, but are not reported in the governmental funds.		(35,226)
There was a deferred inflow of resources for unavailable revenues, offset by an asset for delinquent ad valorem taxes receivable, in the fund financial statements. However, this deferred inflow was not included in the Statement of Net Position because the revenue was recognized in the Statement of Activities.		6,825
SHIP related revenues was a deferred inflow in the fund financial statements, but increased net position on the Statement of Net Position. Net position reported for governmental activities on the Statement of Net Position		\$ 1,593 7,988,583

HILLSBOROUGH COUNTY, FLORIDA Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the fiscal year ended September 30, 2020 (amounts in thousands)

Net change in fund balances reported on the Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds	\$	129,130
Differences between amounts reported on Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmenta Funds and governmental activities reported on the Statement of Activities were as follows:	I	
Capital assets - related items		
Capital outlay expenditures represented an increase to capital assets on the Statement of Net Position. Depreciation expense was a reduction of net position on the Statement of Activities. Infrastructure preservation costs, which were included in capital outlay expenditures shown above, were not capitalized, so		276,439 (73,832)
they decreased net position under the modified approach. Library books under the capitalization threshold were included in capital outlay expenditures shown above, but were not		(59,062)
capitalized. As a result it decreased net position on the Statement of Activities. Non-capitalizable expenditures recorded as capital outlay in fund financial statements were reclassified to operating expenses		(1,570)
in the Statement of Activities. Contributions of infrastructure assets received from developers increased net position on the Statement of Activities.		(7,935) 22,805
Contributions of capital assets received from the Constitutional Officers, Planning Commission and others increased net position.		15
Book value of capital assets disposed was not reported in the fund financial statements, but was reported in the Statement of Activities. Therefore, the book value of assets disposed was a reduction of net position.		(120)
Book value of infrastructure assets disposed, which was reported as an expense, represented a reduction of net position.		(912)
Long-term liability-related items Proceeds from the issuance of new long-term debt were in "other financing sources" on the fund financial statements but did		
not increase net position on the Statement of Activities.		(59,600)
Repayments of long-term liabilities represented expenditures on the fund financial statements, but did not decrease net position on the Statement of Activities.		68,700
The decrease in net long-term debt due to amortization of premiums and discounts increased net position on the Statement of Activities.		6,819
The increase in net pension liability decreased net position on the Statement of Activities.		(223,446)
Less: decrease in internal service fund net pension liability included in figure above. The net reduction in interest accruals and other interest related entries increased net position on the Statement of Activities.		1,105 670
The increase in compensated absences liabilities decreased net position on the Statement of Activities. Less: decrease in internal service fund compensated absences included in the figure above		(6,344) 31
The decrease in total OPEB liability increased net position on the Statement of Activities.		2,065
Less: decrease in internal service fund total OPEB liability		(12)
The increase in compensated absences liabilities of the Planning Commission and Metropolitan Planning Organization corresponded to an increase in the "due to other governmental units" on the Statement of Net Position.		13
Eliminations of inter-organizational items		
The operating gain incurred on transactions with business-type activities was eliminated for the Statement of Activities.		(854)
Revenues and receivables-related items		
Net decrease in net position of the Self-Insurance and Fleet Internal Service Funds decreased net position since it was reported in the governmental activities section of the Statement of Activities.		(3,268)
The decrease in delinquent taxes receivable had no effect on fund balance in the fund financial statements, but it decreased net position in the Statement of Activities.		(302)
Intergovermental grant revenue recorded as unavailable revenues in the fund financials increased net position on the		
Statement of Activites. The decrease in Build America Bonds receivable increased net position on the Statement of Activities		4,915 (27)
Other reconciling items The increase in inventory and prepaid items on the fund financial statements decreased net position on the Statement of		(27)
Activities.		8,651
The increase in deferred outflows increased net position on the Statement of Activities.		28,787
Add: decrease in internal service fund deferred outflows included in figure above. The decrease in deferred inflows increased net position on the Statement of Activities.		(177) 49,987
Less: decrease in internal service fund deferred inflows included in the figure above.		(257)
Change in net position reported on the governmental portion of the Statement of Activities.	\$	162,414

COMPONENT UNITS

Housing Finance Authority of Hillsborough County – To account for the general fund of the Housing Finance Authority of Hillsborough County (Authority). The purpose of this Authority is to encourage the investment of private capital in, and the construction of, residential housing for low and moderate income families through public financing. Bonds issued by the Authority are special obligations of the Authority payable solely from revenues, receipts and resources of the Authority pledged under a related trust indenture. These bonds do not constitute a debt, liability, general or moral obligation or pledge of the faith or credit of the Authority, Hillsborough County, the state of Florida or any of its political subdivisions. Accordingly, the Authority has determined that the obligations of its bond programs should not be presented in the Authority's financial statements.

Hillsborough County City-County Planning Commission – To account for the revenues and expenditures of the Hillsborough County City-County Planning Commission. The Planning Commission performs long-range comprehensive planning and makes recommendations to the County and city governments concerning the orderly growth and development of Hillsborough County.

Hillsborough Metropolitan Planning Organization – To account for the revenues and expenditures of the Hillsborough Metropolitan Planning Organization (MPO). The MPO is a transportation policy-making board mandated by federal and state law and establishes priorities to meet short-term (next five years) and long-term (twenty years or more) multi-modal transportation needs for the cities of Tampa, Temple Terrace and Plant City as well as unincorporated Hillsborough County.

Note 1 Summary of Significant Accounting Policies

The financial statements of the Hillsborough County, Florida reporting entity (County) have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County's more significant accounting policies are described below.

A. Financial Reporting Entity

Hillsborough County is a political subdivision of the state of Florida. It is guided by an elected Board of County Commissioners (BOCC), which is governed by Florida Statutes and a home-rule charter enacted by the voters. In addition, there are five elected Constitutional Officers: the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The BOCC and the Constitutional Officers together comprise the *Hillsborough County primary government*.

As required by GAAP, these financial statements cover the *Hillsborough County reporting entity*, which includes the Hillsborough County primary government as well as its component units. Component units are legally separate entities for which the primary government is financially accountable. The following criteria determines whether an entity is a component unit of the reporting entity:

The definition of the reporting entity is based primarily on the concept of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of the separate organization's governing body and either is able to impose its will on that organization or there is the potential for the organization to provide specific financial benefits to, or specific financial burdens on, the primary government. A primary government is financially accountable for governmental organizations that are fiscally dependent on it and also meet a financial benefit or a burden relationship criterion.

A primary government has the ability to impose its will on an organization if it can significantly influence the programs, projects, activities of, or the level of services performed or provided by the organization. A financial benefit or burden relationship exists if the primary government is entitled to the organization's resources; is legally obligated or has otherwise assumed the obligations to finance the deficits of, or provide financial support to, the organization; or is obligated in some manner for the debt of the organization.

Some organizations are included as component units because of their fiscal dependency on the primary government. An organization is fiscally dependent on the primary government if it is unable to adopt its own budget, levy taxes, set rates or charges, or issue bonded debt without approval by the primary government. In addition, any entity for which the primary government is not financially accountable, but for which exclusion would cause the primary government's financial statements to be misleading, should be included as a component unit.

Based on the criteria specified above, the Hillsborough County reporting entity includes only discretely presented component units at September 30, 2020.

Blended Component Unit

Component units that meet the criteria for blended presentation would be reported in a manner similar to that of the primary government itself. Accordingly, the data of blended component units would be presented as a part of the primary government throughout this report.

The financial statements of the entity discussed below were included in the financial reporting entity as a blended component unit in prior years because, despite being legally separate from the primary government, it was so intertwined with the primary government that it was in substance, the same as the primary government. This entity, and the nature of its relationship with the County, is described in the following paragraph.

The Hillsborough County Civil Service Board (CSB), a blended component unit, was housed in the County's administrative offices and is accounted for as a nonmajor Special Revenue Fund of the Hillsborough County primary government. Separate financial statements were not required for it. The CSB handled disciplinary appeals by employees covered by Civil Service Rules. Although the CSB was legally separate, it was fiscally dependent on the primary government and provided services almost entirely to the primary government. This blended component unit was dissolved effective October 1, 2019.

Discretely Presented Component Units

Component units that meet the criteria for discrete presentation in accordance with GASB Statement No. 61 are presented in a separate component units column in the government-wide financial statements in order to clearly distinguish the balances and transactions of these component units from those of the primary government. The component units listed below are discretely presented and are identified as *component units* throughout this report. The component units are presented as governmental fund types.

Housing Finance Authority of Hillsborough County

The purpose of the Housing Finance Authority of Hillsborough County (HFA) is to use public financing to encourage private investment in, and construction of, residential housing for low and moderate income families. The HFA is a discretely presented component unit because the BOCC appoints the members of the HFA governing body and because the BOCC is able to impose its will on the HFA. The County Ordinance which created the HFA provides that the BOCC may remove members of the HFA's governing body without cause, and may change the structure, organization, or activities of the HFA, including terminating the HFA. The HFA does not have a financial benefit/ burden relationship with the BOCC. Bonds issued by the HFA are special obligations of the HFA payable solely from revenues, receipts and resources of the HFA pledged under related trust indentures. These bonds do not constitute a debt, liability, general or moral obligation or pledge of the faith or credit of the HFA, Hillsborough County, the state of Florida or any of its political subdivisions. This debt meets the definition of conduit debt and should not be presented in the Hillsborough County financial statements. Accordingly, the HFA has determined that the obligations of its bond programs should not be presented in the HFA's basic financial statements.

Hillsborough Metropolitan Planning Organization

The Hillsborough Metropolitan Planning Organization (MPO) is a transportation policy-making board mandated by the federal and state law. The MPO is directly responsible for making sure federal and state dollars spent on existing and future transportation projects and programs are based on a continuing, cooperative and comprehensive transportation planning process. Committed to meaningful public engagement throughout this process, the MPO is responsible for establishing priorities to meet short-term (next five years) and long-term (twenty years or more) multi-modal transportation needs for the cities of Tampa, Temple Terrace and Plant City as well as unincorporated Hillsborough County. The MPO is legally separate. The BOCC appoints only five of the sixteen members of the MPO governing body, which does not represent a voting majority. The MPO is not fiscally dependent on the BOCC, nor does it have a financial benefit or burden relationship with the BOCC. For example, the BOCC is not legally entitled to, and does not access the MPO's resources. In addition, the BOCC is not legally obligated to, and has not otherwise assumed the obligation to, finance any deficits or debts of the MPO. However, the MPO is discretely presented because it would be misleading to exclude the MPO due to the large amount of transportation improvement surtax-related expenditures to be audited by an independent accountant.

Hillsborough County City-County Planning Commission

The Hillsborough County City-County Planning Commission (PC) performs long-range comprehensive planning and makes recommendations to the County and city governments concerning the orderly growth and development of Hillsborough County. The PC is legally separate. The BOCC appoints only four of the ten members of the PC's governing body, which does not represent a voting majority. However, the PC is a component unit of the BOCC because the PC is fiscally dependent on the primary government for its funding and there is a financial benefit/burden relationship with the BOCC. The BOCC provides the budget for PC operations and owns the assets purchased using BOCC funding. In addition, the PC cannot have a deficit because it is not possible for expenditures to exceed the budget unless additional budget is authorized by the BOCC. As a result, the PC is a component unit of the Hillsborough County primary government. The PC is reported as a discretely presented component unit because it provides services to the cities of Tampa, Temple Terrace, and Plant City, in addition to the primary government.

Additional Information on Discretely Presented Component Units

Separate financial statements are not prepared for the PC or MPO, but financial data including budget and actual comparisons may be obtained from:

County Finance Department, County Center, 12th Floor, P.O. Box 1110, Tampa, Florida 33601-1110

Financial statements of the discretely presented HFA, including budget and actual comparisons, may be obtained directly from that entity. For a nominal photocopying charge, the HFA financial statements may also be obtained from:

Board of County Commissioner Records P.O. Box 1110, Tampa, Florida 33601-1110

Related Organizations

The BOCC appoints a voting majority of the governing bodies of certain entities for which the County is not financially accountable. These entities are classified as related organizations. In accordance with governmental accounting standards, related organizations are excluded from the financial reporting entity, but their relationships with the County are disclosed.

Hillsborough County Hospital Authority (HCHA) was created to operate a hospital. Although the BOCC appoints a voting majority of the HCHA's governing body, the BOCC does not have the ability to impose its will on the HCHA, nor does it have a financial/benefit burden relationship with the HCHA. The HCHA has the autonomous authority to establish its own budget, set rates for medical services, and issue its own revenue bonds. The outstanding debt of the HCHA is not an obligation of the County.

Arts Council of Hillsborough County (AC) was created for developing and promoting the performing and visual arts in Hillsborough County. The BOCC appoints a voting majority of the AC's governing body, but each appointment may be made only from a list of candidates nominated by the existing governing body of the AC. The BOCC does not have the ability to impose its will on the AC, nor does it have a financial benefit/burden relationship with the AC. The AC has the autonomous authority to set fees and issue its own debt. The outstanding debt of the AC is not an obligation of the County.

The Hillsborough County Industrial Development Authority (IDA) was created to finance or refinance industrial capital projects. The BOCC appoints the board members of the IDA. The BOCC does not have the ability to impose its will on the IDA, nor does it have a financial/benefit burden relationship with the IDA. The IDA is neither financially accountable to, nor fiscally dependent on, the BOCC.

Tampa Bay Water Joint Venture

On May 1, 1998, the member governments of the West Coast Regional Water Supply Authority (WCRWSA) reorganized the WCRWSA in accordance with Section 30, Chapter 97-160, Laws of Florida, and Chapter 373, Florida Statutes. The purpose of the reorganization was to meet the region's current and future water supply requirements. The reorganization also resulted in a new forty-year master regional water supply contract and interlocal governance agreement. The WCRWSA was dissolved and a new organization named Tampa Bay Water (TBW) was created. The new regional water supply agreement became effective on September 29, 1998 to coincide with TBW's issuance of Series 1998A and 1998B Utility System Revenue Bonds.

A joint venture is a legal entity resulting from a contractual arrangement that is governed by two or more participants in which the participants retain either an ongoing financial interest or an ongoing financial responsibility. The County is one of six participants governing Tampa Bay Water and has an ongoing contractual responsibility to purchase water solely from TBW.

TBW sets water rates to produce sufficient revenue from the participants to meet its operating costs and debt service requirements. TBW's audited financial statements for the fiscal year ended September 30, 2020 may be obtained from:

Director of Finance and Administration Tampa Bay Water 2575 Enterprise Road Clearwater, Florida 33763-1102

B. Basic Financial Statements

The County's Basic Financial Statements contain three components: government-wide financial statements, fund financial statements, and notes to the financial statements.

Government-wide financial statements The government-wide financial statements provide an overview of the County's financial position using the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. The government-wide financial statements include not only the County itself (the primary government), but also its component units, the legally separate entities for which the County is financially accountable. The Statement of Net Position presents information on all of the assets, deferred outflows of financial resources, liabilities and deferred inflows of financial resources of the County as a whole. The difference between "assets and deferred outflows of resources" and "liabilities and deferred inflows of resources" is reported as net position. Changes in net position may serve as an indicator of whether the financial position of the County is improving or deteriorating. The Statement of Activities presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying economic transactions occur, regardless of when cash is received or paid. Therefore, some of the revenues or expenses reported in the statement of activities will have cash flows in future fiscal periods. For example, uncollected taxes are shown as revenues although cash receipts will occur in the future. Unused vacation leave is recorded as an expense even though related cash outflows will occur in the future. See Note 1.L., *Deferred Outflows of Resources and Deferred Inflows of Resources*, for more information.

The government-wide financial statements show a distinction between activities that are supported primarily by taxes and intergovernmental revenues (governmental activities) and activities that are intended to recover all or most of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation functions. The business-type activities of the County include the Water Enterprise and Solid Waste Enterprise operations.

Program revenues include charges for services, operating grants and contributions, capital grants and contributions, and restricted interest earnings. The charges for services category encompasses revenues from licenses and permits, fines and forfeitures, and special assessments, as well as charges for service transactions. Restricted interest is interest related to specific programs within business-type activities.

Revenue and expense transactions respectively, for services provided by the internal service funds to other funds, were not eliminated in the government-wide statement of activities so that amounts in the applicable functions would not be distorted. The government-wide financial statements are presented as if the internal service activities took place in governmental activities. As a result internal service fund assets, liabilities, revenues, and expenses were added to the applicable governmental activities. Internal service fund transactions between the governmental activities and business-type activities were eliminated. Any revenues and expenditures remaining after eliminations, are presented in the governmental activities columns of the government-wide financial statements.

Administrative overhead charges are allocated in BOCC accounting records using a "cost allocation plan." For example, the costs of Management and Budget, Procurement Services, Facilities Management, Human Resources, Administrative Services, County Attorney, and other "indirect" activities are allocated to benefiting functions. Such administrative overhead charges are removed, except for costs allocated to business-type activities.

Fund financial statements A *fund* is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The County uses fund accounting to ensure and demonstrate compliance with legal, legislative, contractual, and other finance-related provisions. All of the County's funds may be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds Most of the County's basic services are reported in governmental funds, which focus on how money or other spendable financial resources flow into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the County's general governmental operations and the basic services it provides. The measurement focus is based upon determination of changes in financial position. Governmental fund information helps determine whether financial resources that can be spent in the near future to finance the County's programs have increased or decreased. The Balance Sheet – Governmental Funds is followed by a reconciliation to the Statement of Net Position and the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds is followed by a reconciliation to the Statement of Net Position to the Statement of Activities. The following is a description of the County's major governmental funds:

The **General Fund** is the County's primary operating fund. It is used to account for all financial resources of the general government except those required to be accounted for in other funds. The General Fund is subdivided into the following categories: Countywide, Unincorporated Area, Sheriff, Tax Collector, Property Appraiser, Supervisor of Elections, and Clerk of Circuit Court.

The **Countywide Special Purpose Revenue Fund** is used to account for special purpose revenues used to provide services for residents throughout the County, including expenditures of a discretionary sales surtax for a healthcare program for low-income residents.

The **Sales Tax Revenue Fund** is used to account for the 5% tourist development tax designated for the promotion of tourism in the County, the local government half-cent sales tax, the discretionary sales surtax for infrastructure (Community Investment Tax), and state shared revenues, which are transferred to other funds for various program expenditures.

The **Intergovernmental Grants Fund** is used to account for federal, state, local governmental or non-governmental grants and state shared revenues for programs including aging services, children's services, social services, public assistance, housing, and capital projects.

The **County Transportation Fund** is used to account for motor fuel taxes, state revenue sharing, and various grant funds designated to finance road and street construction, maintenance, and other transportation projects.

The **Transportation Improvement Surtax Projects Fund** is used to account for activity associated with a voter-initiated and approved ballot measure which amended the Hillsborough County Charter, which levies a one percent discretionary sales surtax for transportation improvements as authorized by Sections 212.054 and 212.055, Florida Statutes, a Circuit Court ruling, Interlocal agreements and County Ordinance 19-20. This fund specifically accounts for the transportation surtax revenue distributed to the BOCC. The transportation surtax revenue to the Hillsborough Metropolitan Planning Organization (MPO), a discretely presented component unit, is recorded by the MPO. Transportation Surtax requirements are subject to change as court rulings are issued. See Note 18, Subsequent Events, for more information

The Local Housing Assistance Program Fund is used to account for State Housing Initiatives Partnership (SHIP) program revenues received from the state of Florida. This program makes loans to low and moderate income persons, first time home buyers, builders and others for funding home purchases, new home construction, existing home renovation, and for the payment of matching funds needed to obtain grants.

The **CARES Act Fund** is used to account for Coronavirus Aid, Relief, and Economic Security Act (CARES Act) monies received from the Federal Government. This Act provides assistance for workers, families, small businesses, and state and local governments.

"Other Governmental Funds" is a summarization of all nonmajor governmental funds, which are shown separately in the "Combining and Individual Fund Statements and Schedules" Section.

The County maintains two different types of **Proprietary Funds**. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its Water Enterprise Fund and Solid Waste Enterprise Fund operations. Both of these operations are considered to be major proprietary funds of the County. Internal service funds are used to accumulate and allocate costs internally among the County's other functions. The County uses internal service funds to account for Self-Insurance, Fleet Management, and Risk Management programs. These programs are included within governmental activities in the government-wide financial statements because they predominantly benefit governmental rather than business-type functions. The three internal service funds are combined into a single column on the proprietary fund financial statements. In proprietary funds, operating revenues and expenses are distinguished from nonoperating revenues and expenses. Operating revenues consist of charges for services. Operating expenses include such items as personnel and contractual services, costs of services provided, and depreciation on capital assets. Nonoperating revenues and expenses are those transactions that are not directly related to a proprietary fund's principal activities. Nonoperating revenues and expenses include grants, investment earnings, and interest expense. The County's two major proprietary funds are described below:

The **Water Enterprise Fund** is used to account for the operations of the water and wastewater system in the unincorporated areas of the County. Water and wastewater fees are determined annually by rate studies and are set at levels to recover the expenses of operations, including debt service, in a manner similar to private business enterprises. Activities necessary to provide water and wastewater service are accounted for in this fund, including customer service, engineering, operations, and maintenance.

The **Solid Waste Enterprise Fund** is used to account for countywide solid waste management operations. Refuse generated in the unincorporated areas of the County is collected by franchised and non-franchised collectors serving residential and commercial customers and by private companies serving their own customers. Refuse tipping fees are reviewed annually and are set at levels sufficient to recover operating and debt service expenses. The Solid Waste Fund also owns and operates landfills and monitors closed landfills.

Fiduciary funds are used to account for resources held for the benefit of parties outside the primary government. Fiduciary funds are specifically used for purposes such as: holding non-commitment bond proceeds and related bonds payable liabilities of the reclaimed water improvement units and capacity assessment units which are not obligations of Hillsborough County; payroll deductions payable, performance bonds, the Clerk of Circuit Court's tax accounts; forfeited bond accounts, fines and forfeiture accounts; and various other agency accounts. Agency funds are fiduciary funds used to account for assets that the County holds on behalf of others as their agent. Fiduciary funds are not included in the government-wide financial statements because the resources of these funds are not available to support County programs.

Reconciling Government-wide Financial Statements to Fund Financial Statements

The differences between the government-wide financial statements and the fund financial statements are identified in the following sections of the Basic Financial Statements: Reconciliation of the Balance Sheet – Governmental Funds to the Statement of Net Position – Governmental Activities; Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities; the reconciliation at the bottom of the Balance Sheet, Proprietary Funds; and the reconciliation at the bottom of the Statement of Revenues, Expenses, and Changes in Net Position, Proprietary Funds.

C. Measurement Focus and Basis of Accounting

Accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the types of resources being measured such as current financial resources (current assets less current liabilities) or economic resources (assets and deferred outflows of resources less liabilities and deferred inflows of resources). The basis of accounting indicates the timing of transactions or events for recognition in the financial statements. For example, under the accrual basis of accounting, transactions are recognized when the transactions take place, whereas on the cash basis of accounting, transactions are recognized or paid.

The proprietary fund financial statements and the government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The governmental fund financial statements are presented using the current financial resources measurement focus and modified accrual basis of accounting. The agency fund financial statements are presented using the accrual basis of accounting. Since agency funds do not show revenues or expenditures, a measurement focus is not applicable for agency funds.

With the economic resources measurement focus, all assets and liabilities as well as all deferred outflows and inflows of resources associated with the operation of these funds are included on the balance sheet. With the accrual method of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. Government-wide financial statements and proprietary fund financial statements show increases (revenues) and decreases (expenses) in net position, regardless of when the related cash flows take place.

Governmental fund financial statements are presented using the current financial resources and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and any applicable deferred outflows or inflows of resources are generally included on the balance sheet. Operating statements of these funds show increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, that is, when they become both measurable and available to pay liabilities of the current period. Revenues not considered available are recorded as *unavailable revenue*, a deferred inflow of resources. See Note 1.L., *Deferred Outflows of Resources and Deferred Inflows of Resources*, for more information. Expenditures are recorded when a liability is incurred, regardless of when the related cash flow takes place, except for (a) unmatured interest on general long-term debt (b) pension and OPEB obligations, (c) claims and judgments, and (d) compensated absences, which are recorded when due.

In applying the susceptible to accrual concept to intergovernmental revenues, there are essentially two types of revenues. In one, money must be expended for specific purposes or projects before any intergovernmental revenues will be received by the County; therefore, revenues are recognized based on the timing of expenditures incurred. In the other, intergovernmental revenues are virtually unrestricted and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

The availability period used for revenue recognition under the modified accrual basis of accounting is as follows: Property taxes are recognized as revenue in the fiscal year for which taxes are levied, provided they are collected within 60 days after fiscal year-end. Special assessments are recorded as revenue in the year the payments are due, provided they are collected within 60 days after fiscal year-end. Investment earnings such as interest revenues are recorded as earned and available. Fire Rescue billings are recognized as revenue if expected to be collected within 120 days. Intergovernmental grant revenues are recognized when eligibility requirements are met and related amounts are available from grantors if expected to be collected within 180 days. Certain other revenues such as sales taxes and state shared revenues are recognized as revenues if expected to be received within 60 days. Certain other miscellaneous revenues are recorded as revenues when received because they are generally not measurable until actually received.

D. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

E. GASB Statements

The County adopted the following Governmental Accounting Standards Board (GASB) Statements during the fiscal year ended September 30, 2020:

GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance

Issued in May 2020, the Statement's primary objective is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The objective is accomplished by postponing the effective dates of certain provisions in Statement and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018 and later. The effective dates of certain provisions contained in the following pronouncements are postponed by one year and up to eighteen months. The adoption of Statement No. 95 did not impact the County's' financial position of results in operations.

The County will implement new GASB Pronouncements no later than the required effective date. The following GASB Pronouncements have been issued, but are not in effect for the County as of September 30, 2020.

GASB Statement No. 84, Fiduciary Activities

Issued in January 2017, this Statement improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. The County will implement this Statement for fiscal year ending September 30, 2021. Management is still evaluating the impact of the adoption of this Statement on the County's financial statements but not does expect it to be significant.

GASB Statement No. 87, Leases

Issued in June 2017, this Statement is to improve the accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The Statement establishes a single model for lease accounting based on the foundational principle that leases are financing's of the right to use an underlying asset. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The County will implement this Statement for fiscal year ending September 30, 2022. Management is still evaluating the impact of the adoption of this Statement on the County's financial

statements.

GASB Statement No. 90, Majority equity interest - An amendment of GASB Statements No. 14 and No. 61

Issued in August 2018, the Statement was issued to improve the consistency and comparability of reporting a government's majority equity interest in a legal separate organization and to improve the relevance of financial statement information for certain component units. The County will implement this Statement for fiscal year ending September 30, 2022. Management is still evaluating the impact of the adoption of this Statement on the County's financial statements but does not expect it to be significant.

GASB Statement No. 91, Conduit Debt Obligations

Issued in May 2019, this Statement is to improve the accounting and financial reporting for conduit debt obligations for governments. This Statement's objective is to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. Statement No. 91 clarifies the existing definition of conduit debt obligations; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The County will implement this Statement beginning with fiscal year ending September 30, 2023. The adoption of Statement No. 91 is not expected to impact the County's financial position or results of operations.

GASB Statement No. 92, Omnibus 2020.

Issued in January 2020, this Statement addresses various accounting issues including: the modification of the effective date of Statement No. 87; reporting of intra-entity transfers of assets between a primary government and a component unit defined benefit pension plan or defined benefit OPEB plan; the applicability of certain GASB statements to reporting assets accumulated for pension and OPEB; the applicability of certain requirements of Statements No. 84; and measurements of liabilities and assets, if any, related to asset retirement obligations in a government acquisition. The change in the effective date for GASB Statement No. 87 was immediate and the other provisions are effective for the County beginning with fiscal year ending September 30, 2022. Management is currently evaluating the impact of the adoption of this Statement on the County's financial statements.

GASB Statement No. 93, Replacement of Interbank Offered Rates

Issued in March 2020, this Statement addresses the global reference rate reform and the ceasing of LIBOR as the end of 2021. Under this Statement, governments are required to amend to replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate. This Statement will be effective for the County beginning with its fiscal year ending September 30, 2022. Management is currently evaluating the impact of the adoption of this Statement on the County's financial statements.

GASB Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements

Issued in March 2020, this Statement addresses issues related to public-private and public-public partnership arrangements. This Statement establishes the definitions of Public-Private Partnerships, Public-Public Partnerships, and Availability Payment Arrangements and provides uniform guidance on accounting and financial reporting for transactions that meet those definitions. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to Public-Public Partnerships's consistently and disclose important information about Public-Public Partnership transactions. This Statement will be effective for the County beginning with its fiscal year ending September 30, 2023. Management is currently evaluating the impact of the adoption of this Statement on the County's financial statements.

GASB Statement No. 96, Subscription-Based Information Technology Arrangements

Issued in May 2020, this Statement is to improve the accounting and financial reporting for subscription-based information technology arrangements (SBITs) by governments. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payment, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. This Statement will be effective for the County beginning with its fiscal year ending September 30. 2023. Management is currently evaluating the impact of the adoption of this statement of the County's financial statement but does not expect it to have a significant effect on its financial statements.

GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and supersession of GASB Statement No. 32

Issued in June 2020, this Statements objectives are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. Objectives (1) and (2) of this Statement are effective immediately for the County and did not impact the County's financial position or results in operation. Objective (3) of this Statement will be effective for the County beginning with its fiscal year ending September 30, 2022. The adoption of Statement No. 97 is not expected to impact the County's financial position or results of operations.

F. Cash, Cash Equivalents and Investments

Cash consists of checking and savings accounts, collectively designated as cash deposits. Cash deposits are carried at cost. For purposes of financial statement presentation, cash equivalents are highly liquid investments with maturities of three months or less from date of purchase.

The County deposits cash in qualified public depositories. The deposits are insured by the Federal Deposit Insurance Corporation and/or secured by the multiple financial institution collateral pool established under Chapter 280, Florida Statutes. In accordance with these statutes, qualified public depositories are required to pledge eligible collateral in varying percentages. Any losses to public depositors are covered by applicable deposit insurance, by the sale of pledged securities, and by assessments against other qualified public depositories, if necessary.

County Ordinance 08-6 and Section 218.415, Florida Statutes, authorize the County to invest in obligations of the US government, its agencies and instrumentalities, and certain other investments. Investments are stated at fair value. More information is provided in Note 3, *Deposits and Investments*.

The County follows GASB Statement No. 72, *Fair Value Measurement and Application*. GASB Statement No. 72 covers determining fair value measurement for certain investments and disclosures related to all fair value measurements. See Note 3, *Deposits and Investments*, for more information on GASB Statement No. 72 as well as GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*.

G. Accounts Receivable

All trade and other receivables are shown net of an allowance for uncollectible amounts. Receivables are analyzed for their collectability based on the terms and conditions of agreements, as well as current economic conditions and consideration of the creditors ability to pay. In addition to those receivables specifically identified as uncollectible, a general allowance is established for receivables older than one year.

H. Unbilled Utility Service Receivables

Billings to water and wastewater customers are generally based on metered consumption, which is determined at various dates each month. At fiscal year-end, unbilled receivables are recorded and revenue is recognized in the Water Enterprise Fund based on estimated water consumption since the last billing cycle.

I. Inventories and Prepaid Items

Inventories are valued at of cost (using the first-in, first-out or average cost methods). The cost of inventories or prepaid items in all enterprise funds are recorded as an expense at the time individual inventories or prepaid items are consumed (consumption method). The cost of inventories in all governmental funds are recorded as expenditures at the time individual inventories are purchased (purchase method). Inventories on hand in governmental funds at fiscal year-end are reported as assets on the balance sheet. The amount held in inventory and prepaid charges if applicable, is shown as nonspendable fund balance on the fund financial statements because these amounts may not be spendable during the current period.

J. Capital Assets

Property, plant, and equipment, and infrastructure assets (such as roads, sidewalks, bridges, and drainage systems), are reported in the applicable governmental or business-type activities columns of the government-wide Statement of Net Position. Except for intangible assets described later in this note, capital assets are defined as those assets with an initial, individual cost of over \$1,000. Capital contributions are recorded at their acquisition value after the receipt of the asset and formal acceptance by the BOCC. Depreciation is calculated using the straight-line method over estimated useful lives ranging from 5 to 50 years for buildings, 10 to 35 years for improvements other than buildings, and greater than 1 year up to 10 years for equipment. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Infrastructure assets are not depreciated since the County has an asset management system in place and has made a commitment to preserve infrastructure assets at or above the condition levels set by the BOCC. See Infrastructure Condition and Maintenance Data section (required supplementary information after the Notes to the Financial Statements) for more information.

All capital assets, associated with Solid Waste Enterprise, Water Enterprise and Internal Service Funds are recorded and depreciated within the applicable enterprise or internal service funds. However, capital assets associated with Governmental Funds are not recorded in the respective governmental fund. The capital assets of the governmental activities and business-type activities are presented in the Governmentwide Statement of Net Position.

The County follows GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets*. Intangible assets are assets that lack physical substance, are non-financial in nature, and have initial useful lives of over one year. Intangible assets under GASB Statement No. 51 include easements and internally or externally generated software, but exclude investments, capital leases, or purchase price in excess of book value (goodwill). Intangible assets are capitalized and treated like capital assets for accounting purposes, but are amortized rather than depreciated. The County uses a capitalization threshold of \$5,000 for intangible assets.

There are three stages involved in internally generated software. The *preliminary project* stage includes conceptual formulation, surveying the existence of needed technology, evaluation of alternatives, and final selection of alternatives for the development of the software. The *application development* stage includes designing the software, including configuration and interfaces, coding, installation to hardware, and testing, including the parallel processing phase. The *post-implementation/operation* stage includes training and software maintenance. Only application development stage costs are capitalized as intangible assets. Preliminary project stage costs and post-implementation stage costs are expensed. Data conversion is considered a part of the application development stage only to the extent it is necessary to make the software operational, that is, in a condition for use. Otherwise, data conversion is considered a post-implementation/operation stage activity. Purchased software is handled like internally generated software.

GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets,* was implemented prospectively, so only intangible assets acquired or generated on or after October 1, 2009 are capitalized. During fiscal year 2020, the County capitalized \$1,526,000 and \$2,479,000 of software in the governmental activities and business type activities, respectively, and also capitalized easements of \$1,922,000 in the governmental activities.

In the governmental fund financial statements, the costs associated with the acquisition or construction of capital assets are shown as capital outlay expenditures. Capital assets are not shown on the governmental fund balance sheets. In the proprietary fund financial statements, the costs associated with the acquisition or construction of capital assets are recorded as increases in capital assets. See Note 6, *Capital Assets*, for more information.

K. Restricted Assets

Restricted assets represent amounts set aside for debt service, construction, operating and maintenance, and renewal, replacement and improvements under the terms of outstanding bond agreements and regulatory requirements. Bond construction accounts include bond proceeds available for design and construction of capital projects. The debt service accounts contain principal and interest amounts required for payments due within one year. The bond reserve accounts contain the maximum amount of principal and interest requirements pursuant to bond resolutions. The operating and maintenance accounts, renewal, replacement and improvement accounts also contain amounts required by bond resolutions to be set aside.

L. Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense or expenditure) until then. The Hillsborough County primary government has several items that qualify for reporting in this category. One item is the loss on refunding resulting from the difference in the carrying value of refunded debt and its reacquisition price. This amount is amortized using the effective-interest method in the government-wide and proprietary fund financial statements over the shorter of the life of the old bonds or the life of the new bonds. At September 30, 2020, the Hillsborough County Primary Government had \$7,181,000 of unamortized bond refunding losses that were reported as deferred outflows of resources. The County had five pension-related items that qualified as deferred outflows of resources. These items total to \$356,180,000 for Governmental Activities and \$18,815,000 for Business-Type Activities at September 30, 2020. See Note 8, *Employee Retirement Plans*, for more information. OPEB related deferred outflows amounted to \$33,876,000 for Governmental Activities and \$920,000 for Business-Type Activities as of September 30, 2020. See Note 9, *Other Post Employment Benefits (OPEB)*, for more information. The County also had deferred outflow of resources for purchase price of utility systems in excess of book value in the Water Enterprise Fund. These items had a balance of \$5,856,000 at September 30, 2020 reported in Business-Type Activities. For fiscal year 2020, purchase price in excess of book value (goodwill) of \$395,000 was amortized to operating expense and included in "depreciation and amortization" in the proprietary fund financial statements.

The Housing Finance Authority Component Unit had "hedging derivatives" of \$12,000 reported as deferred outflow of resources. See Note 1.Z., *Derivative Instruments*, for more information.

Deferred inflows of resources represent acquisition of resources that apply to future reporting period(s) and will not be recognized as an inflow of resource (revenue) until then. The County had pension and OPEB-related items that qualify as deferred inflows of resources. These items total to \$35,226,000 for Governmental Activities and \$2,327,000 for Business-Type activities at September 30, 2020. See Note 8, *Employee Retirement Plans* and Note 9, *Other Post Employment Benefits (OPEB)*, for more information.

M. Compensated Absences

In accordance with GASB Statement No. 16, *Accounting for Compensated Absences*, the County accrues a liability for compensated absences, as well as certain other salary-related costs associated with the payment of compensated absences. The County's compensated absences liability at September 30, 2020 consisted of accruals for vacation, sick leave and personal time off (PTO). Vacation leave is accrued as a liability as the benefits are earned by employees. Sick leave is also accrued as a liability as the benefits are earned by employees, but only to the extent that it is probable that the County will compensate employees for the benefits through cash payments at termination, such as retirements. Vacation and sick leave apply to all employees at the County other than the Clerk. PTO is a combined leave benefit that Clerk employees can use for either sick and/or vacation time. PTO is accrued as a liability as benefits are earned, similar to vacation time.

Hillsborough County Human Resources Policies and Procedures state that sick leave termination payments are to be made under two conditions. Compensation for employees in "Plan A" includes a sick leave payment at termination for all hours of sick time accrued up to 480 hours and half of the sick time accrued over 960 hours. Compensation for employees in "Plan B" includes a sick leave payment at termination if any of the employee's sick leave hours accrued at February 2, 1997 remain unused, with payment only for sick time hours accrued up to 480 hours and half of the sick time hours accrued over 960 hours. A liability is recorded for each employee who has a termination payment under Plan A or Plan B. Employees in Plan B hired after February 2, 1997, will not receive a sick leave payment at termination, so no liability is recorded for these employees.

The Clerk started a PTO program during fiscal year 2017. To reduce compensated absences liabilities prior to implementation, the Clerk offered an optional sick leave buy out of amounts that would be payable at termination to employees in Plan A and employees in Plan B hired before February 2, 1997. Remaining sick hours were converted partly to PTO and partly to a "catastrophic leave account" based on the formulas set for employees in Plan A, Plan B (hired by February 2, 1997) and Plan B (hired after February 2, 1997). Hours placed in the catastrophic leave account cannot be used by employees except in the event of catastrophic health problems where all PTO balances have been exhausted and use is approved by the Clerk. During fiscal year 2020, all catastrophic leave account balances were paid to employees and no future catastrophic leave account payments are possible.

The compensated absences liability also includes other salary-related costs incrementally associated with the payment of compensated absences such as the County's share of Social Security and Medicare taxes. The entire compensated absences liability, both short-term and long-term portions, is recorded in the government-wide financial statements and the separate proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of an employee resignation or retirement.

N. Conduit Debt Obligations

The County's conduit debt obligations are certain limited-obligation revenue bonds or similar debt instruments issued for the specific purpose of providing capital financing for a specific third party, who is solely responsible for repayment of the bonds, that is not a part of the County's financial reporting entity. Although conduit debt obligations bear the name of a non-County related organization, neither the County nor the related organization has an obligation for such debt. See Note 7.J., *Non-Commitment Conduit Debt Obligations*, for more information.

O. Landfill Closure and Postclosure Care Costs

In accordance with governmental accounting standards, the County, as a municipal solid waste landfill owner, records a current expense and the related long-term liability for certain future landfill closure and postclosure care costs for landfills accepting solid waste. The portion of these future costs currently recognized is based on the amount of landfill capacity consumed as of the balance sheet date. The County also records the current estimated liability for remediation and monitoring costs for landfills that closed on or before October 9, 1991. More information on these expenses and related long-term liabilities is shown in Note 15, *Accounting for Municipal Solid Waste Landfill Costs*.

P. Deferred Losses on Debt Refundings, and Original Issue Discounts and Premiums

In the government-wide financial statements and proprietary fund financial statements, there are several situations where amounts are amortized to interest expense. When losses are incurred from issuing new debt to refund outstanding debt, they are presented as deferred outflows of resources. Original issue discounts are reported as deductions from the principal balance of long-term bonds. Conversely, original issue premiums are reported as additions to the principal balance of long-term bonds.

Deferred refunding losses, original issue premiums and discounts are amortized using the effective interest method and reported as a component of interest expense on the governmentwide and proprietary fund Statements of Activities. The amortization period is the remaining life of either the old debt or the new debt, whichever is shorter. During fiscal year 2020, deferred refunding losses, and original issue discounts and premiums amortized were, in total, a reduction of \$5,584,000 for governmental activities and a reduction of \$5,499,000 for business-type activities as shown in the following chart.

(Amounts in Thousands)	eferred efunding Loss	Original Issue Discount	Original Issue Premium	Total Amortized to Interest
Governmental activities	\$ 1,235	5	(6,824)	(5,584)
Business-type activities Totals	\$ (2,392) (1,157)	<u>337</u> 342	<u>(3,444)</u> (10,268)	<u>(5,499)</u> (11,083)

Q. Self-Insurance

The County has self-insurance internal service funds maintained by the BOCC and Sheriff. These self-insurance funds include both *risk management* and *employee group health insurance* activities.

Risk management deals with risks related to workers' compensation, and general and automotive liability. The County is substantially self-insured for workers' compensation claims as permitted by Florida law. The BOCC is self-insured for workers' compensation claims up to a maximum of \$650,000 per occurrence for regular employees and \$1,000,000 for firefighters, with unlimited excess coverage above the self-insurance cap. The Sheriff is self-insured for workers' compensation claims up to a maximum of \$500,000 per occurrence with unlimited excess coverage above the self-insurance cap. The County is also self-insured against general liability and automotive claims with limited liability per Section 768.28, Florida Statutes, of \$200,000 per person and \$300,000 per occurrence. Negligence claims in excess of the statutory limits can only be recovered through certain federal lawsuits or acts of the Florida Legislature.

The County also provides a group health insurance plan for its employees and their eligible dependents. The County has an employee group health self-insurance plan in order to account for and finance its uninsured risks of loss. Under this plan, the County is self-insured for up to \$550,000 per person annually. Stop-loss insurance was purchased to cover an unlimited lifetime amount per person above the \$550,000 per person deductible.

Based on actuarial estimates, liabilities have been established in the self-insurance fund for claims reported but not paid, and incurred but not reported. In addition, premiums charged to customer departments are recorded as revenues in the self-insurance fund and as insurance assessment expenditures in the customer departments. See Note 13 for more information on the Self-Insurance Fund and the actuarially determined claims liabilities.

R. Employee Retirement Plans

With a few exceptions, all full-time and part-time employees working for the County in regularly established positions are members of the Florida Retirement System (FRS), a multiple-employer cost-sharing public employee retirement system administered by the state of Florida. The governmentwide Statement of Net Position and Proprietary Fund Financial Statements present the County's proportionate shares of the net pension liabilities associated with the retirement plans offered by the Florida Retirements System. The County follows GASB Statement No. 68, Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date; an amendment of GASB Statement No. 68. See Note 8, Employee Retirement Plans, for more information. GASB Statements 68 and 71 cover the measurement of the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense for the retirement plans offered. The County follows GASB Statement No. 82, Pension Issues, and an amendment of GASB Statement No. 67, No. 68, and No. 73. This statement provides for covered payroll to be used in required supplemental information.

S. Other Postemployment Benefits (OPEB)

The County provides health-related benefits to retirees and certain former employees through a limited stipend to offset the cost of health insurance for regular retirees from ages 62 to 65 and to special risk retired employees from ages 55 to 65. This monthly stipend is \$10 for each year of service up to a maximum benefit of \$300 per month for Sheriff retirees and surviving spouses or \$5 for each year of service up to a maximum benefit of \$150 per month for all other County retirees. In addition the County is deemed to provide an "implicit subsidy" because Florida Statute 112.0801 requires governments to allow retirees and certain former employees to obtain healthcare at the same "group rates" that current employees are charged.

The County follows GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. See Note 9, Other Postemployment Benefits (OPEB), for more information.

T. Use of Restricted Versus Unrestricted Net Position

Net position represents the residual interest in the County's assets and deferred outflows of resources after liabilities and deferred inflows of resources are deducted and consists of three components: net investment in capital assets, restricted, and unrestricted net position. Net investment in capital assets includes capital assets, net of accumulated depreciation, reduced by outstanding debt incurred to acquire, construct, or improve those capital assets, excluding unexpended debt proceeds. The restricted category represents the balance of assets restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net position consists of the net position not meeting the definition of either of the other two components. When both restricted and unrestricted net position are available, it is the County's policy that restricted resources are used first if appropriate.

U. Interfund Transfers In and Out

In the Statement of Activities, interfund activity, such as transfers in and out as well as transfers within the Internal Service Funds and within the Governmental Activities category, is eliminated. Interfund activity between Governmental and Business-type activities is not eliminated. Interfund services provided and used between functions are not eliminated because removing interfund services used would distort the functional expenses presented in the Statement of Activities. Except for intrafund activity between the BOCC and Constitutional Officers within the General Fund, intrafund activity in the fund financial statements was eliminated. Intrafund activity between the Constitutional Officers and the BOCC was significant and necessary for effective presentation. See Note 11, *Interfund Transfers In and Out*, for details.

V. Purchase Price in Excess of Book Value

During fiscal year 2004, the County's Water Enterprise Fund recorded goodwill of \$10,155,000 related to the purchase of four independent water and wastewater franchise providers. Goodwill represented the excess of the total price paid compared to the fair value of the tangible capital assets acquired. Through these transactions, the Water Enterprise Fund added over 4,700 customers. The goodwill was scheduled for straight-line amortization over thirty years. Effective with fiscal year 2015, the County implemented GASB Statement No. 69, *Government Combinations and Disposals of Government Operations*. As a result of that statement, newly acquired "purchase price in excess of book value" (the new name for "goodwill") was required to be reported as a deferred outflow of resources rather than as an intangible capital asset. "Purchase price in excess of book value" that was present prior to fiscal year 2015 continued to be reported as an intangible capital asset.

W. Pollution Remediation Obligations

The County follows GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*. This GASB standard requires the recognition of a liability when any of the following events occur: (a) The government is compelled to take remediation action because of imminent danger to public health, welfare, or the environment. (b) The government is in violation of a pollution-prevention-related permit or license under state or federal law. (c) The government is named, or evidence indicates that it will be named, by a regulator as a responsible party or potentially responsible party for remediation. (d) The government is named, or evidence indicates that it will be named, in a lawsuit to compel the government to participate in remediation. (e) The government commences, or legally obligates itself to commence, cleanup activities or monitoring or operation and maintenance of the remediation effort. During fiscal year 2020, the County had no pollution remediation obligations.

X. Fund Balance Reporting and Governmental Fund-Type Definitions

The County follows GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This GASB Statement clarifies governmental fund balance classifications and fund-type definitions. Fund balances are classified either as non-spendable or as spendable. Spendable fund balances are further classified in a hierarchy based on the extent to which there are external and internal constraints on the spending of these fund balances. These classifications are described as follows:

Non-spendable fund balances include amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact. At the County, inventories and prepaid items fall in this category.

Spendable fund balances are classified based on a hierarchy of the County's ability to control the spending of these fund balances.

- *Restricted* fund balances are fund balances constrained for specific purposes which are externally imposed by either creditors, grantors, contributors, or laws or regulations, or imposed by law through constitutional provisions or enabling legislation. Examples include debt service, grant programs and projects, federal and state law, impact fees, Hillsborough Healthcare, and other purposes.
- *Committed* fund balances are fund balances constrained for specific purposes imposed by the government's own governing bodies, which consist of the Board of County Commissioners and the five Constitutional Officers. Committed fund balances are formally established, modified, or rescinded by County ordinances enacted by the Board of County Commissioners.
- Assigned fund balances are fund balances intended to be used for specific purposes, but are neither restricted nor committed. The BOCC has not delegated its authority to other parties. However, when the BOCC adopts resolutions, associated fund balances are shown as assigned because resolutions are at a level of authority lower than County Ordinances. The County had assigned fund balances because the BOCC adopted resolutions for capital project budgets, major maintenance or repair project budgets, and other purposes.
- Unassigned fund balance is the residual positive fund balance within the General Fund, which has not been assigned to other funds and has not been restricted, committed, or assigned. In funds other than the General Fund, unassigned fund balances are limited to negative residual balances.

The County uses restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts prohibiting this, such as grant agreements requiring dollar for dollar spending. In addition, the County uses committed prior to assigned fund balances and assigned fund balances prior to unassigned fund balances.

Y. Tax Abatements

The County follows GASB Statement No. 77, *Tax Abatement Disclosures*. Under this statement, the County discloses the nature of its tax abatement programs and amounts paid to qualified participants. See Note 17, *Tax Abatements*, for more information.

Z. Subsequent Events

In accordance with GASB Statement No. 56, *Codification of Accounting and Financial Reporting Guidance Contained in the AICPA Statements on Auditing Standards,* the County has, while preparing this annual financial report, evaluated events occurring after the balance sheet date through April 22, 2021, which is the date this report was available to be issued. See Note 18, *Subsequent Events,* for more information.

AA. Derivative Instruments

The County is committed to following GASB Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments,* and GASB Statement No. 64, *Derivative Terminations,* if derivative contracts are used by the County in the future. During fiscal year 2020, the Hillsborough County primary government had no derivatives requiring recognition, measurement, or disclosure.

The Housing Finance Authority of Hillsborough County component unit had four mortgage backed security forward sales contracts at September 30, 2020, which were considered derivatives. The fair value of these derivatives, which were effective hedges with a fair value of \$12,000, was reported as deferred outflows of resources with a corresponding liability for derivative instrument - hedging on the statement of net position.

Note 2 Budgetary Accounting

Florida Statutes, requires each county to prepare, approve, adopt, and execute an annual budget, for such funds as required by law, sound financial practice, or GAAP. The budget controls the levy of taxes and the expenditures of money for County purposes. County funds have annually appropriated budgets, meaning that their budgets are established annually. Chapter 129, Florida Statutes, requires that budgetary controls be established at the fund level, and provides that it is unlawful to expend more than is budgeted in a fund, and in no instance may expenditures exceed total appropriations. The Constitutional Officers and component units exercise budgetary control at a legal level of control, which is at the fund level. The legal level of control is that level of detail at which the governing body must approve expenditures or transfers which exceed appropriated amounts. The BOCC exercises budgetary control at a legal level of control, which is at the fund, department, and character level. A character is a category such as personnel services, operating expenditures, capital outlay, debt service, or grants and aids. A separate *Supplemental Budget Versus Actual Expenditures Report for the Fiscal Year Ended September 30, 2020* has been prepared to present the data of the BOCC at its legal level of control for funds with annually appropriated budgets.

During a fiscal year the BOCC may amend its adopted budget. These amendments provide supplemental appropriations in a fund and department to meet operational requirements resulting from: unanticipated circumstances; error corrections; or the need to expend new funds received from grant awards, contributions, insurance recoveries or bond/loan proceeds. During fiscal year 2020, supplemental appropriations to the BOCC budget, excluding Component Units, were approximately \$503,668,000 or 7.6% of the originally adopted budget, compared to supplemental appropriations of 13.7% during the prior year. Some of these supplemental appropriations were due to a variety of reasons including the adjustment of estimated fund balances to actual fund balances where advisable and grant awards received on or after October 1, 2019.

At the end of the fiscal year, the appropriations of annually adopted budgets lapse. Budget amendments may be used to reduce appropriations in cases where actual revenues are anticipated to fall short of original estimates. The intent of the County is to establish a revised budget that provides for the use of available funds where permitted by law.

The County uses encumbrance accounting in governmental funds. Encumbrances represent commitments for future expenditures, based on purchase orders or contracts issued, where the goods or services have been ordered but have not been received. Encumbrances are used to help ensure that the sum of actual expenditures and commitments for future expenditures do not exceed the total level of appropriations authorized. Encumbrances do not constitute expenditures or liabilities because no resources are expended until the goods or services are received.

County budgets are prepared on a basis of accounting consistent with GAAP except for the budget of the General Fund, which is partly prepared on a basis of accounting that differs from GAAP. In the Sheriff portion of the General Fund specifically, there are differences between the budgetary basis of accounting and GAAP in the treatment of grants and contract revenues and related expenditures. On a budgetary basis, cost-reimbursement type grant revenues, contract-related charges for services, and associated expenditures are netted. On a GAAP basis, revenues and expenditures from these grants and contracts are presented at gross amounts in the financial statements.

Florida Statutes require entities that receive property appraisal and tax collection services to pay commissions to the Property Appraiser and Tax Collector, respectively. In addition, Florida Statutes require any unused money to be returned at

year-end to the entities that paid these commissions. On the budgetary basis, distributions of excess fees paid to governmental entities outside of the County's reporting entity are shown as other financing uses and caused a negative variance on the budgetary basis in the General Fund for fiscal year 2020 because distributions exceeded appropriations.

With the Property Appraiser and Tax Collector portions of the General Fund, there are differences between the budgetary basis of accounting and GAAP in the treatment of excess fee distributions to governmental entities outside of the County's reporting entity. On a budgetary basis, distributions of excess fees through these two funds are reported as other financing uses. On a GAAP basis, these distributions are reported as expenditures because there is a reduction in the net financial resources of the County. The negative variance was not unfavorable because it represented the return of savings from Property Appraiser and Tax Collector operations.

Actual results of operations of the Sheriff, Property Appraiser, and Tax Collector are presented as portions of the General Fund and are reported on a GAAP basis in the Statement or Schedules of Revenues, Expenditures and Changes in Fund Balances. These funds, however, are presented on a budgetary basis on the Schedules of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual.

The Sheriff's Child Protective Investigations Fund, Inmate Welfare Fund, Misdemeanor Probation Services Fund, Communication 911 Fund, BOCC Special Projects Fund, and the Supervisor's Grant Fund did not have legally adopted budgets. Therefore, these funds do not have Nonmajor Special Revenue Funds or Individual Fund Schedules of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual. Reconciliation's of the fund balance as reported on the budgetary basis to the fund balance reported on the GAAP basis are presented on the face of the applicable statements or schedules on the budgetary basis.

The General Fund was \$15,084,000 over budget in transfers out primarily because residual funds sent back to the BOCC at year-end are not budgeted or are budgeted very conservatively. The Sheriff, Tax Collector and Clerk returned \$26,909,000, \$17,771,000 and \$4,676,000, in residual funds and/or excess fees, respectively.

The County's legal level of control is at the fund, department and character level. The budget and actual statements and schedules are presented at a function level. There were over budget conditions at the function level in the following funds, created when a certain function was budgeted, but actual expenditures were recorded in another function: The Countywide Special Purpose Fund was \$1,051,000 over budget in culture and recreation expenditures. The Intergovernmental Grants Fund was \$6,000 over budget in culture and recreation expenditures. The County Transportation Fund was \$212,000 and \$68,000 over in physical environment and human services expenditures, respectively. Even though there was a difference in the function budgeted versus the function actually charged, the expenditures are within the legal level of control at the fund, department and character level.

Note 3 Deposits and Investments

A. Deposits

At September 30, 2020, the total of the carrying amounts of the County's deposits (unrestricted and restricted) was \$110,381,000 and the total of the bank balances was \$138,520,000. The County's deposits consisted of demand deposits, and money market accounts. The bank balances are fully insured by federal deposit insurance and/or secured by the multiple financial institution collateral pool established under the "Florida Security for Public Deposits Act," Chapter 280, Florida Statutes. Cash in excess of the operating requirements of each fund are pooled and invested by the County in a variety of deposits and investments with the objectives of optimizing safety, liquidity, and yield, in that order. Earnings from pooled investments are allocated to each of the funds based on the average daily cash equity balance of each fund or as prescribed by BOCC resolution. Amounts that may not be commingled in accordance with certain bond resolutions or other agreements are invested outside the investment pool. For the component units which are in the County reporting entity figures shown above, the carrying amounts and bank balances were both \$256,000.

B. Investments

In accordance with GASB Statement 31, Accounting and Financial Reporting for Certain Investments and External Investment Pools, investments are carried and reported at fair value, except for investments in qualifying pools, certificates of deposits and money market funds, which are reported at amortized cost as described later in this note. Fair value is the amount at which an investment could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. If quoted market prices are available, they are used to determine fair value. For investments in open-end mutual funds, amortized cost is determined by the fund's current share price. Investments made by the County (unrestricted and restricted) are summarized in the following table. The investments are classified by investment category and show fair value, modified duration in years, and credit rating. All investment income, including changes in the fair value of investments, is reported as a part of interest revenue in the financial statements.

Investments	(Amounts in T	Thousands)	Fair	Modified			
Fair Value	Primary Government	Component Units	Value Level	Duration In Years		Credit Ratings	
U.S. treasury securities	\$ 1,461,527		2	1.1		AA+/A-1+	(b)
U.S. government agency (GNMA)	-	219	2	n/a, 17.0	(a)	AA+/A-1+	(b)
U.S. government sponsored agency securities	565,968	346	2	2.4, 17.0	(a)	AA+/A-1+	(b)
Commercial paper notes	2,997		2	0.1		A-1/A-1+	
Corporate notes	46,541		2	1.0		AA/AA+/AAA	
Municipal bonds	33,804		2	1.5		AA	
Subtotal	2,110,837	565					
Amortized Cost							
State Board of Administration (SBA):							
Florida PRIME	673,286	-		0.2	(c)	AAAm	
Certificates of deposit	-	737		n/a	• •	unrated	
Open-end money market mutual funds	9,385	9,551		0.1, 0.1	(a)	AAAm, unrated	(a)
Total investments	\$ 2,793,508	10,853			. ,		. ,

(a) First figure is for the primary government; second figure is for the Housing Finance Authority component unit.

(b) Standard & Poor's long-term credit rating of AA+ if security's maturity exceeds a year or short-term rating of A-1+ if security's maturity is a year or less.

(c) Weighted average life (WAM) of (86 days)/(365 days) = 0.2 was used to approximate modified duration.

Modified duration is a measure of interest rate risk. It measures the sensitivity of an investment's price to interest rate changes. For example, if an investment security has a modified duration of two years, then a one-percentage point increase in the market interest rate will cause the value of the security to decline by two percent. Conversely, a one-percentage point decline in the market interest rate will cause the value of the security with a modified duration of two years to increase in value by two percent. The modified duration of the investment portfolio of the primary government, as a whole at year-end, was approximately 1.07 years. The duration of callable securities was calculated using the call date as the maturity date.

In accordance with GASB Statement No. 72, *Fair Value Measurement and Application*, the fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are unadjusted quoted prices in active markets for identical assets. Level 2 inputs are significant observable inputs other than quoted prices included in Level 1. Level 3 inputs are significant unobservable inputs. If the fair value of an asset or liability is measured using inputs from more than one level of the hierarchy, then the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

Bond investments are shown in Level 2 because the price of similar bonds would be a Level 2 input. Bond investments are valued monthly with a pricing service that uses matrix pricing. Investments in Florida PRIME, certificates of deposit and open-end money market mutual funds are not placed in a category because their values are measured at amortized costs.

A credit rating is a measure of credit risk, the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Custodial credit risk, a subset of credit risk, is the risk that counterparties fail to fulfill their obligations. All of the investments of the County are insured or registered, or held by the County or its agent in the County's name. Excluding the investment pools managed by the State Board of Administration (SBA), securities issued by the US government, its agencies or instrumentalities, and mutual funds investing in such securities, no one issuer represents 5% or more of the total investments of the County.

C. SBA's Florida PRIME

The SBA manages Florida PRIME, an external investment pool that essentially operates as a money market fund for Florida governmental entities. Regulatory oversight of the SBA is provided by three state of Florida elected officials designated as trustees: the Governor serves as Chairman of the SBA; the Chief Financial Officer serves as Treasurer of the SBA; and the Attorney General serves as Secretary of the SBA. External oversight of the State Board of Administration is provided by the Investment Advisory Council, which reviews investment performance, strategy and decision-making, and provides insight, advice and counsel on these and other matters when appropriate. A six-member Participant Local Government Advisory Council was created to review the administration of the fund and make recommendations to the trustees. Audit oversight is also provided by the state of Florida Auditor General. Since 2007, Florida PRIME has received Standard & Poor's AAAm rating each year, which is the highest rating for an investment pool.

In accordance with GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, Florida PRIME measures its investments at amortized cost, but the County's position in Florida PRIME is considered to be equivalent to fair value. Florida PRIME has a constant net asset value of one dollar.

Florida PRIME currently does not have withdrawal limits or redemption notice periods. With regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, has several provisions. The principal of each account in Florida PRIME is subject to payment at any time from money in Florida PRIME. However, the Executive Director of the SBA may in good faith limit contributions to or withdrawals from Florida PRIME for 48 hours due to the occurrence of an event that has material impact on liquidity or operations. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review of the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity of the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time test, but in no case may the time set by the Trustees exceed 15 days.

Although Florida Statute 218.409(4) gives the SBA authority to impose early withdrawal penalties if the amount and purpose of such fees are disclosed in the enrollment materials, the SBA has not imposed such penalties. As of September 30, 2020, there were no redemption fees, maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to full account values.

D. Investment Policy

The County's investment policy manages interest rate risk, credit risk, and concentration of credit risk by following Section 218.415, Florida Statutes, and County Ordinance No. 08-6. Section 218.415, Florida Statutes, authorizes the County to invest surplus funds in the following:

- a. The state of Florida's Local Government Investment Pool, known as Florida PRIME.
- b. Direct obligations of the US government.
- c. Obligations of US government agencies such as the Government National Mortgage Association.
- d. Obligations of US government sponsored agencies (instrumentalities) such as the Federal Farm Credit System Banks, Freddie Mac (Federal Home Loan Mortgage Corporation), the Federal Home Loan Banks, or Fannie Mae (Federal National Mortgage Association).
- e. Interest-bearing time deposits or savings accounts in qualified public depositories as defined in Section 280.02, Florida Statutes.
- f. US Securities and Exchange Commission registered money market funds with the highest credit quality ratings from a nationally recognized rating agency.
- g. Securities of, or other interests in, any open-end or closed-end management type investment companies or investment trusts registered under the Investment Company Act of 1940 as amended, provided the portfolio is limited to obligations of the US government or its agencies and instrumentalities, and to repurchase agreements fully collateralized by such investments, provided the investment company or investment trust takes delivery of the collateral either directly or through an authorized custodian.
- h. Other investments authorized for the County by law, county ordinance, or resolution.

In addition to the above, County Ordinance 08-6 restricts the County's investments as follows:

- a. The entire portfolio may be invested in US Treasury securities with a maximum maturity length of 10 years, but investments in Treasury strips are limited to 10% of the portfolio.
- b. A maximum of 50% of the portfolio may be invested in the state of Florida's Local Government Investment Pool, known as Florida PRIME.
- c. A maximum of 50% of the portfolio may be invested in US government agency securities, with no more than 10% of the portfolio in any individual US government agency.
- d. A maximum of 60% of the portfolio may be invested in obligations of US government instrumentalities with a maturity length of 10 years, provided that no more than 30% of the portfolio is invested in any one issuer and no more than 25% of the portfolio is invested in callable securities.
- e. A maximum of 20% of the portfolio may be invested in repurchase agreements excluding one-business day agreements and overnight sweep agreements, with no more than 10% of the portfolio in the repurchase agreements of a single institution.
- f. A maximum of 20% of the portfolio may be invested in nonnegotiable interest-bearing time certificates of deposit of an institution with deposits secured by the Florida Security for Public Deposits Act, provided that the maximum maturity on any certificate is no greater than one year and no more than 10% of the portfolio is deposited with any one issuer.
- g. A maximum of 20% of the portfolio may be invested in prime commercial paper (i.e. rated Prime-1 by Moody's, A-1 by Standard & Poor's, or AA by two nationally recognized rating agencies if backed by a letter of credit), with no more

than 5% of the portfolio in the commercial paper of a single issuer. The maximum length to maturity shall be 270 days from the date of purchase.

- h. A maximum of 50% of the portfolio may be invested in money market funds offered by registered investment companies and operated in accordance with 17 CFR 270.2a-7, provided that the money market funds are rated AAAm or AAAm-G or better by Standard & Poor's or the equivalent by another nationally recognized rating agency. No more than 25% of the portfolio may be invested in any one money market fund.
- i. A maximum of 15% of the portfolio may be invested in high quality corporate notes (rated Aa by Moody's and AA by Standard & Poor's), with no more than 5% of the portfolio in the notes of a single issuer.
- j. A maximum of 20% of the portfolio may be invested in intergovernmental investment pools, provided that the total investment does not exceed 25% of the intergovernmental pool.
- k. A maximum of 25% of the total portfolio may be invested in state or local government taxable and/or tax exempt general obligation and/or revenue bonds (rated at least Aa by Moody's and AA by Standard and Poor's) or short-term debt (rated at least MIG-2 by Moody's and SP-2 by Standard & Poor's).
- 1. A maximum of 20% of the total portfolio may be invested in bankers' acceptances issued by a domestic bank or federally chartered domestic office of a foreign bank (rated at least P-1 by Moody's Investors Service and A-1 by Standard & Poor's), with a maximum of 5% of available funds with any one issuer. The maximum length to maturity shall be 180 days from purchase.
- m. Reverse repurchase agreements and securities lending transactions are not permitted.
- n. The maximum maturities shown above may be exceeded if investments are purchased to fulfill long-term debt service reserve requirements, in which case investments are permitted to have maturity dates up through the life of the debt service reserves.

E. Other

At year-end, the County had \$14,991,000, in callable securities of US government sponsored agencies. These securities were purchased because the advantage gained from their higher interest rates more than offset the reinvestment risk-the risk that securities could be called and the proceeds reinvested at lower interest rates.

For the Hillsborough County reporting entity, deposits of \$110,381,000 plus investments of \$2,804,361,000 shown in the notes to the financial statements equal: the total of restricted and unrestricted cash and cash equivalents and investments of \$2,841,227,000 presented on the Statement of Net Position; plus the cash and cash equivalents and investments of \$73,515,000 shown on the Statement of Fiduciary Assets and Liabilities - Agency Funds since the cash and cash equivalents and investments of Net Position.

Note 4 Property Taxes

Property taxes based on assessed values at January 1 are payable on November 1 of each year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percentage point each month thereafter. Taxes become delinquent on April 1 of the following year and tax certificates for the full amount of any unpaid taxes and assessments are auctioned beginning June 1 of that year. Property tax revenue is recorded when it becomes available. Available means when due and collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. No accrual for the property tax levy becoming due in November of 2020 is included in the accompanying financial statements since such taxes are collected to finance expenditures of the subsequent period. Section 200.071, Florida Statutes, limits aggregate ad valorem tax millage against property of the County to 10 mills each for countywide and unincorporated area services unless increased by voter referendum.

Note 5 Accounts Receivable, Amounts Due From Other Governments, and Mortgages Receivable

Accounts receivable at September 30, 2020, for the County's individual major funds and nonmajor funds in total, including applicable allowances for doubtful accounts, were as follows:

(Amounts in Thousands)	-	Accounts eceivable, Gross	Allowance for Doubtful Accounts	Accounts Receivable, Net
General Fund	\$	49,566	(41,255)	8,311
Intergovernmental Grants Fund		1		1
County Transportation Fund		1		1
Nonmajor governmental funds		1,894	(1,134)	760
Internal service funds		580		580
Water Enterprise Fund		214,777	(2,177)	212,600
Solid Waste Enterprise Fund		5,468	(119)	5,349
Total for primary government		272,287	(44,685)	227,602
Component units		126		126
Total for Hillsborough County reporting entity	\$	272,413	(44,685)	227,728

On the following chart of amounts due from other governments at September 30, 2020, "State/Federal Grants" refers to amounts receivable from federal, state, or other grantors. "Due from state of Florida" refers to amounts receivable such as sales taxes, state shared revenues or other non-grant receivables from the state of Florida. Most accounts receivable and amounts due from other governments are expected to be collected within one year.

	Due From Other Governments				
	Sta	te/Federal	State of		
(Amounts in Thousands)		Grants	Florida	Other	Totals
General Fund	\$	224	1,338	-	1,562

Component units		-	-	5,222	5,222
Total for Hillsborough County reporting entity	\$	33,766	93,221	5,222	132,209

The County has a multi-family, single-family, construction and rehabilitation loan program to allow real estate developers with approved construction or rehabilitation projects to receive low interest mortgage loans where interest may be deferred until the end of the loan period under certain conditions. Most of the funding for this affordable housing program comes from the state of Florida's State Housing Initiative Partnership (SHIP) program and the federal government's HOME Investment Partnerships and Community Development Block Grant (CDBG) programs.

The County has two other programs to help provide affordable housing to County residents: (a) The First Time Home Buyers Down Payment Assistance program provides qualified first-time home buyers with a mortgage loan for down payment assistance which is payable upon sale of the house, but will be forgiven if the borrower remains in the house for an agreed upon period of up to 30 years. (b) The owner-occupied rehabilitation loan program allows qualified residents to apply for a mortgage loan for rehabilitation purposes. In certain cases a third-party administrator manages loan repayments. Both of these programs are funded by SHIP, CDBG, and HOME Investment Partnership grant programs.

The County also entered into contracts with not-for-profit entities to provide community services and development. Since grant funding is used for these contributions, the County places liens on these properties. There is no intention for the County to be repaid these amounts. As a result the County records receivables for these amounts, as well as an allowance for doubtful accounts for the full amount of the receivable. There is no effect on Mortgages Receivable, Net.

The County also receives grant funding from the federal government's Neighborhood Stabilization Program (NSP). Under this program, the County uses NSP funding primarily to provide mortgages to nonprofit organizations to buy foreclosed and abandoned residential properties, renovate them, and sell them to members of the public to repeat the process.

Liens have been recorded in official records for the properties acquired for each of the loan programs described above. Mortgages receivable, net of applicable allowances for doubtful accounts, for these programs at September 30, 2020, which are reported in "notes and loans receivable," were as follows:

(Amounts in Thousands)	Mortgages eivable, Gross	Allowance for Doubtful Accounts	Mortgages Receivable, Net
Intergovernmental Grants Fund	\$ 60,431	(60,431)	
Local Housing Assistance Fund	 49,703	(49,703)	
Total for primary government	110,134	(110,134)	
Component units	 10,852	(943)	9,909
Hillsborough County reporting entity	\$ 120,986	(111,077)	9,909

Note 6 Capital Assets

Changes in capital assets of governmental and business-type activities for the year ended September 30, 2020 were as follows:

Governmental Activities:	Beginning		_	Ending
(Amounts in Thousands)	 Balance	Increases	Decreases	Balance
Land, including rights-of-way	\$ 582,188	27,744		609,932
Infrastructure	6,346,741	42,565		6,389,306

Depreciation and/or amortization expense was charged for fiscal year 2020 to functions of the primary government as shown below:

(Amounts in Thousands)	Depreciation and Amortization		
Governmental activities:			
General Government	\$	13,442	
Public safety		43,725	
Physical environment		1,113	
Transportation		2,427	
Economic environment		2,580	
Human services		7,645	
Culture and recreation		2,901	
Internal service funds		11,648	
Total depreciation expense - governmental activities	\$	85,481	
Business-type activities:			
Water Enterprise Fund	\$	89,330	
Solid Waste Enterprise Fund	, ,	10,396	
Total depreciation/amortization expense-business-type activities	\$	99,726	

Construction or capital improvement commitments outstanding for the County primary government's individual major and nonmajor funds in total, as measured by purchase orders and contracts outstanding at September 30, 2020 were as follows:

(Amounts in Thousands)	Construction Commitments Outstanding
Intergovernmental Grants	\$ 18
County Transportation Fund	60,641
Infrastructure Surtax Projects Fund	14,792
Nonmajor special revenue funds	21,006
Nonmajor capital projects funds	46,339
Water Enterprise Fund	50,502
Solid Waste Enterprise Fund	1,701
Total construction commitments outstanding	<u>\$ 194,999</u>

The Capital Improvement Program is a financial plan of proposed capital projects covering a five or six-year period. Project costs can include project development, site acquisition, design, construction, renovation, initial fixtures and equipment, and administration. Major categories of projects include fire services, government facilities, libraries, parks programs, solid waste, stormwater, transportation, and water and wastewater. The Capital Improvement Program does not identify all project costs. It only identifies what will likely be appropriated during the period. Total capital costs will be greater. The Capital Improvement Program for fiscal years 2020 through 2025 incorporates projects with a total cost of \$1,721,000,000.

Note 7 Long-Term Liabilities

A. Changes in Long-Term Liabilities

The following is a summary of changes in non-current liabilities for the year ended September 30, 2020, for both governmental activities and business-type activities:

Governmental Activities: (Amounts in Thousands)	Beginning Balance		Additions	Reductions	Ending Balance	Due within one year
General obligation bonds	\$	109,488		2,683	106,805	3,080
Unamortized bond issue premiums		6,211		434	5,777	
Revenue bonds		544,845		36,155	508,690	37,940
Unamortized bond issue premiums		35,551		6,392	29,159	
Notes payable		38,745	59,600	25,638	72,707	72,707
Notes from direct borrowings		60,496		4,222	56,274	4,315
Unamortized note issue discount		(23)		(5)	(18)	
Compensated absences payable*		50,489	68,448	62,104	56,833	49,147
Net pension liability****		976,895	223,446		1,200,341	
Total OPEB liability**		114,691		2,065	112,626	
Insurance claims payable***		31,891	146,392	143,387	34,896	34,896_
Governmental activity long-term liabilities-						
primary government		1,969,279	497,886	283,075	2,184,090	202,085
Component units Governmental activities long-term liabilities-		35		23_	12	
reporting entity	\$	1,969,314	497,886	283,098	2,184,102	202,085

*Compensated absences payable are liquidated as sick and vacation leave expenditures are recorded for employees in the General Fund, Countywide Special Purpose Fund, Sales Tax Revenue Fund, Intergovernmental Grants Fund, County Transportation Fund, Infrastructure Surtax Fund, Water Enterprise Fund, Solid Waste Enterprise Fund, and various nonmajor funds with personnel expenditures.

**Total OPEB liability is liquidated as the medical claims of retirees covered by Hillsborough County are paid through the Self-Insurance Internal Service Fund.

***September 30, 2020, the Hillsborough County health care program for low-income residents had an "insurance claims payable, current" liability of \$4,792,000 reported for claims incurred but not reported and reported but not paid, which was shown in the Statement of Net Position and the Balance Sheet – Governmental Funds. That liability was not included in the chart above because it was a current liability.

****The General Fund, Countywide Special Purpose Fund, Sales Tax Revenue Fund, Intergovernmental Grants Fund, County Transportation Fund, Infrastructure Surtax Fund, Water Enterprise Fund, Solid Waste Enterprise Fund, and various nonmajor funds with personnel expenditures are used to make contribution payments to the Florida Retirement System. However, FRS pension and HIS liabilities themselves are liquidated directly by the FRS since these liabilities are held by the FRS rather than the County.

Business-type Activities (Amounts in Thousands)	eginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Revenue bonds Unamortized bond issue premiums Unamortized bond issue discounts	\$ 451,587 24,510 (226)	90,375 12,418	131,417 3,443 (226)	410,545 33,485	12,175
Compensated absences payable Net pension liability	(336) 3,686 54,559	 3,814 11,941	(336) 3,337 	 4,163 66,500	 3,915
Total OPEB liability Other long-term liabilities (see Note 7.D.)	 4,180 41,127	2,823	136 	4,044 43,950	
Business-type activity, long-term liabilities	\$ 579,313	121,371	137,997	562,687	16,090

See Note 19 Exhibit A "Schedule of Changes in Long-Term Debt" at the end of the Notes to the Financial Statements for more information on the long-term debt of governmental and business-type activities, including the current portion of long-term debt. Deferred refunding losses and unamortized bond issuance discounts are recorded as reductions of bonds payable on the Statement of Net Position. Unamortized bond issuance premiums are recorded as additions to bonds payable on the Statement of Net Position.

B. Bonds Payable

Bonds payable, including current maturities, at September 30, 2020 were as follows:

(Amounts in Thousands)	-term Debt, ernmental
General Obligation Bonds: \$18,540 August 28, 2002, General Obligation Refunding Bonds (Unincorporated Area Parks and Recreation Program), Series 2002, due in annual installments through 2025; interest cost at 4.20%. The County follows GASB Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements which required the County to report additional information for direct borrowings and direct placements of debt separately from other debt.

On April 5, 2000, the BOCC adopted a resolution for the issuance of Capital Improvement Program Commercial Paper Notes, Series A (Non Alternative Minimum Tax), Series B (Alternative Minimum Tax), and Series C (Taxable) not to exceed \$200,000,000. This resolution was restated on March 5, 2014 and further amended and restated in its entirety on March 22, 2018. Commercial paper notes were issued as part of a long-term financing program where notes are issued, rolled over as needed, and ultimately refinanced with long-term debt as favorable longer-term rates become available in the financial markets. The BOCC has currently authorized notes payable issuances of up to \$300,000,000. The commercial paper notes are issued at face values of \$100,000 or more. The notes are payable in full plus accrued interest on maturity which is not greater than 270 days from the issue date. To facilitate an efficient and effective use of available cash, the County will periodically issue new money notes and reissue maturing notes at current market interest rates to fund its cash needs. During fiscal year 2020, market interest rates ranged from 0.17% to 1.81%. The County intends to redeem a portion of outstanding notes with program revenues and to refinance the remaining notes with future long-term financing. Payment of the maturing commercial paper notes payable is secured by a line of credit in the amount of \$300,000,000. Interest on the notes is payable at the time each note matures. At September 30, 2020 the County's unused letter of credit was \$227,293,000. Commercial Paper notes are secured by Community Investment Tax revenue and legally available non-ad valorem revenues which are budgeted and appropriated, plus investment income. The non-ad valorem revenue must be 1.5 times the maximum annual debt service requirement of all non-ad valorem obligations.

The County's outstanding direct placement notes from direct borrowings and direct placements related to governmental activities of \$56,274 contain a provision that in an event of default, the interest rate shall be established at a rate at all times equal to the Default Rate. The Default Rate means the greater of (i) the Bank Prime Loan Rate shown on the Board of Governors of the Federal Reserve System website, plus 3%, (ii) the Federal Funds Rate plus 5.00%, or (iii) 7.00% per annum. In no event of default shall the Interest Rate exceed the manimum interest rate permitted by law, without limitation, Section 215.84, Florida Statutes.

At September 30, 2020 total notes payable outstanding were \$72,707,000 as shown below.

Governmental activities:

(Amounts in Thousands)	Issue Date	Maturity Date	Interest Rate	ace Amount
Commercial paper notes:	8-13-20	10-22-20	0.19% \$	5 10,000

D. Other Long-Term Liabilities

The County had no other long-term liabilities reported in the Governmental Activities column of the Statement of Net Position at September 30, 2020. The County had no arbitrage rebate liabilities at September 30, 2020. See Note 7.F., *Arbitrage Rebate Liability*, for more information. Note 11, *Transfers In and Out*, provides information on the funds that provided financial resources to individual debt service funds during fiscal year 2020.

Other long-term liabilities, including current maturities, for the Enterprise Funds at September 30, 2020, were as follows:

(Amounts in Thousands)	Li	Other Long-Term Liabilities Business-Type	
Open landfill closure and postclosure costs Closed landfill remediation/monitoring	\$	40,852 3,098	
Total other long term liabilities, business-type activities	\$	43,950	

The other long-term liabilities for business-type activities shown above will be liquidated as presented on the following chart:

<i>(Amounts in Thousands)</i> Year Ending September 30	Term Busi A	ner Long- n Liabilities ness-Type Amount

2101-2105		41
Total principal	\$	43,950

There is no interest on the other long-term liabilities in the governmental and business-type activities.

E. Defeasance of Debt Obligations

On December 10, 2019, the County legally defeased \$110,265,000 of outstanding 2010B Utility Revenue Bonds (Federally Taxable - Build America Bonds - Direct Payment) using the proceeds from the issuance of 2019 Utility Refunding Revenue Bond. Proceeds and accrued interest of \$114,774,000 were deposited into an irrevocable trust fund to pay the future debt service on the refunded bonds. On August 1, 2020, the Escrow Agent (Hancock Whitney Bank) redeemed the outstanding principal and interest of these bonds.

The defeasance of the 2010B Utility Revenue Bonds resulted in an overall economic gain of \$20,320,000 from this transaction because the present value of the principal and interest payment avoided exceeded the amount placed in escrow for these bonds. This aggregate difference in debt service between the refunding debt and the refunded debt is \$21,776,000 over the life of the liability. The refunding resulted in a loss of \$2,777,000. At September 30, 2020 these bonds were legally defeased and related liabilities were removed from the Statement of Net Position. See Note 19 Exhibit A "Schedule of Changes in Long-Term Debt" for information on affected bond issues.

F. Arbitrage Rebate Liability

Certain long-term debt obligations of the County are subject to Section 148 of the Internal Revenue Code which requires that interest earned on proceeds from tax-exempt debt be rebated to the federal government to the extent that those earnings exceed the interest cost on the related tax-exempt debt. The County had no arbitrage rebate liability at September 30, 2020.

G. Debt Compliance

Various bond indentures or resolutions contain covenants which specify certain limitations and restrictions for the County regarding annual debt service requirements, the use of certain restricted accounts, minimum sinking fund balances, and minimum revenue bond coverage. Management believes that the County has complied with these covenants.

H. Defeased Debt

Defeased debt is unredeemed debt that is not reported on the financial statements because the cash and investments necessary for repayment have been irrevocably placed with an independent escrow agent, who will make debt service payments until the call date. Once defeased debt is called, it is no longer considered defeased because the liability for the bonds has been totally extinguished. The principal balances on bond issues defeased at September 30, 2020, are listed below:

(Amounts in Thousands)	Governmental Activities
2012 Capital Improvement Program Revenue Bonds	\$ 24,035
(Amounts in Thousands)	Business-Type Activities
2006 Solid Waste and Resource Recovery Revenue Bonds	\$ 112,980

I. Non-Commitment Special Assessment Debt

On May 3, 2006, the County issued \$101.1 million in Capacity Assessment Special Assessment Revenue Bonds, Series 2006. These bonds had interest rates from 3.55% to 5.00% with interest payable semiannually and principal payable annually. The County irrevocably pledged its long-term capacity assessment accounts receivable and related annual special assessment collections of approximately \$10 million to secure repayment of the bonds. In exchange, the Water Enterprise Fund received net proceeds of \$93.8 million for capital expansion. On September 4, 2015 these Series 2006 bonds were refinanced using available cash of \$7,219,000, debt service reserves of \$8,895,000, and a \$42,835,000 Capacity Special Assessment Refunding Revenue Note, Series 2015, with a fixed interest rate of 1.67%. Interest is payable semiannually to Wells Fargo Municipal Capital Strategies, LLC. To secure repayment of this note, the County irrevocably pledged its annual special assessment collections of approximately \$10 million. This refinance resulted in a savings of \$25,308,000 in debt service costs over the ten years that would have remained on the Series 2006 bonds. At September 30, 2020, Capacity Special Assessment Refunding Revenue Note, Series 2015 had \$725,000 outstanding. These obligations are not recorded by the County since the County is not obligated in any manner for the repayment of these debt obligations.

J. Non-Commitment Conduit Debt Obligations

The County follows GASB Interpretation No. 2, Disclosure of Conduit Debt Obligations, an Interpretation of NCGA Statement 1. Conduit debt obligations are certain limited-obligation revenue bonds or similar debt instruments issued for the purpose of providing capital financing for a specific third party that is not a part of the County's financial reporting entity. Although conduit debt obligations bear the name of a "related organization" of the County, neither the County nor the Housing Finance Authority has an obligation for such debt. The BOCC created the Housing Finance Authority of Hillsborough County (HFA) in fiscal year 1986 for the purpose of alleviating a shortage of affordable residential housing facilities for persons and families of low and moderate income within Hillsborough County. At September 30, 2020, the HFA had \$150,181,000 of Multi-Family Housing Revenue and Refunding Bonds outstanding consisting of 20 separate bond issues. Both of these types of bonds are payable solely from revenues, receipts, and resources of the HFA pledged under related trust indentures. The HFA, the County, the State, or any political subdivisions of the State, are not obligated in any manner for the repayment of these notes or bonds. However, the HFA routinely makes financial contributions to the Single Family Bond Programs and receives fees and other income from the Single Family Bond Programs. In addition any residual funds remaining in any Single Family Bond Program after the bonds are retired are released to the HFA. As a result of the HFA's financial relationship to the Single Family bond issues, all transactions related to the Single Family Bond Programs are included in the financial statements of the HFA, which is disclosed as a related organization of the County. The HFA's Multi-Family Housing Revenue and Refunding Bonds are not considered obligations of the County, so they are not reported as liabilities in the accompanying financial statements.

K. Pledged Revenues for Debt Service

The following chart shows information on revenues pledged or used for debt service.

Percentage of Pledged Revenues Used for Debt Service -- Revenue Bonds for Governmental Activities

Revenue Bonds for Governmental Activities (a)	Revenues Pledged Used for Fiscal Year 2020 Debt Service Payments							Debt Service ayments

(b) A discretionary sales surtax known as the Community Investment Tax (CIT).

- (c) A local option tourist development tax (TDT).
- (d) Court revenues consist of noncriminal traffic infraction revenues.
- (e) Non-Ad Valorem revenues consist primarily of \$91,590,000 from the Half Cent Sales Tax, \$1,835,000 from Guaranteed Entitlement Revenues, \$76,900 from Local Business Taxes, \$377,900 from mobile home license fees, \$109,300 from alcoholic beverage licenses, \$570,200 from the annual license payment for George M. Steinbrenner Field baseball stadium by the New York Yankees, and \$270,000 from arena special events fees from the Tampa Bay Lightning.
- (f) Although specific revenues are pledged for specific revenue bonds for governmental activities shown on the chart above, non-ad valorem revenues are also available for debt service on these revenue bonds if specific revenues are insufficient.

Percentage of Pledged Revenues Used for Debt Service - Revenue Bonds for Business-Type Activities

Under business-type activities, net revenues of the Water System and Solid Waste System were pledged to pay debt service on their revenue bonds. During fiscal year 2020, the Water System and Solid Waste System had net revenues of \$79,762,000 and \$27,939,000, respectively. Debt service payments were \$13,379,000 and \$12,675,000 for Water and Solid Waste Systems, respectively, after removing federal subsidies and interest income on debt service funds. Pledged revenues represent 710% and 220% of the Water System and Solid Waste System debt service requirements, respectively, for fiscal year 2019. See Note 7.B., *Long-Term Liabilities – Bonds Payable*, for a detailed listing of revenue bonds and Note 19, *Changes in Long-Term Debt and Future Debt Service Requirements*, for a detailed listing of debt services payments until final bond maturity for each business-type bond issue.

Note 8 Employee Retirement Plans

Florida Retirement System – General Information

Substantially all County employees participate in the Florida Retirement System (FRS). As provided by Chapters 121 and 112, Florida Statutes, the FRS provides two multiple-employer cost-sharing defined benefit plans administered by the Florida Department of Management Services, Division of Retirement: the FRS Pension Plan and the Retiree Health Insurance Subsidy (HIS Program). Under Section 121.4501, Florida Statutes, the FRS also provides a defined contribution plan (Investment Plan) administered by the State Board of Administration. Employees may choose the Investment Plan as an alternative to the FRS Pension Plan. As a general rule, membership in the FRS is compulsory for employees working in a regularly established position for a state agency, county government, district school board, state university, community college, or a participating city or special district within the state of Florida. The FRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefits are established by Chapter 121, Florida Statutes and Chapter 60S, Florida Administrative Code. Amendments to the law can be made only by an act of the Florida Legislature.

The state of Florida issues a publicly available financial report that includes financial statements and required supplementary information for the FRS.

For additional details, see: www.dms.myflorida.com/workforce_operations/retirement/publications/annual_reports. The report may also be obtained by writing to the state of Florida Division of Retirement, PO Box 9000, Tallahassee, Florida 32315-9000.

Plan Descriptions for Cost-Sharing Defined Benefit Plans

- The FRS Pension Plan is a multiple-employer cost-sharing qualified defined benefit pension plan with a Deferred Retirement Option Program (DROP) available for eligible employees.
- The Retiree Health Insurance Subsidy (HIS) Program is a multiple-employer cost-sharing, defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The Florida Legislature sets and amends the contribution requirements and benefit terms of the HIS Program.

Benefits Provided

FRS Pension Plan

Benefits under the Pension Plan are computed on the basis of age, average final compensation, and service credit. Regular Class, Senior Management Service Class and Elected Officers Class plan members hired prior to July 1, 2011 at age 62 with 6 years of credited service or 30 years of service regardless of age are entitled to an annual retirement benefit payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Average final compensation is the average of the employee's five highest fiscal years of salary earned during credited service. Vested employees with less than 30 years of service may retire before age 62 and receive reduced retirement benefits. Special Risk Class and Special Risk Administrative Support Class members employees such as sworn law enforcement officers, firefighters, and correctional officers who retire at or after age 55 with 6 years of credited service, or with 25 years of service regardless of age, are entitled to a retirement benefit payable monthly for life equal to 3.0% of their final average compensation for each year of credited service.

Regular Class, Senior Management Service Class and Elected Officers Class plan members hired after June 30, 2011 at age 65 with 8 years of credited service or 33 years of service regardless of age are entitled to annual retirement benefits payable monthly for life, equal to 1.6% of their final average compensation for each year of credited service. Average final compensation will be the average of the employee's eight highest fiscal years earned during credited service. Vested employees with less than 33 years of service may retire before age 65 and receive reduced retirement benefits. Special risk class employees such as sworn law enforcement officers, firefighters, and correctional officers who retire at or after age 60 with 8 years of credited service, or with 30 years of service regardless of age, are entitled to a retirement benefit payable monthly for life.

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the Pension Plan before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

In addition to the above benefits, the DROP program allows eligible members to defer receipt of monthly retirement benefit payments while continuing employment with a FRS employer for a period not to exceed 60 months after electing to participate. Deferred monthly benefits are held in the FRS Trust Fund and accrue interest. There are no required contributions by DROP participants.

HIS Program

The benefit under the HIS Program is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs. For the fiscal year ended June 30, 2020, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplied by \$5. The minimum payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive an HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Contributions

FRS Pension Plan

Effective July 1, 2011, all enrolled members of the FRS, other than DROP participants, are required to contribute 3% of their salary to the FRS. In addition to member contributions, governmental employers are required to make contributions to the FRS based on state-wide contribution rates established by the Florida Legislature. These rates are updated as of July 1 of each year. The employer contribution rates by job class for the periods from October 1, 2019 through June 30, 2020 and from July 1, 2020 through September 30, 2020, respectively, were as follows: Regular—8.47% and 10.00%; Special Risk Administrative Support—38.59% and 35.84%; Special Risk—25.48% and 24.45%; Senior Management Service—25.41% and 27.29%; Elected Officers—48.82% and 39.73%; and DROP participants—14.60% and 16.98%. These employer contribution rates include 1.66% HIS Program subsidies.

HIS Program

The HIS Program is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. The HIS contribution for the period October 1, 2019 through September 30, 2020 was 1.66%. The employer contribution rates shown in the FRS Pension Plan section above include the HIS Program contribution rate of 1.66%, for the periods of October 1, 2019 through September 30, 2020. HIS Program contributions are deposited in a separate trust fund from which payments are authorized. HIS Program benefits are not guaranteed and are subject to annual legislative appropriation. In the event that legislative appropriations and/or available funds are not sufficient, HIS benefits may be reduced or canceled.

Total County contributions to the FRS Pension Plan were \$75,324,000 for the fiscal year ended September 30, 2020. Total County contributions to the HIS Program were \$11,738,000 for the fiscal year ended September 30, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Pension Liabilities - At September 30, 2020, the County reported net pension liabilities of \$1,051,321,000 and \$215,520,000, respectively, for its proportionate shares of the FRS Pension Plan and HIS Program net pension liabilities. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020 for the FRS Pension Plan and July 1, 2020 for the HIS Program. The County's proportionate share of the net pension liability was based on the County's contributions as a percentage of all contributions from participating members for the state of Florida fiscal year ended June 30, 2020. At June 30, 2020, the County's proportionate shares for the FRS Pension Plan and HIS Program were 2.42% and 1.77%, respectively, which was no change from the respective proportionate shares measured as of June 30, 2020 were as follows:

	FF	RS Pension Plan	HIS Program	Total
Total pension liability	\$	4,970,431,000	222,197,000	5,192,628,000
Plan fiduciary net position		(3,919,110,000)	(6,677,000)	(3,925,787,000)
Net pension liability	\$	1,051,321,000	215,520,000	1,266,841,000
Plan fiduciary net position as a percentage of the total pension liability		78.85 %	3.00 %	75.60 %

"Plan fiduciary net position" represents cash and investment assets held to pay pension liabilities as they mature. "Net pension liability" represents the equity in the applicable pension plan. "Plan fiduciary net position" represents the portion of the total pension liability that is funded by cash and investments. Detailed information regarding the FRS Pension Plan and HIS Program fiduciary net position is available in the separately issued FRS *Pension Plan and Other State-Administered Systems Comprehensive Annual Financial Report*. To obtain this report, see the second paragraph of Note 8.

Pension (Benefit) Expense - For the fiscal year ended September 30, 2020, the County recognized pension expense of \$146,979,000, which consisted of \$138,723,000 associated with the Pension Plan and \$8,256,000 associated with the HIS Program. Changes in net pension liability are recognized in pension expense during the fiscal year except for as indicated in the section on Deferred Outflows and Inflows of Resources

Deferred Outflows/Inflows of Resources - For the fiscal year ended September 30, 2020, the County reported pension-related deferred outflows of resources and deferred inflows of resources from the following sources:

	FRS Pens	ion Plan	HIS Pr	ogram
Description	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 40,236,000		8,816,000	(166,000)
Changes in assumptions Net difference between projected and actual	190,323,000		23,175,000	(12,532,000)
earnings on plan investments Changes in proportion and differences between County contributions and proportionate share of	62,597,000		172,000	
contributions County contributions subsequent to the	17,754,000	(12,988,000)	7,762,000	(5,182,000)
measurement date	 21,602,000		2,558,000	
Total	\$ 332,512,000	(12,988,000)	42,483,000	(17,880,000)

The deferred outflows of resources totaling \$21,602,000 and \$2,558,000 resulting from County contributions to the Pension Plan and HIS Program, respectively, which were subsequent to the June 30, 2020 measurement date, will be recognized as a reduction of net pension liability in the fiscal year ending September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to the FRS Pension Plan and HIS Program will be recognized in pension expense as follows:

	FRS Pension	HIS
Fiscal Year Ending September 30	Plan	Program
2020	\$ 61,395,000	6,102,000
2021	95,618,000	4,525,000
2022	81,275,000	1,237,000
2023	48,587,000	2,871,000
2024	11,047,000	3,910,000
Thereafter	\$ -	3,400,000

Actuarial Assumptions – The total pension liabilities for the FRS Pension Plan and HIS Program in the June 30, 2020 actuarial valuation were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation rate of 2.40%

Average rate of salary increases of 3.25%, including inflation

Investment rate of return, net of pension plan investment expense of 6.80%, including inflation for FRS Pension Plan; this was a decrease from 6.90% in the prior year

A municipal bond rate of 2.21% was used as the investment rate of return, including inflation, for the HIS Program; this was a decrease from 3.50% in the prior year

Average expected remaining service life of active and inactive participants provided with FRS Pension Plan at June 30, 2018 was 5.9 years

Average expected remaining service life of active and inactive participants provided with HIS Program at June 30, 2018 was 7.2 years

Mortality rates were based on the PUB-2010 base table, projected generationally with scale MP-2018 for the FRS Pension Plan and the HIS Program.

The actuarial assumptions used in the July 1, 2020, FRS Pension Plan valuation were based on the results of an actuarial experience study for the period July 1, 2013 through June 30, 2018.

The long-term expected rates of return on FRS Pension Plan and HIS Program investments were not based on historical returns, but instead were based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions. A mean inflation rate of 2.4% was assumed along with a standard deviation of 1.7%. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.0 %	2.2 %	2.2 %	1.2 %
Fixed income	19.0 %	3.0 %	2.9 %	3.5 %
Global equity	54.2 %	8.0 %	6.7 %	17.1 %
Real estate (property)	10.3 %	6.4 %	5.8 %	11.7 %
Private equity	11.1 %	10.8 %	8.1 %	25.7 %
Strategic investments	4.4 %	5.5 %	5.3 %	6.9 %
-	100.0 %			

Discount Rates - The FRS Pension Plan discount rate used to measure the total pension liability was 6.80%. The FRS Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

The HIS Program discount rate used to measure the total pension liability was 2.21%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-asyou-go basis, the depletion date is considered to be immediate and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Program sponsor. The Bond Buyer General Obligation 20 Year-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of Net Pension Liability to Changes in the Discount Rate - The County's proportionate share of the FRS Pension Plan and HIS Program will change under varying discount rate assumptions. For example, a higher discount rate would lead to a lower net pension liability. Conversely a lower discount rate would lead to a higher net pension liability. The following chart shows the effects on the FRS Pension Plan and HIS Program net pension liabilities under discount rates that are one percentage point higher or lower than the discount rate actually used. The chart specifically shows the net pension liability of the FRS Pension Plan if its discount rates were 5.80%, 6.80%, or 7.80% as well as the net pension liability of the HIS Program if its discount rates were 1.21%, 2.21%, or 3.21%.

	Proportionate Share of FRS Pension Plan Net Pension Liability			nate Share of HIS et Pension Liabili	•
1% Decrease	Current Discount Rate	1% Increase	1% Decrease	Current Discount Rate	1% Increase
5.8% \$ 1,678,782,000	6.8% 1,051,321,000	7.80% 527,262,000	1.21% 249,132,000	2.21% 215,520,000	3.21% 188,009,000

The County remits contractually required FRS Pension Plan and HIS Program contributions as established by the Florida Legislature. The County had a payable of \$28.0 million for outstanding contributions to the FRS Pension Plan, HIS Program or Investment Plan at September 30, 2020. This amount was placed in the BOCC General Agency Fund.

Investment Plan

The SBA administers the defined contribution plan officially titled the FRS Investment Plan. The Investment Plan is reported in the SBA's annual financial statements and in the state of Florida Comprehensive Annual Financial Report.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS Pension Plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.) as the FRS Pension Plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution rates in the SRS Pension Plan contribution rates in the Contributions section of this note for more information.

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Pension Plan is transferred to the Investment Plan, the member must have the years of service required for Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. For the fiscal year ended September 30, 2020, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County remits contractually required FRS Investment Plan contributions as established by the Florida Legislature. The County's total employer contributions to the Investment Plan were approximately \$12,615,000 for fiscal year 2020.

Note 9 Other Postemployment Benefits (OPEB)

The County has three separate single-employer defined benefit OPEB plans (BOCC, Sheriff and Tax Collector) which are treated as a single-employer defined benefit plan. Some non-County employers participate in the County OPEB plan, in the sense of purchasing an insured benefit. Their participation is immaterial individually and in total. These non-County employers are the Arts Council, Port Authority, Tampa Sports Authority, Children's Board and Expressway Authority and they represent less than 5% of total assessments for the County's OPEB plan. The County expenses and transfers to the self insurance fund the cost of OPEB over the active service lives of its employees rather than using a "pay-as-you-go" basis for cash funding of the obligation. Expensing the cost of a future benefit over the active work-lives of employees is a fiscally sound approach because employees earn the future benefits over their working careers.

OPEB Plan Description and Benefits Provided

County OPEB Plan Description. The County provides the following health-related benefits to retirees and certain former employees through OPEB handled by the BOCC, Sheriff and Tax Collector, which together represent the County OPEB Plan: (a) The County is required by Florida Statute 112.0801 to allow retirees and certain former employees to buy healthcare coverage at the same "group rates" that current employees are charged. Although retirees pay for healthcare at group rates, they receive a valuable benefit because they can buy insurance at costs that are lower than the costs associated with the experience rating for their age bracket. The availability of this lower cost health insurance represents an *implicit subsidy* for retirees. (b) The County provides health-related benefits to retirees and certain former employees through a limited stipend to offset the cost of health insurance for regular BOCC and Tax Collector retirees from ages 62 to 65 and to Sheriff and BOCC special risk retirees from ages 55 to 65. This monthly stipend is \$10 for each year of service up to a maximum benefit of \$150 per month for BOCC and Tax Collector employees. Although the implicit subsidy is required by state law when healthcare is offered as an employee benefit, the stipend may be cancelled at any time. The County does not issue separate OPEB Plan financial statements. As a result all required disclosures are included in this report.

Substantially all full-time County employees may qualify for these OPEB benefits. At September 30, 2020, the OPEB Plan covered approximately 9,838 active employees, consisting of those currently eligible and those not yet fully eligible, as well as 1,029 retirees or other inactive employees.

Total OPEB Liability

Actuarial Method and Assumptions - The total OPEB liability was actuarially determined based on several actuarial assumptions. September 30, 2020 was the actuarial measurement date. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The actuarial assumptions used in the September 30, 2020 OPEB Plan rollforward valuation were based on the results of an actuarial experience study for the period from October 1, 2018 through September 30, 2019.

The entry age normal actuarial cost method was used in the September 30, 2020 actuarial valuation. Other actuarial assumptions included a composite inflation rate of 2.37%, (2.0% for BOCC, 2.5% for Sheriff, and 2.5% for Tax Collector) and a composite discount rate of 2.21% (2.21% for BOCC, 2.22% for Sheriff, and 2.21% for Tax Collector). In addition, the initial annual healthcare cost trend rate assumptions were 6.5% grading down to an ultimate rate of 4.5% for the Sheriff, 6.5% grading down to ultimate rates of 4.5% for the BOCC, and 6.80% (7.68% post-Medicare) generally grading down to 4.50% (4.75% post-medicare) for the Tax Collector. In addition, the average age of active participants was 46 years and the average age of inactive participants was 62 years. Mortality rates were based on the PUB-2010 generational table scaled using MP-2019 and applied on a gender specific basis for the BOCC. The Sheriff mortality rate was based on RP-2014 mortality fully generational scaled using projection scale MP-2018 and applied on a gender specific basis. The Tax Collector mortality rates were based on PUBG.H-2010 tables for employees and retirees, projected generationally with scale MP-2017.

Sensitivity of Total OPEB Liability to Changes in Either the Discount Rate or Changes in the Healthcare Trend Rate – The first chart below presents the County's total OPEB liability, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.22%) or 1 percentage-point higher (3.22%) than the current discount rate. The second chart below presents the County's total OPEB liability, as well as what the County's total OPEB liability would be if it were calculated using a healthcare trend rate that is 1 percentage point lower (5.5%) or 1 percentage-point higher (7.5%) than the current healthcare trend rate.

Composite Discount Rate*			•	e Healthcare Tre	
				Healthcare	
1% Decrease	Discount Rate	1% Increase	1% Decrease	Trend Rate	1% Increase
1.21%	2.21%	3.21%	5.5%	6.5%	7.5%
\$ 133,112,000	116,670,000	105,712,000	101,468,000	116,670,000	135,749,000

Sensitivity of Total OPEB Liability to Changes in	Sensitivity of Total OPEB Liability to Changes in
Composite Discount Rate*	Composite Healthcare Trend Rate**

*Composite sensitivity of total OPEB liability to changes in discount rate was derived from:

BOCC: \$33,156,000 (at 1.21%), \$30,274,000 (at 2.21%), and \$27,969,000 (at 3.21%);

Sheriff: \$98,862,000 (at 1.22%). \$85,226,000 (at 2.22%), and \$76,703,000 (at 3.22%); and

Tax Collector: \$1,094,000 (at 1.21%), \$1,070,000 (at 2.21%), and \$1,040,000 (at 3.21%).

**Composite Sensitivity of total OPEB liability to changes in healthcare trend rate was derived from:

BOCC: \$26,774,000 (at 5.50%), \$30,374,000 (at 6.50%), and \$33,832,000 (at 7.50%);

Sheriff: \$73,720,000 (at 5.50%), \$85,737,000 (at 6.50%), and \$100,737,000 (at 7.50%); and

Tax Collector: \$973,000 (at 5.80%), \$1,070,000 (at 6.80%), and \$1,180,000 (at 7.80%).

OPEB Liabilities, Expense, Deferred Outflows of Resources and Deferred Inflows of Resources

OPEB Liabilities - At September 30, 2020, the County reported total OPEB liabilities of \$116,670,000. The total OPEB liability was measured as of September 30, 2020. The components of the County's total OPEB liability at September 30, 2020 were as follows:

	OPEB Plan
Total OPEB Liability	\$ 116,670,000
Covered employee payroll (active plan members)	636,965,000
Total OPEB liability as a percentage of covered payroll	18.3 %

Total total OPEB liability of \$116,670,000 consisted of total OPEB liabilities of \$30,374,000 from the BOCC, \$85,226,000 from the Sheriff, and \$1,070,000 from the Tax Collector.

If cash and investments were placed in an irrevocable trust for OPEB, then the cash and investments would be subtracted from "total OPEB liability" to determine the "net OPEB liability." The County has set aside \$38,732,000 in the Self-Insurance Internal Service Fund for OPEB. Fair value was used to value the cash and investments set aside. This \$38,732,000 represents 33.19% of the total OPEB liability at September 30, 2020. However, since an irrevocable trust was not established, none of this \$38,732,000 in cash and investment is considered to be "plan fiduciary net position."

The change in the total OPEB liability during fiscal year 2020 as well as the beginning and ending total OPEB liability is shown below:

	Total OPEB Liability
Balance at October 1, 2019	\$ 118,871,000
Changes for the fiscal year:	
Service cost	3,380,000
Interest	3,063,000
Changes in benefit terms	
Differences between expected and actual experience	(469,000)
Changes in assumptions and other inputs	(994,000)
Contributions-employer	
Benefit payments	(7,181,000)
Administrative expense	
Net changes	(2,201,000)
Balance at September 30, 2020	\$ 116,670,000

Funding Policy, Status and Progress - In order for OPEB obligations to be considered funded, an irrevocable trust fund must be used. Since that would be considered very restrictive, the County did not "fund" the total OPEB obligation, but instead chose to appropriate and set aside amounts annually in the Self-Insurance Internal Service Fund so the total OPEB liability is completely offset by cash and investments over time.

Since the OPEB Plan was not considered funded, GASB Statement 75 requires that the plan's discount rate be obtained using the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index. The discount rate was 2.21%.

Contributions - Assessments were made to participating funds with the goal of accumulating the cash and investments in the Self-Insurance Internal Service Fund to offset the total OPEB liability. The level of assessments are set annually by County management. There are no statutory or other legally required contribution levels. It is the County's intent to continue setting aside additional money each year for OPEB. Total assessments were \$4,086,000 for fiscal year 2020 (\$1,263,000 for BOCC and \$2,823,000 for the Sheriff).

OPEB Expense - For the fiscal year ended September 30, 2020, the County recognized OPEB expense (benefit) of \$8,809,000. Changes in total OPEB liability are recognized in OPEB expense during the fiscal year except for as indicated in the section on Deferred Outflows/Inflows of Resources.

Deferred Outflows/Inflows of Resources – "deferred outflows of resources" are a consumption of net position by the County that is applicable to a future reporting period. "Deferred inflows of resources" are an acquisition of net position by the County that is applicable to a future reporting period. For each of the following, a portion was recognized in OPEB expense during fiscal year 2020, and the balance was amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience regarding economic and demographic factors are amortized over the average expected remaining service life of all employees that are provided with OPEB through the OPEB plan, including both active and inactive employees.
- Changes in assumptions or other inputs are amortized over the average expected remaining service life of all employees covered by the OPEB plan, including both active and inactive employees.
- Differences between expected and actual earnings on OPEB plan investments are amortized over five years.

Deferred outflows of resources and deferred inflows of resources related to the County's OPEB Plan were as follows:

Description	Deferred Dutflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,171,000	(2,911,000)
Changes in assumptions	 32,619,000	(3,774,000)
Total	\$ 34,790,000	(6,685,000)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the OPEB Plan will be recognized in OPEB expense as follows:

	OPEB	OPEB
Fiscal Year Ending September 30	Expense	(Benefit)
2021	\$ 2,882,000	(637,000)
2022	2,882,000	(637,000)
2023	2,882,000	(637,000)
2024	2,882,000	(637,000)
2025	2,882,000	(637,000)
Thereafter	\$ 20,379,000	(3,500,000)

The County funds did not have any interfund payables to the Self-Insurance Fund's OPEB Plan at September 30, 2020.

Note 10 Interfund Receivable and Payable Balances

* These amounts represent residual and/or excess fees paid by Constitutional Officers to the Board of County Commissioners

during fiscal year 2020 in accordance with Florida Statutes.

** These amounts represent transfers of Local Government Half-Cent Sales Tax revenues or other revenues from the Sales Tax Revenue Fund to the General Fund for general governmental purposes.

+ This amount represents transfers of Community Investment Tax revenues from the Sales Tax Revenue Fund (where they are collected) to the Infrastructure Surtax Projects Fund (where such proceeds are spent).

+ + These amounts represent statutory commissions paid to the Tax Collector and Property Appraiser for collecting taxes and valuing taxable property, respectively.

During the fiscal year ended September 30, 2020, significant transactions between the Hillsborough County, Florida primary government and the discretely presented component units were as follows: the Hillsborough County City-County Planning Commission discretely presented component unit received \$3,765,000 from the General Fund. These amounts are classified as Operating Grants and Contributions in the discretely presented component units and as general government expenditures in the primary government's Statement of Activities.

Note 12 Restricted Net Position

The County follows GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation, an amendment of GASB Statement No. 34.* This Statement clarified the meaning of restricted net assets (now using the term "net position") and expanded the presentation of net position in the Statement of Net Position. Under this Statement, restricted net position is either: (a) restricted externally, having constraints imposed externally by creditors, such as for debt service or through debt covenant, by grantors, or by law; or (b) restricted by enabling legislation, such as legislation authorizing capital projects, grants and other restricted purposes. The restricted net position shown on the government-wide Statement of Net Position is categorized as follows

Restricted Net Position September 30, 2020

(Amounts in Thousands)	overnmental Activities	Business-Type Activities	Total Primary Government
Restricted for:			
Bond covenants, renewal and replacement	\$ 149,270	43,676	192,946
Debt Service	54,517	223	54,740
Grants and similar projects	41,446		41,446
Statute/ordinance enabled projects	700,530		700,530
Capital projects	38,285		38,285
Other purposes	 37,688		37,688
Total restricted net position	\$ 1,021,736	43,899	1,065,635

Grants and similar projects net position represent net position restricted for federal, state, and local grants. Statute/ordinance enabled projects represent net position restricted for items such as impact fees, indigent healthcare, and Sheriff and court related activities, which are established by state statutes or county ordinances.

The County uses restricted amounts first when both restricted and unrestricted fund balances are available unless there are legal documents/contracts prohibiting this, such as grant agreements requiring dollar for dollar spending of restricted and unrestricted amounts when appropriate.

Note 13 Accounting and Financial Reporting for Risk Financing and Related Insurance Issues

The County engages in self-insurance in the form of internal service funds maintained by both the BOCC and Sheriff. The self-insurance funds of both the BOCC and Sheriff encompass two major sections--risk management and employee group health insurance. This note provides the disclosures required by GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

Risk Management

The County is exposed to various risks of loss related to injuries to employees; torts; thefts of, damage to, and destruction of assets; errors and omissions; and natural disasters. As permitted by Florida law, the County is substantially self-insured for workers' compensation claims up to a maximum of \$650,000 per occurrence for regular employees and \$1,000,000 for firefighters, with unlimited excess coverage above the self-insurance cap. The BOCC has authorized a commercial third-party administrator to administer the County's automobile, general liability, and workers' compensation claims payments. The Sheriff is self-insured for workers' compensation claims up to a maximum of \$500,000 per occurrence with unlimited excess coverage above the self-insurance cap.

The County is also self-insured against automotive and general liability claims with limited liability per Section 768.28, Florida Statutes, of \$200,000 per person and \$300,000 per occurrence. Negligence claims in excess of the statutory limits can only be recovered through federal lawsuits or acts of the Florida Legislature. While a majority of the County's automotive and general liability exposures are self-insured, the County has commercial insurance contracts to cover the risk of claims determined by the Florida Legislature or federal courts. Commercial insurance for excess automotive and general liability claims above the limits set by Section 768.28, Florida Statutes, has a limit of \$2,000,000 per occurrence with a general aggregate limit of \$5,000,000. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

With the exception of the Sheriff, all County funds including the BOCC and Constitutional Officers participate in the risk management portion of the Self-Insurance Fund. The Sheriff has a separate self-insurance fund for risk management and is not a participant in the BOCC workers' compensation and automotive and general liability programs. The Arts Council of Hillsborough County also participates in the BOCC workers' compensation program. The County, however, is the predominant participant in the Self-Insurance Fund.

Payments to the risk management portion of the self-insurance fund are assessed based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a "reserve" (i.e. net position or equity) for catastrophic losses. That reserve was \$50,320,000 at September 30, 2020. If reserves for workers' compensation and automotive and general liability are included, the total reserve for risk management was \$92,002,000 at September 30, 2020. See the chart of net position at the end of this note for a description of the unrestricted net position of the Self-Insurance Fund by category.

The claims liability reported in the BOCC self-insurance fund at September 30, 2020, for risk management was \$15,366,000. The BOCC claims liability was presented undiscounted. These amounts are actuarially determined based on the requirements of GASB Statement No. 10, which specifies that a liability for claims should be reported if it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Claims are reevaluated periodically to consider effects of inflation, recent settlement trends, incremental and other claim adjustment expenses regardless of whether allocated to specific claims. The liability is shown net of subrogation recoveries on unsettled claims. During fiscal years 2019 and 2020, changes recorded to the claims liability for BOCC risk management were as follows:

	Claims Liability,	Current Year Claims and		Claims Liability,	
 Fiscal Year	 Beginning of Fiscal Year	Changes in Estimates	Claim Payments	End of Fiscal Year	Due Within One Year
2019	\$ 13,961,000	11,395,000	(10,823,000)	14,533,000	10,823,000
2020	14,533,000	8,670,000	(7,837,000)	15,366,000	7,837,000

During fiscal years 2019 and 2020, changes recorded to the claims liability for Sheriff risk management were as follows:

Fiscal Year	laims Liability, Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Claims Liability, End of Fiscal Year	Due Within One Year
2019	\$ 8,043,000	3,143,000	(3,378,000)	7,808,000	3,378,000
2020	7,808,000	7,181,000	(5,435,000)	9,554,000	5,435,000

Employee Group Health Insurance

The County provides group health insurance for its employees and their eligible dependents. The County purchased insurance for this risk through September 30, 1993. On October 1, 1993, the County established an employee group health self-insurance plan to account for and finance its uninsured risks of loss. The County entered into an administrative services agreement with a commercial insurance carrier to provide administrative support for this self-insurance plan. The County is self-insurance for up to \$550,000 per person annually. Stop-loss insurance was purchased to cover an unlimited lifetime amount per person above the \$550,000 per person deductible.

All County employees may participate in the County's employee group health insurance program except for those of the Tax Collector and Sheriff. Employees of the Children's Board, Tampa Port Authority, Tampa Sports Authority, Tampa-Hillsborough County Expressway Authority, and Arts Council may also participate in the County's employee group health insurance program. The County, however, is the predominant participant in the plan. Payments to the employee group health insurance plan are assessed based on actuarial estimates of the amounts needed to pay current year claims and to establish a "reserve" (i.e. net position or equity) for catastrophic losses. The employee group health insurance plan ellth insurance plan. At September 30, 2020, the claims liability reported for the BOCC employee group health insurance plan was \$5,080,000 and the claims liability reported for the Sheriff employee group health insurance plan was \$4,897,000. The Sheriff's employee group health claims liability was actuarially determined based on the requirements of GASB Statement No. 10, which specifies that a liability for claims should be reported if it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Claims are reevaluated periodically to consider effects of inflation, recent settlement trends, incremental and other claim adjustment expenses regardless of whether allocated to specific claims. During fiscal years 2019 and 2020, changes recorded to the claims liability for the BOCC employee group health insurance plan were as follows:

Fiscal Year	aims Liability, Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Claims Liability, End of Fiscal Year	Due Within One Year
2019	\$ 6,124,000	89,459,000	(90,756,000)	4,827,000	4,827,000
2020	4,827,000	87,281,000	(87,028,000)	5,080,000	5,080,000

During fiscal years 2019 and 2020, changes recorded to the claims liability for the Sheriff's employee group health insurance plan were as follows:

....

Fiscal Year	B	ims Liability, eginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Claims Liability, End of Fiscal Year	Due Within One Year
2019	\$	4,849,000	43,144,000	(43,270,000)	4,723,000	4,723,000
2020		4,723,000	44,277,000	(44,103,000)	4,897,000	4,897,000

Net Position of the Self-Insurance Fund

The BOCC Self-Insurance Fund had reserves of \$208,258,000, which was reported as unrestricted, in net position at September 30, 2020 as follows:

BOCC Self-Insurance Fund Unrestricted Net Position:	
Unrestricted, designated for risk management (catastrophic losses)	\$ 50,320,000
Unrestricted, designated for risk management (workers' compensation and auto/general liabilities)	41,682,000
Unrestricted, designated for employee group health insurance (BOCC)	40,202,000
Unrestricted, designated for employee group health insurance (Sheriff)	34,500,000
Unrestricted, designated for other postemployment benefits (OPEB)	 41,554,000
Total unrestricted net position	\$ 208,258,000

Net position of \$34,500,000 is being held by the BOCC for the Sheriff's employee group health insurance plan to meet two distinct requirements of Florida Statutes. By holding Sheriff employee health plan dollars in the BOCC Self-Insurance Fund, the Sheriff meets the state of Florida's reserve requirements and also follows state law requiring the return of Sheriff residual funds to the BOCC at the end of each fiscal year. Net position designated for OPEB represents the net position for the entire Hillsborough County primary government including employees participating in the BOCC, Tax Collector and Sheriff plans.

Note 14 Accounting for Municipal Solid Waste Landfill Costs

A. Open Landfill

GASB Statement No. 18, Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs, requires municipal solid waste landfill owners to record a current expense and the related long-term liability for certain future landfill closure and postclosure care costs. GASB Statement No. 18 is based on a US Environmental Protection Agency rule, Solid Waste Disposal Facility Criteria, and has two components. The first component establishes closure requirements for landfills receiving solid waste after October 9, 1991. The second component establishes thirty-year postclosure care requirements for landfills receiving solid waste after October 9, 1993. In addition, the Florida Department of Environmental Protection, through rule 62-701.630, Florida Administrative Code (FAC), establishes certain financial accountability standards related to landfill closure and postclosure care. The County, as an owner and operator of one open landfill, must accumulate financial resources to close the landfill after it stops accepting solid waste and to perform certain postclosure maintenance and monitoring functions at the landfill site for thirty years.

GASB Statement No. 18 requires the County to record a portion of these future closure and postclosure care costs as a current period operating expense and as a long-term liability based on the cumulative amount of landfill capacity consumed as of each balance sheet date. Based on an independent engineer's cost projection at September 30, 2020, County management estimated that the total future closure and postclosure care costs will be \$65,175,000. The County increased its GASB Statement No. 18 liability from the prior year by \$1,912,000 or 5%. The actual costs for future landfill closure and postclosure care costs may differ from projections due to changes in price levels, technology, and environmental law.

Of the total cost projection of \$65,175,000, a life-to-date liability of \$40,852,000 was recorded at September 30, 2020 as a part of other long-term debt for business-type activities. See Note 7.D. This liability for future landfill closure and postclosure care costs was determined from the consulting engineer's certification, that 38% or 17,686,000 cubic yards of the estimated 46,463,000 cubic yards landfill capacity had been consumed at September 30, 2020. Although only 38% of the overall landfill capacity was consumed, a total of 60.7% of the total closure and postclosure costs were reported as a liability because the landfill consists of two separate sections and the calculations were done separately on each section. Section One has total projected closure and postclosure care costs of \$54,358,000 of which 70.3% was consumed. The County will record the balance of the projected future closure and postclosure care costs of \$40,852,000, as adjusted by future estimated cost revisions, as the remaining landfill capacity is consumed. The County anticipates closing Section One of the landfill in 28 years (fiscal year 2048) and Section Two of the landfill in 52 years (fiscal year 2072).

B. Closed Landfills

The County conducts monitoring and maintenance programs at a number of closed solid waste disposal sites to detect any potential incidents of environmental contamination. If any contamination is detected, the County will submit a plan to the Florida Department of Environmental Protection to remedy the problems discovered. In addition, the County annually reviews the estimates for future remediation and monitoring costs of landfills closed prior to October 9, 1991. At September 30, 2020, the liability for future remediation and monitoring costs of these closed landfill sites was \$3,098,000. The County does not believe that any additional liabilities arising from closed landfill remedial actions would materially affect the County's financial condition.

C. Fiscal Responsibility for Future Landfill Closure Costs

As required by Subpart H of 40 Code of Federal Regulations, Part 264, as adopted by reference in Rule 62-701.630 of the Florida Administrative Code (FAC), the County must annually certify that sufficient financial resources are available to pay future landfill closure and postclosure care costs. The County chose an annual financial test to comply with this requirement. This financial test requires a government to demonstrate that its tangible net worth is at least six times greater than the combined total estimated amount of closure and postclosure care costs as of the balance sheet date. At September 30, 2020, the Hillsborough County BOCC's tangible net worth met the requirements of the annual responsibility test and management believes the County complied with all rule requirements.

Note 15 Commitments

A. Operating Leases

The County has entered into numerous operating leases. The Hillsborough County Primary Government's operating lease and rent expenditures as a lessee totaled \$8,920,000 for leased facilities and equipment for the fiscal year ended September 30, 2020. The component units had operating lease and rent expenditures of \$1,000 for the fiscal year. A majority of these operating leases were for a one-year period. To present the commitment associated with the County's largest operating leases, lease commitments on all operating leases with annual payments during fiscal year 2020 in excess of \$150,000 per year are summarized below.

Year Ending September 30	Governmental Activities
2021	\$ 2,962,000
2022	2,857,000
2023	2,813,000
2024	2,741,000
2025	1,965,000
2026-2030	7,974,000
2031-2035	7,768,000
2036-2040	6,214,000
Total payments	\$ 35,294,000

Commitments for future non-cancelable minimum operating lease receipts were insignificant.

B. Interlocal Agreements

Tampa Sports Authority (TSA). The County and the TSA have entered into a number of interlocal agreements over a period of many years. The city of Tampa and the County have agreed to pay one-third and two-thirds, respectively, of any operation and maintenance cash shortfall as reflected in the TSA's current annual budget.

Note 16 Contingent Liabilities

Impact fees were established by the BOCC to fund infrastructure for transportation, rights-of-way, parks, schools, and fire/rescue. These fees are intended to compensate governments such as the County for a portion of the additional costs of providing infrastructure for new real estate developments in the County, rather than assessing existing taxpayers. Florida's concurrency laws in effect through June 2009 required that developers have infrastructure in place before developing their parcels and due to these laws there may be credits still available to developers during that time period. Sometimes developers agree to donate additional infrastructure needed by the County in exchange for a credit against impact fees that may be imposed on future development. There is no guarantee that the developer will incur impact fees in the future and benefit from an impact fee offset at that time. When the County accepts a donation of infrastructure from a developer, County maintenance of the assets relieves the developer of that responsibility. The County does not report the impact fee offsets as liabilities because impact fees are *fees* rather than taxes and impact fee offsets are viewed as reductions of future revenues, which are not yet due to or earned by the County. Impact fees are not due until a certificate of occupancy is issued. Infrastructure contributions are recorded by the County when received.

Contingent liabilities may arise from any of the following conditions. From the normal course of operations, the County is a defendant or plaintiff in various lawsuits. In the opinion of legal counsel, the resolution of these lawsuits is not likely to have a materially adverse effect on the County's financial condition. Grant funds received or receivable by the County are subject to audit by federal and state grantor agencies and independent auditors. Such audits may result in requests for repayments due to disallowed expenditures. The liability for the remediation and monitoring of closed landfills may increase. See Note 14.B. The County believes that contingent liabilities arising from lawsuits, disallowed costs on grants, and landfill remediation/monitoring costs, if any, would be immaterial.

Note 17 Tax Abatements

The County provides tax abatements through two programs—the Ad Valorem Property Tax Exemption Program and the Qualified Target Industry (QTI) Program. A tax abatement is defined as a reduction in tax revenues resulting from an agreement where the government forgoes tax revenues and the qualified program participant promises to take a specific action after the agreement is executed that contributes to economic development or otherwise benefits the County or its residents.

Ad Valorem Property Tax Exemption Program. In accordance with County Ordinance 11-1 as amended by County Ordinance 17-27, the Ad Valorem Property Tax Exemption Program exempts 50% of certain new ad valorem property taxes of qualified businesses that make capital investments of at least \$5 million in improvements and tangible personal property as well as bring new higher-paying jobs to the County. The new businesses or expansions of an existing businesses would need to have average annual wages of at least 80% of the average annual private sector wage. Each tax exemption agreement must be approved by an ordinance adopted by the BOCC for it to take effect. If a participant does not comply with all requirements, partial exemptions are not permitted. Because property taxes are abated after compliance requirements have been met, there is no provision for recovering previously abated real property taxes. However, abated tangible personal property taxes may be recovered after the fact. The following chart shows all property tax abatements that took place during fiscal year 2020.

Program Participant	otal Property x Exemptions Expected	Fiscal Years Affected	Capital Investment Expected	New Jobs Promised	D	axes Abated uring Fiscal Year 2020
Advanced Airfoil Components, LLC New South Window Solutions,	\$ 2,529,282	2020-2027	\$139 million	30 jobs	\$	361,326
LLC	\$ 349,552	2020-2027	\$17 million	30 jobs	\$	49,936

There are other similar ad valorem tax exemption agreements in place with other program participants. These tax abatements are expected to take effect in fiscal year 2021 and later after verification that program requirements were met.

Qualified Target Industry Program. The state of Florida's QTI Program is authorized by Section 288.106, Florida Statutes. Under the QTI Program, an applicant must create a certain number of jobs and have average wages of at least 115% of the County's (or State's) average wage rates during the years covered by its commitment. The County, and other local governments such as the city of Tampa, if applicable, provide a total local government match of 20% of the total tax refunds organized by the Florida Department of Economic Opportunity in exchange for the program participant relocating to or expanding headquarters operations within Hillsborough County. There is an application process under which the County must approve the applicant prior to agreeing to make the match payment to the state of Florida. If approved, the County issues a Resolution documenting its approval. The County sends the match payment to the state of Florida only if the state of Florida determines that the participant met program requirements. If approved, the amount is given to the participant, but only up to the amount of state and/or local government taxes actually paid by the participant. Because QTI payments are paid after compliance requirements have been met, there is no provision for recovering previously made payments. If the participant complied with program requirements only partially, prorated benefits are permitted under certain conditions. The following chart shows each of the County's QTI match payments for 2020 that were over \$30,000 during fiscal year 2020. Smaller payments were aggregated.

QTI Program Participant in Hillsborough County	Job Creation Requirement	Actual Jobs Created	Average Wage Exceeded Required Level?	County's QTI Payments During Fiscal Year 2018
Amazon.com.dedc, LLC	375	1,590	Yes	\$ 56,000
Bristol-Myers Squibb Co.	579	554	Yes	150,000
CitiGroup, Inc.	1,163	1,590	Yes	349,000
All others (10 entities)	782	1,241	Yes	80,000
	2,899	4,975		\$ 635,000

Similar types of match payments are expected to be made to these and/or different QTI Program participants in future years.

Note 18 Subsequent Events

On February 25, 2021, the Florida Supreme Court ruled that the one percent sales surtax for transportation improvements initiated by voter referendum in November 2018 and confirmed by County Ordinance 19-20 was unconstitutional. On March 16, 2021, the Florida Department of Revenue eliminated the collection of this sales surtax. On March 17, 2021 Hillsborough County filed a motion with the Circuit Court of the Thirteenth Judicial Circuit for supplemental relief providing procedure for disposition of surtax revenue. The County anticipates a ruling on this motion during fiscal year 2021. Until there is a ruling on that motion, procedures are not in place for an appropriate refund process and/or disposition of collected surtax revenues.

To address growing transportation needs in the County and the recent Florida Supreme Court decision to find the local transportation surtax unconstitutional, the Hillsborough County Board of County Commissioners plans to issue \$190 million of non-ad-valorem debt to address this funding shortfall and other transportation needs in Hillsborough County. The number one priority is fund a contribution to the Florida Department of Transportation's expansion of Big Bend Road and its connection to I-75 beginning May 2021.

The Solid Waste Fund increased residential collection and disposal rates for Fiscal year 2021 in anticipation of a short term borrowing line of credit for facility improvements of the Northwest Transfer Station and Leachate Concentrate Evaporator. In fiscal year 2021, rates will remain consistent with fiscal year 2020, and then modest adjustments are planned for future years to keep the Fund current with contracted increases in operating costs.

The Water Enterprise Fund is reviewing the current and projected growth of the System and in order to meet the increasing demand in the south county, the System is issuing an \$58,040,000 wastewater impact fee special assessment bond for the construction of a new wastewater plant on April 12, 2021.

During fiscal year 2020, SARS-Coronavirus-2, causing Coronavirus Disease 2019 (COVID-19), surfaced in Wuhan, China and started spreading around the world, with resulting business and social disruptions. There are ongoing activities to address the COVID-19 pandemic at the federal, state and local levels. However, the County received \$256.8 million from the federal government through the CARES Act to help deal with COVID-19 and its effects on residents, businesses, and governments of Hillsborough County. On March 11, 2021 the American Rescue Plan (ARP) Act was signed by the President. This Act will result in \$285.5 million in direct payments to Hillsborough County. These funds are to be used to respond to the public health emergency with respect to the Coronavirus Disease (COVID-19), or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality.

Note 19 Changes in Long-Term Debt and Future Debt Service Requirements

Exhibit A is a schedule of changes in long-term debt. See "Other Information (Unaudited)" section for Exhibits B through U which show future debt service requirements, including sinking fund purchases, for each debt issue described in Note 7, *Long-Term Liabilities*.

Note: This schedule presents the long-term liabilities of the Hillsborough County primary government. Business-type activities represent activities reported in the Enterprise Funds. Governmental activities represent all other activity, i.e. all funds other than Enterprise Funds as adjusted to convert the activity from the modified accrual basis of accounting and financial resources measurement focus to the accrual basis of accounting and economic resources measurement focus.

Required Supplementary Information

HILLSBOROUGH COUNTY, FLORIDA Infrastructure Condition and Maintenance Data For the fiscal year ended September 30, 2020 (Required Supplementary Information)

Infrastructure Condition and Maintenance Data For the fiscal year ended September 30, 2020 (Required Supplementary Information)

During fiscal year 2001, the County implemented Governmental Accounting Standards Board Statement No. 34 *Basic Financial Statements–and Management's Discussion and Analysis–for State and Local Governments*, with retroactive reporting of all major general government infrastructure assets. To reflect the County's commitment to preserve and maintain infrastructure assets, the County selected the *modified approach* for the accounting of those assets. Under the modified approach, the County recorded infrastructure assets at estimated original cost, but did not record accumulated depreciation against these assets. Instead of recording depreciation, the County is committed to incur the maintenance expenses necessary to preserve its infrastructure network at a condition of fair or higher on a scale from failed, poor, fair, and good to excellent and preserve its paved roadway subset at an overall weighted average pavement condition index (PCI) of 56 or higher on the American Society for Testing and Materials (ASTM) PCI Rating Scale. This rating scale ranges from of 0 to 100, with 100 as the highest level. A failed infrastructure asset is one whose condition is deemed unsafe and should be repaired or replaced immediately. An excellent infrastructure assets are not recorded unless they increase capacity or service potential, in which case they are recorded as additions to infrastructure at original cost. Therefore, resurfacing done to existing streets is not capitalized, but is treated as a maintenance expenditure under the modified approach.

The County maintains a comprehensive network of infrastructure assets. These assets include 7,190 traffic lane-miles of paved roadway and ancillary components such as shoulders, curbs, sidewalks, traffic signals, signs and other safety devices; 253 bridges; and stormwater infrastructure including culverts, inlets and control structures.

The ASTM Standard Practice for Roads and Parking Lots Pavement Condition Surveys (D-6433) was adopted by the Hillsborough County Board of County Commissioners on September 17, 2008. This standard defines the process for dividing pavement into sample units, conducting condition assessments on the pavement sample units, and calculating the PCI. County inspectors perform visual inspections of the paved roadway assets in accordance with this standard, and enter the collected data into the asset management software, which calculates the PCI for each pavement segment and for the entire roadway subset.

The County conducts periodic physical condition assessments using theoretical deterioration modeling and a risk-based sampling approach that favors inspections of assets more likely to have deteriorated in condition yet also obtains, through public complaints reported by phone calls or website forms, assurance that all infrastructure assets have a chance to be covered by inspections during a three-year period. As a result, the County is able to determine whether infrastructure assets as an entire network are being maintained at or above the minimum level required. The condition of the County's infrastructure, including its paved roadway subset, is provided in the chart below.

Hillsborough County, Florida Infrastructure Condition Assessment Results						
	September 30, 2020	September 30, 2019	September 30, 2018			
Infrastructure network	at or above fair	at or above fair	at or above fair			
Paved roadway subset (weighted average PCI)	at or above 56	at or above 56	at or above 56			

The County spends the amount necessary to maintain its infrastructure assets at an overall condition level of fair or above and above 56. As a measure of County's maintenance efforts, the following chart shows estimated and actual infrastructure maintenance expenditures. These infrastructure maintenance costs consist of: all personnel and operating costs within the physical environment function used for flood control by the Public Works Department; all personnel and operating costs within the transportation function used for road and street facilities by the Public Works Department; as well as road resurfacing and roadway landscaping costs.

Infrastructure Condition and Maintenance Data For the fiscal year ended September 30, 2020

(Required Supplementary Information)

	Hillsborough County, Florida Estimated Versus Actual Infrastructure Maintenance and Preservation Costs (amounts in millions)							
	Fiscal Year 2020	Fiscal Year 2019	Fiscal Year 2018	Fiscal Year 2017	Fiscal Year 2016			
Estimate	\$173.5	163.7	158.8	149.8	114.6			
Actual	\$133.2	218.4	126.1	115.8	103.3			

By using the modified approach, the County's accounting practices for infrastructure assets are in harmony with the County's plans for maintaining its infrastructure at the least overall cost over individual asset life cycles.

#### Notes to the Schedule:

 The amounts presented represent the figures for the Hillsborough County Reporting Entity because the Hillsborough County City-County Planning Commission, a discretely presented component unit, is funded primarily by the Hillsborough County BOCC. As a result the FRS Pension and HIS contributions are in substance the responsibility of the BOCC. The Planning Commission's contributions that are included above were as follows (in thousands): \$264, \$254, \$242, \$295 and \$281 for the FRS Pension for fiscal years 2018, 2017, 2016, 2015 and 2014, respectively. The Planning Commission's contributions were as follows (in thousands): \$51, \$50, \$36, \$41 and \$38 for the HIS Program for fiscal years 2018, 2017, 2016, 2015 and 2014, respectively. Data prior to FY 2014 was unavailable for this schedule.

2. GASB Statement No. 68 "Accounting and Financial Reporting for Pensions" was implemented in fiscal year 2015 requiring ten-year trend data. Additional years will be displayed as the data becomes available.

Combining and Individual Fund Statements and Schedules

# **GENERAL FUNDS BY CATEGORY**

The seven categories shown below together represent the General Fund, the primary operating fund of the County.

**General Fund–Countywide** – To account for the revenues and expenditures of the Countywide portion of the General Fund–which are activities that benefit all County residents. Countywide activities include Administration, Management and Budget, Animal Services, Consumer Protection, County Attorney, Economic Development, Emergency Management, Family and Aging Services, Parks, Recreation and Conservation, Public Works, the Environmental Protection Commission, and certain payments to the court system, Constitutional Officers, and nonprofit agencies.

**General Fund–Unincorporated Area** – To account for the revenues and expenditures of the Unincorporated Area portion of the General Fund–which are activities that benefit County residents who do not live in the three municipalities (Tampa, Plant City or Temple Terrace). Unincorporated Area activities include Affordable Housing, Code Enforcement, Fire Rescue, Planning and Growth Management, Parks and Recreation, Public Works, and certain payments to Constitutional Officers.

**General Fund–Sheriff** – To account for the revenues and expenditures necessary to carry out the duties and obligations of the Sheriff as specified in Section 30.15, Florida Statutes. The funds for the Sheriff's operation are received from the BOCC pursuant to Section 30.49, Florida Statutes.

**General Fund–Tax Collector** – To account for revenues and expenditures of the Tax Collector pursuant to Section 197, Florida Statutes.

**General Fund–Property Appraiser** – To account for revenues and expenditures of the Property Appraiser in the performance of Constitutional responsibilities. These responsibilities include determining the taxable value of all real and tangible property within the County, maintaining associated financial and property records, and providing the Tax Collector with the certified value of real and tangible property and tax millages levied by the respective taxing authorities.

**General Fund–Supervisor of Elections** – To account for revenues and expenditures of the Supervisor of Elections in the performance of Constitutional responsibilities pursuant to Chapters 100, 101, and 102, Florida Statutes. The funds for the Supervisor of Elections' operation are received from the BOCC pursuant to Section 129.202, Florida Statutes.

**General Fund–Clerk of Circuit Court** – To account for revenues and expenditures of the Clerk of Circuit Court whose responsibilities include: County recorder for official records of Hillsborough County; accountant for the BOCC, custodian of all County funds, County auditor, and keeping BOCC records and meeting minutes as ex-officio Clerk to the Board of County Commissioners; as well as court-related activities that are not accounted for in the "Clerk of Circuit Court - Court Operations and Public Records Fund."

#### **BOARD OF COUNTY COMMISSIONERS:**

**Unincorporated Area Special Purpose Revenue Fund** – To account for special purpose revenues used to provide services for residents of the unincorporated areas of the County.

**Library Fund** – To account for ad valorem taxes and state grant funds designated to operate and maintain the countywide Tampa-Hillsborough County Public Library System.

**Infrastructure Surtax Projects Fund** – To account for capital projects associated with use of the County's share of the voter-approved local government infrastructure discretionary sales surtax levied per Section 212.055, Florida Statutes. This sales tax, commonly known as the Community Investment Tax, may be used to purchase or construct equipment or infrastructure related to jails, criminal justice computer systems, fire stations, streets and traffic intersections, stormwater systems, parks, and libraries. This tax is shared with the Hillsborough County School Board, the Tampa Sports Authority, and the three municipalities located in the County.

#### SHERIFF:

**Child Protective Investigations Fund** – To account for revenues and expenditures for child protective investigations.

**Special Use Fund** – To account for specific revenue sources designated for law enforcement within the unincorporated areas of the County.

**Inmate Welfare Fund** – To account for the revenues and expenditures related to sales to inmates of merchandise such as toiletries, cigarettes, snacks, and inmate phone calls, as well as inmate programs funded by these revenues.

**Misdemeanor Probation Services Fund** – To account for the revenues and expenditures related to the Sheriff's provision of misdemeanor probation services.

**Communications 911 Fund** – To account for the revenues and expenditures related to the Sheriff's 911 operations.

**BOCC Special Projects Fund** – To account for the revenues and expenditures related to funds that may only be expended for certain major maintenance and renovation projects.

#### SUPERVISOR OF ELECTIONS:

**Grants Fund** – To account for federal, state, or other grants received by the Supervisor of Elections for programs including voter education and equipment as well as the recruiting and training of poll workers.

#### **CLERK OF CIRCUIT COURT:**

**Court Operations and Public Records Fund** – To account for the Clerk of Circuit Court's court operations as an officer of the court including clerical and administrative functions of the courts, keeping records, maintaining dockets, providing courtroom clerks for the judiciary, and collecting and disbursing fines, forfeitures and other court costs, and keeping custody of court funds. The Clerk of Circuit Court also conducts court-ordered sales of property, as well as runs the depository for collecting and disbursing court-ordered child support and alimony payments.

To account for the following: Public Records Modernization Trust Fund for equipment, maintenance, personnel training, and technical assistance for modernizing public records per Florida Statute 28.24(12)(d). Public Records Court Technology Trust Fund to operate/support an integrated computer system for judicial agencies and support state court system operations per Florida Statute 28.24(12)(e)(1). Foreclosure Public Education Fund to educate the public of their rights in foreclosure proceedings per Florida Statute 45.035(2)(a), and Public Records Court Operations Trust Fund for Clerk court-related operational needs and program enhancements per Florida Statute 28.37(2).

#### NONMAJOR DEBT SERVICE FUNDS

#### **BOARD OF COUNTY COMMISSIONERS:**

**2002** Parks and Recreation Fund – To account for the annual debt service requirements of the Unincorporated Area Parks and Recreation Program General Obligation Refunding Bonds, Series 2002. Interest and principal payments are due through final maturity in July 2025. Payment of debt service is secured by ad valorem taxes levied on the assessed value of taxable real property in the County's unincorporated area.

**2005 Court Facilities Improvement Fund** – To account for the annual debt service requirements of the Court Facilities Revenue Bonds, Series 2005. Interest and principal payments are due through final maturity in November 2029. Payment of debt service is secured by a pledge of court surcharge and Community Investment Tax revenues (until the earlier of December 1, 2026 or the date such tax is released pursuant to Section 33 of the Bond Resolution).

**2005 Tampa Bay Arena Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Tampa Bay Arena Refunding Revenue Bonds, Series 2005. Interest and principal payments are due through final maturity in October 2026. Payment of debt service is secured by a pledge on legally available non-ad valorem revenues. Non-ad valorem revenues include Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, and Local Government Half-Cent Sales Tax revenues.

**2016 Capital Improvement Program Refunding Revenue Bond Fund** – To account for the annual debt service requirements on the Capital Improvement Program Refunding Revenue Bonds, Series 2006 and Series 2016.

**2017 Fourth Cent Tourist Development Tax Refunding and Improvement Revenue Bonds Fund** – To account for the annual debt service requirements on the Fourth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006 and Fourth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2017A and B. Interest and principal payments on the 2006 Series were paid through the defeasance date of February 16, 2017. Interest and principal payments on the 2017 Series are due through final maturity in 2035. Payment of debt service is secured by a pledge limited to Fourth Cent Tourist Development Tax revenues.

**2017 Fifth Cent Tourist Development Tax Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2006A and Fifth Cent Tourist Development Tax Refunding Revenue Bonds, Series 2017. Interest and principal payments on the 2006 Series were paid through the defeasance date of October 27, 2016. Interest and principal payments on the 2017 Series are due through final maturity in October 2046. Payment of debt service is secured by a pledge limited to Fifth Cent Tourist Development Tax revenues.

**2019 Capital Improvement Program Revenue Bonds Fund** – To account for the annual debt service requirements on the Capital Improvement Program Revenue Bonds, Series 2019. Interest and principal payments are due through final maturity in August 2049. Payment of this debt is secured by a pledge on legally available non-ad valorem revenues, which include Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, and Local Government Half-Cent Sales Tax revenues

**2008 Capital Improvement Non-Ad Valorem Refunding Revenue Bonds and 2017 Note Fund** – To account for the sinking fund requirements of the Capital Improvement Non-Ad Valorem Refunding Revenue Bonds, Series 2008. These bonds were partially refunded on September 26, 2017. Interest and principal payments on the 2008 Series are due through final maturity in July 2028. Principal and interest payments on the 2017 Series are due through final maturity in July 2028. Principal and interest payments on the 2017 Series are due through final maturity in Funder of this debt is secured by a pledge on legally available non-ad valorem revenues, which include Guaranteed Entitlement Revenues, Mobile Home License Fees, Alcoholic Beverage License Taxes, Local Business Taxes, and Local Government Half-Cent Sales Tax revenues.

**2009/2019 Environmentally Sensitive Lands Acquisition and Protection Program (ELAPP) Fund** – To account for the annual debt service requirements of the General Obligation Bonds, Series 2009A and 2009B. Interest and principal payments are due through final maturities in 2019 and 2039, respectively. Payment of debt service is secured by a pledge on all taxable property in the County's unincorporated area. The Series 1998 and 2003 Bonds were also accounted for in this fund in prior years. This fund was also used to account for money to be set aside for a new ELAPP bond issue that was planned but not issued during fiscal year 2016.

**2012 Community Investment Tax Refunding Revenue Bonds Fund** – To account for the annual debt service requirements on the Community Investment Tax Refunding Revenue Bonds (CIT), Series 2012A and 2012B. Interest and principal payments are due through final maturity in November 2025. Debt service is secured by a pledge of the Community Investment Tax revenues and related investment earnings.

**2012 Capital Improvement Program Revenue Bonds Fund** – To account for the annual debt service requirements on the Capital Improvement Program Revenue Bonds, Series 2012. Interest and principal payments are due through final maturity in November 2025. Debt service is payable solely from a pledge of the local government half-cent sales tax revenues.

**2015** Community Investment Tax Refunding Revenue Bonds – To account for the annual debt service requirements of the Community Investment Tax Refunding Revenue Bonds, Series 2015. Interest and principal payments are due through final maturity in November 2025. Debt service is secured by a pledge of the Community Investment Tax revenues and related earnings.

**Commercial Paper Program (M2Gen, Arena, etc.)** – To account for commercial paper notes for the Community Investment Tax (CIT) Program, Amalie Arena as well as the sinking fund requirements of commercial paper issued for the H. Lee Moffitt Cancer Center & Research Institute / Merck (M2Gen) project. Although the commercial paper notes are expected to be rolled over as needed, there is also a plan to "amortize" this liability over the 30-year life of the project.

**2015** Communications Services Tax Revenue Bonds – To account for the annual debt service requirements of the Communication Services Tax Revenue Bonds, Series 2015. Interest and principal payments are due through final maturity in October 2045. Debt service is secured by a pledge of the Communications Services Tax revenues and related earnings.

**2018 Community Investment Tax Revenue Bonds Fund** – To account for the annual debt service requirements on the Community Investment Tax Revenue Bonds, Series 2018. Interest and principal payments are due through final maturity in November 2026. Payment of debt is secured by the County's Community Investment Tax revenues and all related investment earnings.

**Half Cent Transportation Plan Fund** – To account for the annual debt service requirements on the Half Cent Transportation Plan planned bond issuance. Payment of debt is secured by the County's voter approved Half Cent Transportation Surtax revenues and all related investment earnings.

# NONMAJOR CAPITAL PROJECTS FUNDS

# **BOARD OF COUNTY COMMISSIONERS:**

**Environmentally Sensitive Lands Acquisition Fund** – To account for capital projects for the acquisition and restoration of environmentally sensitive land.

**Court Facilities Improvement (Non–Bond) Fund** – To account for court system contributions to acquire, construct, equip, and renovate the County's court system facilities.

**Commercial Paper Non-CIT - Capital Improvement Program Fund** – To account for the proceeds and debt service of the 2000 Capital Improvement Program Commercial Paper Notes, Series A, Series B (Alternative Minimum Tax), and Series C (Taxable) that are related to non-CIT backed general governmental purposes. These proceeds are used for purposes such as Moffitt/Merck's M2Gen project, and arena improvements. Interest and principal payments are due at the time each note matures.

**Public Safety Operations Complex (PSOC) Project Fund** – To account for a capital project to construct a new emergency operations center.

**Countywide Capital Projects Fund** – To account for capital projects, that are not included in any other capital project fund, that benefit residents throughout the County.

**Unincorporated Area Capital Projects Fund** – To account for capital projects, that are not included in any other capital project fund, that benefit residents of the unincorporated area of the County.

**Next Generation 911 Projects Fund** – To account for a capital project for acquisition of next generation equipment for handling 911 emergencies.

**Stadium Improvements Project Fund** – To account for a capital project for a contribution to the Raymond James Stadium Renovation.

**BP Oil Spill Proceeds Project Fund** – This capital project fund accounts for BP settlement funds allocated by the Board of County Commissioners to various Capital Improvement Program (CIP) projects. The projects focus on stormwater improvements, economic development initiatives, transportation safety improvements, trail development and various parks and recreation initiatives.

**2019** Non Ad Valorem Capital Improvement Program Fund – To account for capital projects for parks, fire stations and other County facilities.

# INTERNAL SERVICE FUNDS

# **BOARD OF COUNTY COMMISSIONERS:**

**Self-insurance Fund** – To account for the revenues and expenses of the County's risk management, employee group health insurance, and Other Postemployment Benefits (OPEB) programs. Risk management includes workers' compensation, automotive and general liability, and catastrophic disaster recovery programs. Employee group health insurance is a self-insurance program funded by employer contributions and employee payroll deductions. The OPEB program consists of collecting assessments from County departments to set aside funds for the actuarial liability associated with the implicit subsidy resulting from providing insurance to retirees and certain other former employees, as well as a limited stipend program for regular retired employees from ages 62 to 65 and special risk retired employees from ages 55 to 65.

**Fleet Management Fund** – To account for the revenues and expenses of handling vehicle and equipment repairs and maintenance, short-term vehicle rentals and fuel sales to departments, and other fleet management services.

## SHERIFF:

**Risk Management Self-Insurance Fund** – To account for the revenues and expenses of the Sheriff's workers' compensation and general liability self-insured risk management programs as well as the medical plan for Sheriff's employees. This fund is also used to account for the Sheriff's flexible spending program for participating employees.

# AGENCY FUNDS

# **BOARD OF COUNTY COMMISSIONERS:**

**General Agency Fund** – To account for various funds placed in escrow. These amounts are being held by the County as agent for various individuals and entities. Items recorded in this fund include employee payroll deductions, the employer's payroll deduction match, and stale-dated checks.

# SHERIFF:

**General Agency Fund** – To account for cash bonds and other funds held by the Sheriff as a trustee and for such non-budgeted receipts as civil process fees, held by the Sheriff until remitted to the BOCC.

# TAX COLLECTOR:

**Motor Vehicle Fund** – To account for the collection of motor vehicle registration receipts, and the subsequent remittance of those receipts to the state of Florida.

**Tax and License Fund** – To account for the collection and distribution of local property taxes and funds generated from the sale of miscellaneous licenses for the state of Florida.

# **CLERK OF CIRCUIT COURT:**

**General Agency Fund** – To account for the collection and disbursement of trust accounts including tax accounts, escheated bond accounts, fines and forfeitures accounts, and other trust accounts.

**Registry of the Court Fund** – To account for the collection and disbursement of funds required to be deposited into and disbursed from the Registry Account by court orders.

**Support Collections Fund** – To account for the collection and disbursement of court-ordered child support and/or alimony.

**Jury and Witness Fund** – To account for the collection and disbursement of funds advanced to the Clerk of Circuit Court by the state of Florida for the purpose of compensating jurors and certain witnesses. In addition, it is used to account for the collection and disbursement of County funds for the payment of witnesses summoned on behalf of the state of Florida in circuit and county courts.

#### HILLSBOROUGH COUNTY, FLORIDA Overview of Statistical Section Contents

#### **Financial Trends Information**

These schedules show trend information to help the reader understand how the County's financial condition and performance changed over time.

#### **Revenue Capacity Information**

These schedules provide information to help the reader assess the County's most significant local revenue source, property taxes.

#### **Debt Capacity Information**

These schedules present information to help the reader assess the County's current debt load and its ability to issue additional debt in the future.

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County operates.

#### **Operating Information**

These schedules provide service and infrastructure data related to County services and activities in order to help the reader better understand the information presented in the financial statements.

#### **Miscellaneous Information**

These items provide supplemental data and statistics of interest to readers of the financial statements.

This chart shows state shared revenue by source as presented in the fund financial statements. State shared revenues are a part of intergovernmental revenues. Other components of intergovernmental revenues are federal, state, and local government grants. "Other state shared revenues" are revenues collected by the state and shared with the County such as those associated pari-mutuel distributions replacement, alcoholic beverages licenses, mobile home licenses, and insurance agent County licenses.

(a) Assessed values shown for fiscal year 2020 on the chart above will be the basis of property taxes collected during fiscal year 2021, starting in November 2020.

(b) Section 192.001, Florida Statutes, defines assessed value of property as "an annual determination of the just or fair market value of an item or property." Therefore, gross assessed value is defined as Estimated Actual Value.

(c) Exemptions allowed include those for governmental as well as qualified, religious, or other non-profit properties. In addition, there are also additional exemptions if a property owner is a widow, widower, disabled, or 65 or older. A new expanded homestead exemption and the existing 3% and new 10% homestead cap differentials are not included in this chart. The new homestead exemption does not apply to property taxes for the School Board.

(d) Assessed value is the estimated actual value less exemptions.

(e) Tangible personal property represents business property such as furniture, computers, machinery and equipment, as well as mobile homes that are not permanently affixed to land. With the passing of Amendment 1 on January 29, 2008 an exemption of \$25,000 for tangible property is included in the chart above.

(f) Centrally assessed property is primarily railroad that is assessed by the state of Florida rather than by the Property Appraiser since the property is located in more than one county.

(g) Total Direct Tax Rate shows Hillsborough County tax rates applicable to residents of the unincorporated areas of the County. This amount is the sum of Countywide (BOCC) and Unincorporated Area (BOCC) total millage shown on "Property Tax Millage Rates for Direct and Overlapping Governmental Entities." See following page.

\* excludes City of Plant City and City of Temple Terrace

(a) Section 200.071, Florida Statutes, states that the maximum ad valorem tax millage for either the countywide or unincorporated area (municipal services taxing unit) of the BOCC is set at 10 mills plus any voted levies.

(b) Overlapping rates depend on whether the taxpayer resides in the Unincorporated Area or one of the three municipalities. In addition, Countywide overlapping rates apply to all taxpayers. As a result, overlapping rates are not totaled, but total millage figures are shown at the bottom of this chart for comparisons over time or other analysis purposes.

(c) Dependent on its location, property within the city of Tampa or city of Plant City may either be in the Alafia or the Hillsborough River Basins.

This chart shows the total taxes levied against the ten largest ad valorem property taxpayers in the most recent year as well as nine years earlier. Property located within the geographic boundaries of Hillsborough County is subject to tax levies by Hillsborough County as well as several other taxing authorities. The Hillsborough County Tax Collector collects taxes for all of these taxing authorities. Taxing authorities such as the city of Tampa and the School Board are not a part of the Hillsborough County financial reporting entity. Their tax levies, however, are included in the chart above in order to show the total taxes due from each of the ten largest taxpayers. The total taxes levied by all of these taxing authorities against property located within the geographic boundaries of Hillsborough County was \$2,0167,460,736 for 2019 and \$1,548,565,479 for 2010.

Since 2020 property tax rolls were not opened for collections until November 1, 2020, final collection data for the 2020 property tax levy is not available. Taxes levied during a fiscal year are collected in the following fiscal year. Therefore, the most amounts shown as levied in fiscal year 2019 should actually be received in fiscal year 2020. (a) Since 2020 property tax rolls were not opened for collections until November 1, 2020, final data for the 2020 property tax levy is not available. Taxes levied during a fiscal year are collected in the following fiscal year. Therefore, the most amounts levied in fiscal year 2019 should actually be received in fiscal year 2020.

(b) The tax levy is the entire property tax due to Hillsborough County before any tax reductions are determined by the Value Adjustment Board and before any tax amounts are determined to be uncollectible due to insolvencies. The tax levy represents only the taxes due to the Hillsborough County financial reporting entity and therefore, excludes taxes due to the School Board, the city of Tampa, and certain other governmental entities.

(c) There is a four percent early payment discount available to taxpayers who pay their property taxes in November, with the discount declining one percentage point each month thereafter. To accurately compare taxes collected to the taxes levied, discounts taken were added into the amounts collected, making them directly comparable.

(d) Includes all delinquent tax collections received during the year regardless of the year in which the taxes were originally levied.

|                         |                  |    |                                |                  |                  |                    |                             |                               |                    |

(a) Bonds are shown net of unamortized bond issue premiums or discounts (as well as related deferred losses on bond refundings for fiscal year 2013 and prior).

(b) During fiscal year 2017, the County issued \$114,2300,000 in Solid Waste Resource Recovery Revenue Bonds, Series 2016 A&B, which were used to refund the 2006 Solid Waste Refunding Revenue Bonds and to pay for construction. As a result there was an increase in revenue bonds in business-type activities.

(c) "Personal income" is earned income, dividends, interest, and rent, as well as transfer receipts received such as Social Security payments. Due to a time lag in receiving personal income figures, ratios were calculated using personal income figures for the prior fiscal year. See "Demographic and Economic Statistics" for actual personal income figures used above.

| 2020           | 394,160          | 294,655               | 99,505                        | 17,805    | 14,970                    | 32,775 | 3.04                |  |  |  |
|                | (a)              | (b)                   |                               |           | (c)                       |        | (d)                 |  |  |  |

(a) Operating revenues plus other income excluding any extraordinary gains.

(b) Total expenses excluding depreciation, bond interest, amortization, and extraordinary losses.

(c) Bond interest to include interest paid to defease serial bonds, amortization of deferred refunding losses, amortization of bond market issue premiums and discounts.

(d) Net revenue available for debt service divided by total debt service requirements. Since capacity fees and meter installation fees are recorded as capital contributions, these amounts are excluded from the figure presented above for net revenue available for debt service. For rate covenant test purposes, capacity fees and meter installation fees are eligible to be treated as net revenue available for debt service.

#### **GENERAL INFORMATION**

Hillsborough County was established on January 25, 1834. The County takes its name from Will Hills (1718-1793), a viscount of Hillsborough, who became secretary of state for the colonies in 1768. Hillsborough County's boundaries of 1834 included the present-day counties of Pasco, Charlotte, Desoto, Hardee, Pinellas, Sarasota, Manatee and Polk. The County is located on central Florida's western coast, nestled between Tampa Bay on the West and Polk County on the East. The County is bounded to the north by Pasco County and to the south by Manatee County. In area, it is the seventh largest county in the state of Florida. Hillsborough County Covers a total area of 1,266 square miles, of which 215 square miles is water area. The County is part of a four-county Metropolitan Statistical Area (MSA) referred to as Tampa, St. Petersburg-Clearwater MSA. Tampa, Plant City and Temple Terrace are the three incorporated cities in the County. Tampa, the largest of the three incorporated cities in the County is the county seat and also a center of international, and intrastate commerce. The Tampa International Airport and the Port of Tampa connect Hillsborough County to other major cities in the nation and major markets throughout the world.

#### GOVERNMENT

Hillsborough County operates under a home-rule charter enacted by the voters on September 20, 1983. Under the charter, the Board of County Commissioners (BOCC) consists of seven Commissioners; three elected county-wide and four elected from single member districts. As a result of this charter, each voter has a chance to influence the election of a majority of board members. The BOCC is restricted to performing the legislative functions of government and developing policy for the management of Hillsborough County. The County Administrator, appointed by the BOCC, together with his staff is responsible for implementing these policies throughout the County.

In addition to the members of the BOCC, there are five elected Constitutional Officers: the Clerk of Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector.

The County provides a variety of services characteristic of multi-purpose local governments including law enforcement, maintenance of roads and bridges, animal services, social services programs, planning and growth management, environmental protection, fire protection and emergency rescue, consumer protection, parks and recreation programs, mosquito control, employment services, emergency disaster preparedness, traffic control, water/wastewater utilities, solid waste disposal, medical examiner services, agricultural cooperative extension services, children's services, indigent health care, public assistance programs, aging services programs, emergency medical services, and library services.

In addition to their legislative duties, members of the BOCC serve as the County's Environmental Protection Commission. Individual members of the BOCC also take turns serving on various boards, authorities, commissions, and private nonprofits such as the Children's Board, Tampa Bay Regional Planning Council, Metropolitan Planning Organization, Hillsborough County Tourist Development Council, Tampa Bay Water, Tampa Port Authority, Hillsborough County Aviation Authority, Hillsborough Transit Authority, Tampa-Hillsborough County Expressway Authority, Tampa Sports Authority, Arts Council of Hillsborough County, Value Adjustment Board, Hillsborough County Hospital Authority, Council of Governments, and the Tampa Hillsborough Economic Development Corporation.

#### POPULATION

Hillsborough County is the third most populous county in the state of Florida. The County's population in 2020 was estimated to be 1,478,759, an increase of 20.3% from 2010. Hillsborough County's population exceeds the population of 11 states (Alaska, Delaware, Hawaii, Maine, Montana, New Hampshire, North Dakota, Rhode Island, South Dakota, Vermont and Wyoming) and the District of Columbia. A majority of the County's 2020 population (1,019,128) resides in the unincorporated part of the county. Population in unincorporated Hillsborough County grew 22.2 percent from 2010. Communities in southern unincorporated Hillsborough County saw the biggest increases in population growth. The median age for Hillsborough County in 2020 was 36 years.

|          | Population | Increase (Decrease) |
|----------|------------|---------------------|
| 1950 (a) | 249,894    |                     |
| 1960 (a) | 397,788    | 59.2%               |
| 1970 (a) | 490,265    | 23.2%               |
| 1980 (a) | 646,960    | 32.0%               |
| 1990 (a) | 834,054    | 28.9%               |
| 2000 (a) | 998,948    | 19.8%               |
| 2010 (a) | 1,229,226  | 23.1%               |
| 2011 (b) | 1,238,951  | 0.8%                |
| 2012 (b) | 1,256,118  | 1.4%                |
| 2013 (b) | 1,276,410  | 1.6%                |
| 2014 (b) | 1,301,887  | 2.0%                |
| 2015 (b) | 1,325,563  | 1.8%                |
| 2016 (b) | 1,352,797  | 2.1%                |

#### EDUCATION

Hillsborough County Public Schools is the eighth largest district in the nation and third largest in Florida. The district operates with more than 215,975 students, 25,574 employees, and a \$2.29 billion budget. Educational opportunities include: Head Start and adult education programs, pre-k through 12th grade traditional schools, magnet schools, career centers, technical education, exceptional student education, single gender middle schools, International Baccalaureate schools, and charter schools. The district is fully accredited.

Hillsborough County also has several universities and colleges. The University of South Florida serves more than 50,800 students (including campuses outside of Hillsborough County) representing over 145 different countries. The University of Tampa is a private university located on approximately 100 acres of prime riverfront land in the heart of downtown Tampa. Hillsborough Community College has five primary campus locations, three satellite locations, a very active distant learning program (eCampus), and a comprehensive corporate training center. Some other colleges in the area include Florida College, Stetson University College of Law, and Keller Graduate School of Management.

#### **MEDICAL FACILITIES**

There are thirteen general, specialty, and military hospitals in Hillsborough County with approximately 4,258 hospital beds, and 3,955 nursing home beds. The County's medical resources include more than 5,729 licensed physicians, with specialists in all types of medicine and surgery, and 898 licensed dentists.

Source: Florida Department of Health Florida Agency for Health Care Administration

#### COMMUNICATION

Thirteen television stations serve the County. Daily newspapers include the Tampa Bay Times (which acquired The Tampa Tribune in 2016), and the Monday-through-Friday free tabloid called tbt\*. There are also four other weekly newspapers. There are approximately 83 AM and FM radio stations that can be listened to in the County with 35 of the stations physically based in the County. Frontier and Spectrum are the primary providers for internet, telecommunications and/or cable services. There are 41 Post Offices in Hillsborough County and 22 internet providers.

#### TRANSPORTATION

Tampa International Airport (TIA) is a major airport for the west central region of Florida serving primarily Hillsborough, Pinellas (which includes the cities of St. Petersburg and Clearwater), Pasco, and Hernando Counties.

TIA, is one of four FAA-coded large hub airports in the state of Florida, TIA occupies approximately 3,400 acres and is primarily an origination-destination airport with a total of 59 gates. It is located five miles from downtown Tampa, and is served by most major airlines which provide non-stop daily service to more than 56 national and international destinations, including London, Frankfurt, Zurich, Reykjavik, Toronto, Halifax, Ottawa, San Juan, and Grand Cayman. Inbound and outbound passengers at TIA for the fiscal year ended September 30, 2020, totaled 13,356,851, an decrease of 39.74% from the prior fiscal year. For fiscal year 2020, the top four airlines, in terms of market share were: Southwest with 30.17%, American Airlines with 16.37%, Delta with 15.48% and United Airlines with 10.97%.

Three general aviation airports serve as reliever airports, primarily to accommodate light and medium weight aircraft in the general aviation category. These include Peter O. Knight Airport, a 139-acre facility located six miles southeast of TIA; Plant City Airport, a 199-acre facility located 22 miles east of TIA; and Tampa Executive Airport (formerly Vandenberg Airport), a 407-acre facility located 12 miles east of TIA. In addition, there are two full service general aviation executive terminals located at this airport.

AMTRAK provides passenger rail service to major cities throughout the United States. This rail service is provided by the Palmetto and Silver Service Trains (the Silver Meteor and the Silver Star) which offer service between Florida, Georgia, and New York City. The restored Tampa Union Station has seven northbound and seven southbound departures on AMTRAK weekly. Freight rail service is provided to the County by CSX Transportation Systems. CSX rail units possess some of the world's most technologically advanced terminal equipment and operate on regular schedules throughout the network. Major transports include coal, wood products, phosphate, chemicals, construction materials, semi-tractor trailers, automobiles, and automobile products.

The Hillsborough Transit Authority (HART) is Hillsborough County's public transportation system. HART offers local and express routes for residents and visitors alike. Local service seven days a week provides access to area shopping malls, businesses, government buildings, attractions and recreational facilities. An estimated 12.0 million riders use the system annually.

The County is also served by numerous intrastate and interstate motor common carriers, moving goods between Tampa, other points in Florida, and markets throughout the United States. Tampa is the transportation hub of the west coast of Florida with major trucking firms maintaining terminals serving Florida and major southern cities.

Three interstates and seven other major highways serve the County. All parts of Florida and bordering states to the north and west can be reached within one day of travel by truck or automobile.

#### LOCAL INDUSTRIES

Service, retail, finance, insurance, and real estate sectors lead regional and county industry. Bioscience and other high-tech industries are expanding, thanks in part to research at university and college campuses throughout the area. Manufacturing in Hillsborough County is also participating in the high-tech trend as the County is home to companies in the microelectronics, medical devices, software, and defense systems industries.

#### **Business and Information Services**

Tampa Bay has been called "Wall Street South" for the size and scope of its financial services industry. Worldwide organizations which have a major presence in Hillsborough County include JP Morgan Chase, Citigroup, Depository Trust and Clearing Corp, MetLife, Progressive Insurance and USAA Insurance. Hillsborough County is also a major player in a new industry segment called the Shared Accounting Services industry where national and international companies such as Coca-Cola Enterprises create additional value by co-locating their accounting and financial services for multiple businesses in one location.

#### Biomedical / Life Sciences Technologies / Health Care

Tampa Bay is a center of excellence for hospital, research and medical-related firms – and the gateway to the Florida High Tech Corridor, a 23-county area that is home to more than 3,000 high-tech companies. Biomedical and life science centers of excellence in Hillsborough County include the University of South Florida, H. Lee Moffitt Cancer Center and Research Institute, and USF Health Byrd Alzheimer's Institute. In March 2012, USF Health opened its \$38 million Center for Advanced Medical Learning and Simulation (CAMLS) in downtown Tampa. CAMLS combines cutting-edge simulation with research and innovation to move the latest advances in healthcare into practice. Hillsborough County is also home to major health care plan developers and providers such as Wellcare.

#### Port / Maritime

With three seaports, Tampa Bay is a major entry point for domestic and international shipping. The Port of Tampa comprises nearly half of all sea borne commerce in the state, is the state's largest seaport, and is a major cruise port.

#### Manufacturing (Microelectronics, Medical Devices, Software, and Defense Systems)

High tech manufacturing companies in Hillsborough County include CAE (flight and military simulation systems), B&M Precision (implants and components for brain probes and liposuction), and systems software development companies CIBERsites (application development), Computer Associates (internet security) and Quadrant Software (electronic document distribution).

Source: Hillsborough County Economic Development Department Tampa Bay Partnership

#### AGRICULTURE

Hillsborough County has 2,843 farms that utilize 263,664 acres, which ranks it 2nd in Florida and 28th nationally. Hillsborough County ranks as the 4th largest producer of agricultural products in the state (out of 67 counties) and 59th in the United States (out of 3,076 counties). The County is in the top 2% of agricultural counties in the country. The 215,000 acres utilized for agriculture production represents approximately 33% of the County's land area. The estimated total economic impact of agriculture and agribusiness on Hillsborough County is \$4.156 billion while employing approximately 42,000 workers.

Local agriculture generates additional local economic impact by supporting related businesses such as banking, real estate, legal services, transportation, packaging, equipment, seed, agricultural suppliers and services, and marketing firms. Most agriculture goods produced in Hillsborough County are sold outside of the county. Agriculture remains an important part of the local economy.

#### PORT FACILITIES

Port Tampa Bay (Port) is Florida's largest port both in terms of cargo tonnage and geographic acreage, encompassing over 5,000 acres. The Port handled over 32 million tons of cargo and 507,920 cruise passengers during fiscal year 2020. It is also one of the most diverse seaports in the country with multiple lines of business providing a solid financial footing and supporting an aggressive capital investment program for new development. Port Tampa Bay has a significant economic impact on Hillsborough County and supports over 85,000 jobs in the regional economy.

In addition to being one of the world's premier fertilizer export ports, it is also the gateway for Central Florida's energy products, construction/building materials and consumer goods. The Port is also home to one of the largest shipbuilding and repair centers in the Southeast U.S. On-dock cold storage capabilities returned to the Port in the fall of 2017, with the opening of a new 130,000 square foot trans-load warehouse facility focused on cross-docking and distribution of fruit and vegetables. The Port's cruise business is growing rapidly as well, with additional ships offering year-long service to Cuba, Mexico and the Caribbean.

Port Tampa Bay is the closest port to the huge and expanding I-4 corridor market, which is Florida's fastest growing region and home to the largest concentration of distribution centers in the state. To serve this market, the Port expanded its container terminal facilities by including two new post-Panamax cranes to complement its three existing container gantry cranes and heavy-lift mobile harbor crane. Port Tampa Bay has plans to quadruple its container terminal capacity.

#### **MILITARY FACILITIES**

MacDill Air Force Base is located eight miles south of downtown Tampa on the Southwestern tip of the Interbay Peninsula on the west coast of Florida. The impact of its operations in fiscal year 2017 was \$3.18 billion. The 6th Air Mobility Wing hosts 28 tenant units including the 927th Air Refueling Wing which uses KC-135R Stratotankers and a C-37A Gulfstream aircraft to conduct its air mobility mission, two non-aviation units: the United States Central Command and the United States Special Operations Command and 23 other units.

#### HILLSBOROUGH COUNTY WEB SITE

The Hillsborough County internet web site is located at **www.hcflgov.net**. This site provides a convenient directory of government services and other useful information.

#### **RECREATIONAL FACILITIES**

A variety of entertainment activities may be found in Hillsborough County including numerous parks, beaches, restaurants with international flair, excellent golf courses, racquetball courts, saltwater fishing, tennis and shopping. Recreational facilities that appeal to both County residents and visitors are either located within the County or are only a short drive away. Walt Disney World including Hollywood Studios Theme Park, Universal Studios, and Sea World are all just over an hour's drive to the east. Two thirds of the state's major attractions lie within a 100-mile radius of Tampa. Busch Gardens, located in Tampa, is a family adventure park offering an array of fascinating attractions based on exotic encounters with the African continent. It offers an appealing blend of thrilling rides, one of the country's premier zoos featuring more than 3,000 animals, live shows, restaurants, shops and games. Adventure Island, which is located next to Busch Gardens, features a beach volleyball complex and 15 water play areas situated on 30 acres.

Hillsborough County is home to the Tampa Bay Buccaneers of the National Football League (NFL), who were the Superbowl champions in 2003 and 2021. The Tampa Bay Buccaneers and University of South Florida Bulls football teams play their home games at Raymond James Stadium in Tampa. Raymond James Stadium is a combination of modern stadium design and its own innovations. Raymond James Stadium has a seating capacity of 65,890, expandable to 75,000, 12,000 club seats, 195 luxury suites, and 600 points of sale for food, beverages and merchandise. Raymond James Stadium has hosted special events such as Super Bowl XXXV in January 2001, Super Bowl XLIII in February 2009, and Super Bowl LV in February 2021.

In the heart of downtown Tampa's Channelside District, located between the Tampa Convention Center and the Florida Aquarium, lies the Amalie Arena, one of the premier entertainment venues in the Southeast and home of the National Hockey League's Tampa Bay Lightning, who were the 2004 and 2020 Stanley Cup Champions. The Amalie Arena also hosts many concerts, family shows and sporting events each year. In addition, the New York Yankees Major League Baseball franchise has spring training at the County's George M. Steinbrenner Field baseball stadium. The recently renovated University of South Florida Yuengling Center is a multipurpose 10,000-seat arena located on the campus of the University of South Florida (USF) and is home to the National Collegiate Athletic Association's USF Men's and Women's Basketball Teams as well as other University events. Thoroughbred horse racing is also seasonally available in the County.

#### **CULTURAL FACILITIES**

Hillsborough County offers a variety of cultural facilities to residents and visitors. ZooTampa at Lowry Park is operated by the Lowry Park Zoological Society, an independent 501(c)(3) charitable organization committed to excellence in education, conservation and research. The Zoo is accredited by the Association of Zoos and Aquariums (AZA), and is featured among the "Top 25 Zoos in the U.S." by TripAdvisor (2015) and "10 Best Zoos in the U.S." by Trekaroo (2015). The 205,000 sq-ft Florida Aquarium is among the top aquariums in the world and has more than 20,000 aquatic plants and animals from Florida and around the world. The Florida Aquarium's Center for Conservation combines research and rehabilitation programs to give much needed support to animals in distress or imminent danger and ecosystems faced with both natural and man-made threats. This includes, but is not limited to propagating corals in Florida's Keys, rescuing endangered sea turtles and threatened river otters, assisting with dolphin and manatee rescues, assessing stress levels in sharks, documenting underwater cultural assets (a.k.a. shipwrecks) and raising awareness of sustainable seafood issues.

The Straz Center for the Performing Arts is located on a nine-acre site along the east bank of the Hillsborough River. As the second largest performing arts complex in the southeast after the Arsht Center in Miami, the 335,000 square-foot Straz Center provides an environment for a wide variety of world-class events. It boasts one of the nation's leading Broadway series and is nationally respected for producing grand opera, as well as presenting a wide variety of concerts, performances and events. The Tampa Convention Center, located directly on the waterfront in the heart of downtown Tampa, hosts a variety of conventions, trade shows, and other special events year-round. In 2012, the Amalie Arena hosted the Republican National Convention. The 600,000 square foot building offers 200,000 square feet of exhibit space, a 36,000 square foot ballroom, and 36 breakout rooms which total over 42,000 square feet of additional meeting space. Add to that, over 84,000 square feet of flexible space and you have the best venue for any meeting, convention or special event. After a busy day of lectures, seminars or classes, attendees are welcome to visit Ybor City or Sparkman Warf (formerly Channelside Bay Plaza) features a one acre of open space with an event lawn, biergarten and dining garden, situated in a relaxed, outdoor setting along Garrison Channel located just a few steps away.

Museums in the area include the Museum of Science and Industry (MOSI), a science and technology center encompassing over 58,000 square-feet on a 74-acre campus of exhibits and hands-on displays. MOSI is only science center in the Tampa Bay community. Features include a hurricane simulator, the Saunders planetarium, IdeaZone - a space for coding and prototype hands on projects, and the high-tech exhibit CONNECTUS. The new 60,000 square-foot Tampa Bay History Center Museum located in the Sparkman Warf district had its grand opening celebration in January 2009. Other museums in the area are the Tampa Museum of Art, the historic H. B. Plant Museum at the University of Tampa, the Contemporary Art Museum at the University of South Florida, the Scarfone/Hartley Gallery at the University of Tampa, the Veteran's Memorial Museum and Park, the Ybor City State Museum, Glazer Children's Museum, and the Florida Museum of

Photographic Arts.

Graphicstudio at the University of South Florida, a member of the International Fine Print Dealers Association, practices traditional printmaking techniques including intaglio, lithography, silkscreen, and relief along with photogravure, cyanotype and pigment prints. Sculpture multiples are produced in a range of media including bronze, steel, aluminum, wood, rubber, and less traditional materials including lava (basalt) and pigmented resins. Since its inception, the studio has invited over 100 emerging and established contemporary artists from around the world who have worked in a range of styles and media to produce more than 1,000 limited edition print and sculpture multiples. Impressions of Graphicstudio editions have been acquired by leading museums and corporate and private collections worldwide. In 1990, the National Gallery of Art in Washington D.C. established an archive of the editions that resulted in a major exhibition with an accompanying catalog documenting the history of Graphicstudio. In 2014, the Tampa Museum of Art presented a major survey exhibition also accompanied by a significant publication that focused on works produced in the last two decades.

#### HILLSBOROUGH COUNTY, FLORIDA Other Supplemental Information

#### Schedule of Receipt and Expenditures of Funds Related to Deepwater Horizon Oil Spill Lawsuit Proceeds For the fiscal year ended September 30, 2020

|                                              | Amount<br>Received |   | Amount<br>Expended |
|----------------------------------------------|--------------------|---|--------------------|
| US Department of Treasury, Restore Act       | \$                 |   |                    |
| Environmental Clean Up Consortium            |                    |   |                    |
| British Petroleum (agreement not applicable) | \$                 | * | 5,032              |

This Schedule is required by Rules of the Auditor General Rule Section 10.557(3)(n).

This schedule does not include funds related to the Deepwater Horizon Oil Spill that are considered Federal awards or State financial assistance. In addition, the Schedules of Expenditures of Federal Awards and State Financial Assistance do not include any expenditures of Federal awards or expenditures of State financial assistance, respectively, that are related to the Deepwater Horizon Oil Spill.

\*The County received \$22,780,940 as lawsuit proceeds related to the Deepwater Horizon oil spill. This amount was reported as miscellaneous revenues in the General Fund and as other revenues in the Statement of Activities (Governmental Activities) in FY 2015. The BOCC elected to not spend these funds in fiscal years 2015 through 2019, however in fiscal year 2020, \$18,500,000 were budgeted to be spent. This amount is not restricted and was not placed in a separate fund. As a result, no interest was allocated to this amount.
